## 3. FOREWORD BY THE MEC

The Sixth administration has prioritised seven key areas which were pursued to turn the economic tide of the country and ultimately of the Province. The seven priorities as outlined in the 2019/24 Medium Term Strategic Framework gave the Marching orders to the Province to focus on priority number 1, which is the Economic Transformation and job creation. As the Department, we have aligned and came up with programmes that responded to this clarion call.

The Department therefore focused on the key programmes such as the Mpumalanga International Fresh Produce Market, Nkomazi Special Economic Zone, Forestry Industrial Technology Park, Petro Chemical Industrial Technology Park and Revitalisation of Ekandustria. It is worth noting that during the year under review, the Mpumalanga International Fresh Produce Market has seen the employment of 85% for designated group and 18% of which were women contractors. This is an indication that the Department is working hard towards the attainment of transformation in line with MTSF priority. In as far as job creation is concerned, 773 jobs were created.

With regard to the other infrastructure projects such as the SEZ and Industrial Technology Parks, these programmes are still at the planning phase. However, it is worth mentioning that the SEZ has a functional board and a PMU which is assisting in developing the strategy. Of importance to mention is that the SEZ is anticipated to create 775 direct and indirect jobs over the 10 year horizon and it is an indication that this is a multi-year project.

The Industrial Technology Parks are also at the planning phase in that we are still in the process of finalising the statutory requirement phase which will include matters of tribunal. The Ekandustria Revitalisation, we are happy to report that phase 1 of that process has been finalised. I can confidently say that as the Department, we are on track to implement the 2019/24 MTSF priority number 2 as it relates to transformation and job creation.

The Department has encountered some challenges during the implementation of these strategic priority projects of the Province. The first challenges was on the dispute on the surface rights on the land to be developed, the objection from interested group and lengthy process of finalising the land use agreement, has delayed the finalisation of the statutory phase for the Technology Industrial Parks in both Gert Sibande and Ehlanzeni District.

In addition, the lengthy process of finalising the SEZ strategy, the delay in the appointment of the SEZ operator due organisational structure and misunderstanding by both TRAC and the Province has contributed to the challenge. This was also exacerbated by the Disaster Management Act, which led to the hard lockdown, added to the delays in the implementation of the strategic infrastructure.

The plan is to continue implement to these game changing programmes in the Province. It is worth noting that as part of the mandate of the Department, we have developed the Mpumalanga Economic Reconstruction and Recovery Plan (MERRP), which is aimed at stimulating the Provincial Economy. The MERRP is actually putting the acceleration plan in implementing these strategic priority projects of the Province with clear timelines. Once the Plan is adopted by the Executive Council, the government and private sector will jointly implement it to realise the transformation and job creation agenda.

V

MR PV MKHATSHWA, (MPL)

MEC FOR FINANCE, ECONOMIC DEVELOPMENT AND TOURISM

31 MAY 2021

## 4. REPORT OF THE ACCOUNTING OFFICER

The financial year 2020/2021 has been the most challenging year in the history of the 21st century. The financial year has seen the outbreak of the COVID-19 virus in the global space, which has affected all of us including the Mpumalanga Province. The outbreak resulted in the total shutdown of the economy through the implementation of the disaster Management Act, which saw the country being under level 5 hard lockdown. The decision of the president to implement level 5 hard lockdown affected the financial and human capital resources, which enables state machinery to carry out its mandate. Ultimately, the state had to implement remote working, terrain which the state was not prepared for, and which was new to the current cohorts.

The modus operandi, which the state had to adopt to fit within the operation of the disaster management act, affected the operations of the Department and the country at large. As a result, government had to redirect funding for the implementation of the planned targets to fighting the outbreak of COVID-19 pandemic. The redirection of resources and the remote operation affected the implementation of strategic priority projects such as the Mpumalanga International Fresh Produce Market (MIFPM), which resulted in disrupting the construction of the infrastructure component and pushed back the completion, dates. That was also compounded by the ongoing strike on the site due to non-payment of disaster fund relief due to employees.

