MEC MAJUBA TABLES FINANCIAL RECOVERY PLAN FOR GOVAN MBEKI

The MEC for Finance, Mr Bonakele Majuba, will on Thursday, 06 February, table an amended Financial Recovery Plan (FRP) to the Govan Mbeki Local Municipality Council.

The revised FRP for Govan Mbeki Local Municipality follows the review process, which indicated commendable progress in various areas and highlighted the limited impact of interventions in the most critical financial aspects.

The revised FRP is a product of wide consultation with stakeholders within the municipality, including National Treasury, District Municipality, South African Local Government Association.

MEC Majuba says the reviewed plan offers the municipality a new opportunity to overcome the challenges that have negatively affected its financial viability and sustainability, as well as the service delivery as experience by citizens.