It is important to also mention that the level 5 hard lockdown and the subsequent lower levels meant that the planned normal engagement for the Technology Parks with various stakeholders had to be halted. In addition, the investment pipeline envisaged for the Technology Parks and the Nkomazi SEZ had to be delayed. The hard lockdown and the delaying process affected the investor confidence, which was exacerbated by the downgrading of South Africa by the rating agencies to junk and below investment level. However, the Department continued to pursue the ultimate goal of economic transformation and job creation in line with MTSF priority 1 of the MTSF 2019-2024. The Department managed to transfer R223 460 towards the construction completion level to be at 48% significantly is that 85% of construction work was awarded to black-owned companies and 18% of which was awarded to women in construction.

The level of 30-day payment of invoices to all the service providers stands at 99% and the ultimate goal is to reach 100%. We are excited to report that we have supported three (3) companies to access opportunities within the green energy sector, which are operating in three (3) districts.

## Overview of the Financial Results of the Department:

#### Departmental Receipts

Departmental receipts	2019/2020			2020/2021		
	Estimate	Actual Amount Collected	(Over)/Under Collection Expenditure	Estimate	Actual Amount Collected	(Over)/Under Collection Expenditure
	R′000	R′000	R′000	R′000	R′000	R′000
Tax Receipts	113,105	151,252	(38,147)	83,000	150,828	(67 828)
Casino taxes	93,484	91,235	2,249	47,718	51,807	(4 089)
Horse racing taxes	10,805	52,162	(41,357)	27,282	89,176	(61 894)
Liquor licences	8,816	7,854	962	8,000	9,845	(1 845)
Motor vehicle licences						
Sale of goods and services other than capital assets	169	117	52	178	123	55
Interest, dividends and rent on land	1,128	2,556	(1,428)	1,190	1,685	(495)
Sale of capital assets	200		200	211	107	104
Financial transactions in assets and liabilities	551	13	536	581	8,334	(7,753)
Total	115,153	153,938	(38,785)	85,160	161,077	(75,917)

Total revenue collected on behalf of the Department was R161,077, 000 against an adjusted target of R85,160, 000 which represents an over collection on of 89.1%. During the reporting period, the main revenue collection sources for the Department were gambling levies, as well as liquor license fees collected through the Mpumalanga Economic Regulator (MER). The COVID-19 pandemic, which was expected impact revenue collection negatively throughout the year, resulted in a downward adjustment to the original estimate, despite the negative expectation, revenue in total achieved the original targets. This is attributed to online gambling activities that are regulated by the MER, which were less affected by the lockdown regulations.

Included in Financial Transactions in Assets and liabilities is an amount of R8 324 000 that was surrendered by the Mpumalanga Economic Regulator (MER), this comprised retained surplus operational grant funds transferred in prior years, and still retained at the end of the 2019/2020 financial period.

## Programme Expenditure

	2019/2020			2020/2021		
Programme Name	Final Appropriation	Actual Expenditure	(Over)/ Under Expenditure	Final Appropriation	Actual Expenditure	(Over)/Under Expenditure
	R′000	R′000	R′000	R′000	R′000	R′000
Administration	108,582	101,046	7,536	86,082	82,625	3,457
Integrated Economic Development	390,316	388,004	2,312	470,069	466,735	3,334
Trade and Sector Development	19,975	18,084	1,891	19,102	17,938	1,164
Business Regulation and Governance	113,962	113,718	244	103,758	103,628	130
Economic Planning	18,419	18,081	338	17,008	16,234	774
Tourism	395,427	395,063	364	386,628	385,127	1,501
Total	1,046,681	1,033,996	12,685	1,082,647	1,072,287	10,360

#### Virements/Roll Overs

Post-adjustments were processed by the Department but did not affect the budget allocation. The following virements were processed (The Funds were taken from Under-Expending Programmes) in order to fund minor over-expenditure in other R1,367,000, R8,723,000 and R212,000 were shifted from Programme 1 (Administration), Programme 2 (Integrated Economic Development) and Programme 3 (Trade And Sector Development) respectively and to Programme 4 (Business Regulation and Governance), Programme 5 (Economic Planning), and Programme 6 (Tourism).

Strategic focus over the short to medium term period.

#### Public Private Partnerships

During the period under review the Department did not enter into any Public Private Partnership (PPP) agreement.

#### Discontinued Key Activities / Activities to be discontinued

No activities were discontinued in the year under review.

New or proposed key activities

None

#### Supply Chain Management

There was irregular expenditure which was incurred during the year under review. These amounts were primarily due to ongoing contracts which were found to be irregular after they had been entered into, or which had become irregular by the passing of time, including property and equipment rental contracts. The Department established the Loss Control committee towards the end of the previous financial year. The work of the Loss Control Committee was impacted by COVID-19 lockdown regulations due to the paperwork which needed to be reviewed. However, towards the end of the year an external service provider was appointed to investigation prior period irregular expenditure, and an application for condonation was submitted to Provincial Treasury. The role of the Loss Control Committee continues to develop increasing the manner in which it provides guidance in this area.

It should further be noted that Supply Chain Management unit operated with a skeleton staff compliment owing to a number of vacant posts. The former Assistant Director: Supply Chain Management (SCM) retired towards the end of the 2020 calendar year. The posts of Assistant Director: SCM and Deputy Director: SCM were advertised during the year under review, and the post of Assistant Director: SCM was filled in May 2021. The post of Deputy Director: SCM will be re-advertised.

No unsolicited bid proposals were considered for the year under review.

#### Gifts and donations received in kind from non-related parties

No gifts and donations were received in kind from non-related parties.

#### Exemptions and deviations received from the national treasury

No exemptions and deviations were received from the National Treasury.

#### Events after the reporting date

No events happened after the balance sheet date which warranted adjustment of the Financial Statements.

#### Other

None

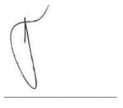

#### Acknowledgement/s or Appreciation

I would like to thank the support of the former MEC Mr P Ngomane and the current MEC Mr PV Mkhatshwa for their unwavering support. Also, I would like to thank the management of the Department for their commitment to changing the lives of the people of Mpumalanga Province.

#### Conclusion

The Annual Financial Statements set out on pages 144 to 214 have been approved by the Accounting Officer.

Approval and sign off

MS G MASHITENG

ACCOUNTING OFFICER

DEPARTMENT OF ECONOMIC DEVELOPMENT AND TOURISM

DATE: 31 MAY 2021

# 5. STATEMENT OF RESPONSIBILITY AND CONFIRMATION OF ACCURACY FOR THE ANNUAL REPORT

#### To the best of my knowledge and belief, i confirm the following:

All information and amounts disclosed throughout the Annual Report are consistent;

The Annual Report is complete, accurate and is free from any omissions;

The Annual Report has been prepared in accordance with the guidelines on the Annual Report as issued by National Treasury;

The Annual Financial Statements (Part E) have been prepared in accordance with the modified cash standard and the relevant frameworks and guidelines issued by the National Treasury;

The Accounting Officer is responsible for the preparation of the Annual Financial Statements and for the judgements made in this information;

The Accounting Officer is responsible for establishing and implementing a system of internal control that has been designed to provide reasonable assurance as to the integrity and reliability of the performance information, the human resources information and the Annual Financial Statements;

The External Auditors are engaged to express an independent opinion on the Annual Financial Statements;

In my opinion, the Annual Report fairly reflects the operations, the performance information, the human resources information and the financial affairs of the Department for the financial year ended 31 March 2021.

Yours faithfully

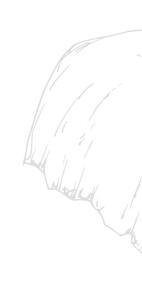

MS G MASHITENG

ACCOUNTING OFFICER

DEPARTMENT OF ECONOMIC DEVELOPMENT AND TOURISM

DATE: 21 MAY 2021

DATE: 31 MAY 2021

# 6. STRATEGIC OVERVIEW

#### 6.1 Vision

An inclusive, globally competitive economy

#### 6.2 Mission

Drive economic growth that creates decent employment and promotes sustainable development

#### 6.3 Values

Value	Value Statement
Integrity	Officials must be dedicated to the adherence of a strict moral and ethical code of conduct in the execution of their duties and responsibilities.
Fairness	Officials must conform to the rules and standards set out by the Department. All decisions should be made free of bias and must always be considerate and just.
Accountability	Officials are, at all times, to be responsible for the performance and results of their agreed upon duties and responsibilities. This refers to the pyramid responsibility that begins with individuals and builds up to top management.
Transparency	Officials will recognise the right to access to information excluding information that is specifically protected by law.
Professionalism	Officials will behave and execute their duties in a manner that enhances the reputation of the Department while adhering to the highest ethical standards.

# 7. LEGISLATIVE AND OTHER MANDATES

The following Constitutional, Legislative and related mandates regulate the environment within which the Department executes its operations:

#### Constitutional Mandate

The following table highlights the main Mandate of the Department:

Constitutional Mandate	Purpose
The Department derives its mandate from the	Schedule 4 and 5 of the Constitution make provisions for the following:
Constitution of the Republic of South Africa, Act 108 of 1996.	Trade and industry promotion
	Consumer protection
	Casino, racing, gambling, wagering and Liquor Licenses
	Provincial Public Enterprises
	Tourism Promotion and
	Nature Conservation

#### Legislative and Policy Mandates

Departmental Mandate	Purpose
To stimulate economic growth and development towards creating sustainable and	• Influence the development growth patterns in the Province in order to build and accelerate a sustainable, equitable and inclusive economic growth path where people live;
decent employment, economic transformation and alleviation of poverty	• Ensure a participatory economy where the youth, women, workers, rural masses, and the people with disabilities benefit from the natural wealth of the Province;
	• Enhance integrated regional growth and development through, among other things, fostering public private partnerships to increase trade and investment in the Province and within the region, and leveraging on Spatial Development Initiatives such as the Maputo Development Corridor;
	<ul> <li>Position infrastructure delivery programme in a manner that enhances the development of SMMEs, creates decent job opportunities and allows participation of the communities through the promotion of co-operatives;</li> </ul>
	<ul> <li>Utilise the MOUs with both local and global strategic partners to consolidate existing markets; access new markets; and attract foreign direct investment into the provincial economy</li> </ul>

## The Departmental mandate is provided in the table below:

The specific legislative and policy mandates that influence and affect operations of the Department are listed in the tables below:

#### **Relevant legislation to the Department**

Legislative Mandate	Purpose
Mpumalanga Economic Regulator Act, 2017 (Act 2 of 2017)	<ul> <li>To regulate the gambling industry in the Province in terms of the Mpumalanga Gambling Act;</li> <li>To regulate the payment of gambling levies in terms of the Mpumalanga Gambling Levies</li> </ul>
	Act;
	To regulate the liquor industry in the Province in terms of the Mpumalanga Liquor Licensing Act; and
	To monitor the performance of the MER in terms of executing its mandate (by virtue of being the shareholder representative);
National Tourism Act, 2014 (Act 3 of 2014)	To provide for the development and promotion of sustainable tourism for the benefit of the Republic, its citizens and visitors.

National Gambling Act, 2004 (Act 59 of 2003)	To provide for the coordination of concurrent national and provincial legislative competencies over matters relating to casinos, racing, gambling and wagering, and to provide for the continued regulation of these matters; and
	To ensure that the Mpumalanga Gambling Act is aligned to national norms and standards established in terms of the National Gambling Act
Mpumalanga Consumer Affairs Act, 1998 (Act 6 of 1998)	To promote a fair, accessible and sustainable marketplace for consumer products;
//ct, 1770 (/ict o of 1770)	To establish national norms and standards relating to consumer protection;
	To establish and manage the Office of Investigation of Unfair Business Practices, whose function is to receive, investigate and resolve complaints of unfair business practices; and
	To establish the Consumer Court which adjudicates on matters of alleged unfair business practices
Mpumalanga Business Act, 1996 (Act 2 of 1996)	To consolidate and amend certain laws in force in the Province regarding the licensing and carrying on of business
National Small Business Enabling	To provide for small businesses to enter the economic frame;
Act, 1996 (Act 102 of 1996)	To create a conducive environment for the promotion, support and development of small businesses in the Province; and
	To ensure municipalities comply with prescripts of the Acts
Broad-Based Black Economic Empowerment Act, 2003 (Act 53	To provide for the empowerment of the black-owned companies to enter the mainstream economy;
of 2003)	To ensure black-owned companies have access to opportunities in the mainstream economy in an effort to transform the economy and reduce inequality; and
	To ensure that the necessary support is provided to black enterprises, including targeted groups (women, youth and people living with disabilities) to enable them to successfully compete for opportunities in the economy
National Credit Act, 2005 (Act 34 of 2005)	To promote a fair and non-discriminatory marketplace for access to consumer credit

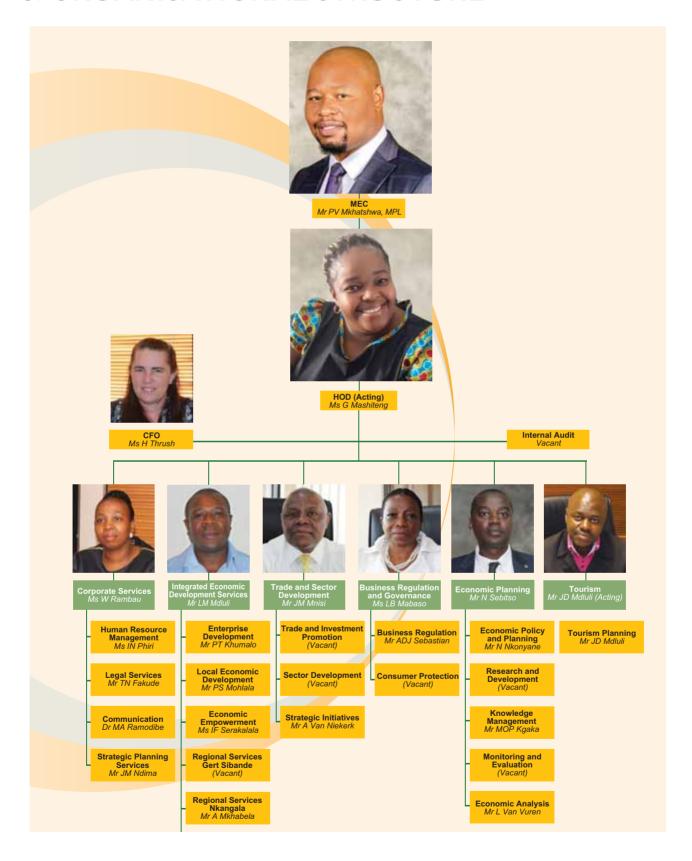

Legislative Mandate	Purpose			
Public Finance Management Act, 1999 (Act 1 of 1999)	<ul> <li>To promote sound financial management in the public sector;</li> <li>To ensure every employee of the Department is enjoined that no fruitless/irregular expenditure occurs within the area of responsibility</li> </ul>			
Public Service Act, 1994 (Act 103 of 1994)	To regulate the public service in the country			
Basic Conditions of Employment Act, 1997 (Act 75 of 1997)	To create a framework for employer-employee relations			
Labour Relations Act, 1995 (Act 66 of 1995)	To protect the rights of the workers			

#### Institutional Policies and Strategies

Emanating from the Departmental strategic planning process, the following policies and strategies were identified as critical interventions that would assist the Department to realise the intended impact, in line with identified outcomes over the five-year period:

Outcomes	Identified Institutional Policies/Strategies/Priorities
Inclusive, diversified and growing	Facilitate and coordinate the following Policies, Strategies and Plans:
economy	Mpumalanga Industrial Development Plan
	Provincial ICT Strategy
	SMME Provincial Strategy
	Mpumalanga Trade and Investment Promotion Strategy
	Mpumalanga Green Economy Development Plan
	Mpumalanga Forestry Development Plan
Inclusive, competitive and sustainable	Provincial Tourism Growth Strategy
tourism industry	Mpumalanga Integrated Air Transportation Strategy
	• PFMA
An ethical, well-coordinated, enabling	Departmental Human Resource Strategy
and capable center of business excellence	Communication Plan
	Risk Management Strategy

# 8. ORGANISATIONAL STRUCTURE

# 9. ENTITIES REPORTING TO THE MEC

The table below indicates the public entities reporting to the MEC:

Name of Entity	Legislative Mandate	Financial Relationship	Nature of Operations
Mpumalanga Economic Growth Agency	<ul> <li>To promote trade and investment in Mpumalanga;</li> <li>To provide funding in respect of approved enterprise development focusing primarily on the previously disadvantaged individuals in Mpumalanga;</li> <li>To develop property, including the granting of housing loans in Mpumalanga;</li> <li>To deliver massive infrastructure in Mpumalanga</li> </ul>		<ul> <li>To promote and facilitate Trade and Investment in the Province;</li> <li>To provide financial and non-financial support toSMMEs in the Province;</li> <li>To provide financial support to emerging farmers in the Province;</li> <li>To grant housing loans to the needy and previously advantaged</li> </ul>
Mpumalanga Tourism and Parks Agency	To provide for the sustainable development and improvement of the tourism industry in Mpumalanga	Transfer payments in line with the shareholders compact	<ul> <li>Provide for effective management and conservation of biodiversity and ecosystem within the Province;</li> <li>Develop and ensure effective management of protected areas;</li> <li>Promote and create socio-economic growth and transformation within the tourism and conservation industry, thereby creating economic opportunities for previously disadvantage individuals and local communities in the Province.</li> </ul>
Mpumalanga Economic Regulator	<ul> <li>To continue to regulate the gambling industry as per the Act;</li> <li>To promote responsible gambling within the Province;</li> <li>To award the 4th casino license (within the next 5 years);</li> <li>To provide for the regulation of the micro-manufacturing and retail sale of liquor;</li> <li>To regulate own revenue generation; (section 5, subsection 2);</li> <li>To reduce the socio-economic and other related cost of alcohol abuse;</li> <li>To provide for public participation in the consideration of applicants for registration;</li> <li>To promote the development of a responsible and sustainable retail and micro-manufacturing liquor industry in a manner that facilitates the entry of new participants into the industry; diversification of ownership in the industry and an ethos of social responsibility in the industry</li> </ul>	Transfer payments in line with the shareholders compact	<ul> <li>To ensure that the gambling industry is regulated and functions within the parameters of the law</li> <li>To promote responsible gambling within the Province;</li> <li>To improve organisational licensing, expand and standardise industry compliance and enforcement;</li> <li>To provide an enabling environment in human capital, finance and ICT;</li> <li>To engender a high governance ethos;</li> <li>To ensure effective and efficient administration and management of the Organisation</li> </ul>

# 1. AUDITOR GENERAL'S REPORT: PREDETERMINED OBJECTIVES

The AGSA has performed certain audit procedures on the performance information to provide reasonable assurance in the form of an audit conclusion. The audit conclusion on the performance against Predetermined Objectives is included in the report to management, with material findings being reported under the Predetermined Objectives heading in the report on other legal and regulatory requirements section of the Auditor's Report.

Refer to page 139 of the Report of the Auditor General, published as Part E: Financial Information.

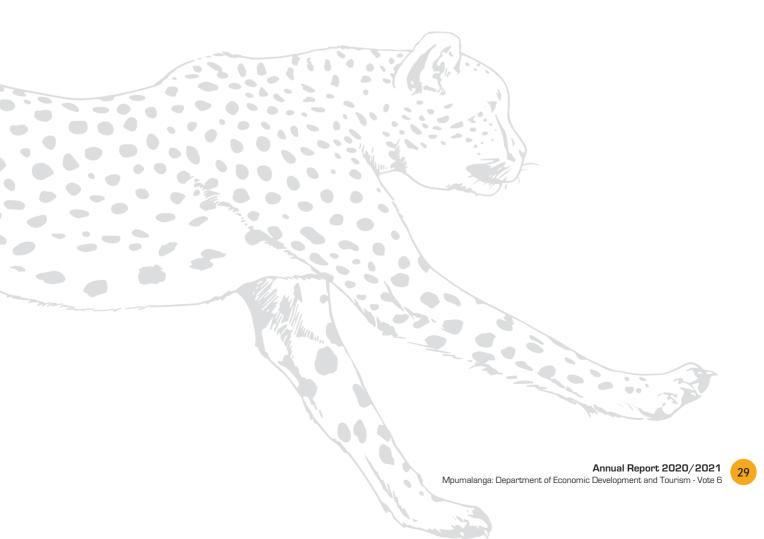

# 2. OVERVIEW OF DEPARTMENTAL PERFORMANCE

#### 2.1 Service Delivery Environment

The Department was forced, in the reporting period, to balance its strategic responses, on the one hand, to the initial socio-economic circumstances that informed formulation of the Strategic Plan and the Annual Performance Plan. Also were the effects of the COVID-19 pandemic outbreak and resultant lockdown in the first quarter of the financial year. There were service delivery interruptions experienced, mostly in the regional offices, necessitating the Department to scale down most of the face-to-face customer and stakeholder engagements.

Despite disruptions from the COVID-19 lockdown and restrictions, Departmental programmes showed resilience and agility in the provision of planned services, resulting in the review and reprioritization of business plans and new modes of engagements undertaken. As a result, the implementation of the annual performance and the response to the unforeseen challenges were successful. The Department has well performed since over 83% of the annual planned targets were achieved, in addition to contingent measures in the roll out of COVID-19 relief packages to distressed businesses, especially SMMEs and tourism recovery measures.

Considering the uncertainty brought by the COVID-19 on the operations of the Department as well as future mode of doing business, it is highly recommended that the use of virtual modes of service delivery be fostered. It is also recommended that electronic management of programme performance information be the norm during and post COVID-19 in line with global shifts toward the 4th industrial revolution.

#### 2.2 Service Delivery Improvement Plan

The Department has completed a Service Delivery Improvement Plan. The tables below highlight the Service Delivery Plan and the achievements to date.

#### Main services and standards

Main services	Beneficiaries	Current/actual standard of service	Desired standard of service	Actual achievement
Consumer Protection Services	Consumers in the Province	Advisory services conducted and 1399 consumer cases were resolved 100%.	80% customer complaints resolved within specified time frames	100% (432 in total) cases received and resolved.
		600 consumer education and awareness programmes conducted.	234 consumer awareness and education programs conducted.	16 consumer awareness programs conducted – owing to COVID-19 restrictions.
Enterprise Development Services	SMMEs in the Province.	9SMMEs supported to access the Agro-processing incentive.	Facilitate funding through lines of credit for 12 township basedSMMEs in the Automotive After- Market Sector.	12SMMES in the Automotive sector were facilitated in the application of funding through SEDA and SEFA.
		16SMMEs supported through SABS accreditation, enabling them to participate on the Social Enterprise Program	15 township basedSMMES in textiles sector supported (facilitate funding and skills development)	21 Women- ownedSMMEs in the textile industry were identified and supported to apply for the funding with SEFA and skill development with SEDA

#### Batho pele arrangements with beneficiaries (consultation access, etc.)

Current/actual arrangements	Desired arrangements	Actual achievements
Members of the public and clients consulted through the following arrangements:  • Walk-in interfaces  • Road shows  • Radio and print media channels.	Regular engagements were conducted in an endeavour to understand stakeholder needs & expectations from the following structures:  Provincial Batho Pele Forum,  National Consumer Regulators;  National Consumer Protection Bodies;  Provincial Civil Organisations and NGOs  Trade unions,  Tribal Authorities,  Media Houses and  Members of the public.	Regular engagements were conducted in an endeavour to understand stakeholder needs & expectations from the following structures:  Provincial Batho Pele Forum,  National Consumer Regulators;  National Consumer Protection Bodies;  Provincial Civil Organisations and NGOs  Trade unions,  Tribal Authorities,  Media Houses and  Members of the public.

#### Service delivery information tool

Current/actual information tools	Desired information tools	Actual achievements
Conducted 515 workshops/awareness sessions, radio interviews, road shows, and presentations on consumer protection matters.	234 consumer awareness and education programs conducted.	16 consumer awareness programs conducted – owing to COVID-19 restrictions.

#### Complaints mechanism

Current/actual complaints mechanism	Desired complaints mechanism	Actual achievements
To acknowledge receipt of complaints, in a professional manner, within 5 working days, and a full written response provided within 10 working days of receiving the complaint.	To acknowledge receipt of complaints, in a professional manner, within 5 working days, and a full written response provided within 10 working days of receiving the complaint.	One complaints received and acknowledged within 5 days.

#### 2.3 Organisational Environment

The Department was not an exception on the effects that COVID-19 had in the country as a whole. We had to learn to adapt to the new world of work, which included rotational work, working remotely and that presented new challenges that we had never faced before. The national lockdown also had an impact on the delivery of the APP as all parties needed to adjust to the new normal and the adjustment did have an impact on the ability of the Department to deliver. During November 2020 the Department advertised fourteen posts which were aimed at assisting it to deliver on its mandate. The advertisement of these posts comes after more than five years of the Department not being able to fill any vacant posts owing to the moratorium on the filing of posts in the Province. The recruitment process will be finalized in the first quarter of the next financial year.

During the period under review, the transfer of the Accounting Officer to another Department within the Province also affected the Department. This led to the Department having three Accounting Officers during the period under review, with the latter being on acting capacity. The change in leadership does have a negative impact on the ability of the Department to deliver on its mandate, however the Department did its best under the circumstances to deliver on its mandate.

The Department is still operating on a 2007 organisational structure with amendment, consultations on the proposed organizational structure aligned to the thought leadership focus have been held, the challenge on the funding of the structure. This makes it a challenge as the Department is expected to provide thought leadership as per the strategy that was adopted for the Department. Engagements with the Provincial Treasury will be prioritized for the next financial year so that the structure can follow the strategy of the Department.

#### 2.4 Key Policy Developments and Legislative Changes

During the period under review, due to the COVID-19 pandemic the changes in the way work is done, remotely impacted on the utilisation of leave. Due to not coming to the office, the Department has a high leave liability. This was also attributed to the extension of the forfeiture period of the 2019 leave days from 30 June 2020 to 31 December 2020.

# 3. ACHIEVEMENT OF INSTITUTIONAL IMPACTS AND OUTCOMES

Strategic outcome oriented goal 1	Sustained economic development
Goal statement	Sustained economic development that increases employment, alleviates poverty and addresses inequality among the citizenry
Strategic outcome oriented goal 2	Increased tourism in the Province
Goal statement	Flourishing domestic and foreign tourism and increased inclusivity of all stakeholders in the sector

# 4. INSTITUTIONAL PROGRAMME PERFORMANCE INFORMATION

#### 4.1 Programme 1: Administration

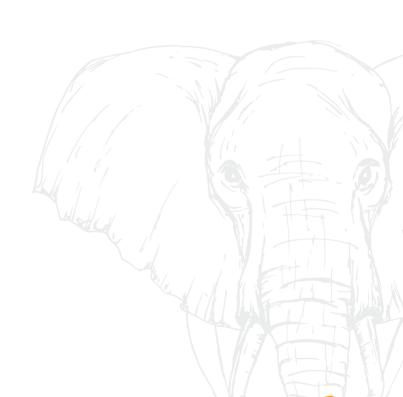

The purpose of programme is to provide administrative support for the implementation of the mandate of the Department.

#### The programme consist of the following sub-programmes:

- Office of the MEC
- Office of the Head of Department
- Internal Audit
- Financial Management
- Risk Management
- Strategic Planning Services
- Corporate Services with the following sub-programmes
- Human Resource Management
- Legal Services
- Communication
- Security Services
- Transversal Services

The programme contributes towards the following institutional outcome as per the Annual Performance Plan.

An ethical, well-coordinated, enabling and capable center of business excellence

Outcomes, outputs, output indicators, targets and actual achievements

			Su	Sub-programme: Strategic Planning Service	c Planning Service

### Linking performance with budgets

Departments must provide a summary of the actual expenditure in comparison to the adjusted appropriation for both the current year and previous year. The information must be provided at a sub-programme level and must agree to the appropriation statement of the audited Financial Statements. Reasons for variations should be linked to the information discussed above in the organisational environment and the service delivery environment. The Department must also report on how expenditure contributed to achievement of outputs.

### 4.2 Programme 2: Integrated Economic Development Services

The purpose of the programme is to stimulate economic growth through the promotion of HDIS and stimulate economic growth in the Province

### The programme consist of the following sub-programmes:

- Enterprise Development
- Economic Empowerment
- Local Economic Development

### The programme contributes towards the following institutional outcome as per the Annual Performance Plan.

• Inclusive, diversified and growing economy

### Outcomes, outputs, output indicators, targets and actual achievements

The Department continued to promote and support an enabling business environment and ecosystem that enables small businesses to grow and develop, which is critical for economic growth and job creation. The activities of the Enterprise Development directorate on access to markets, capacity building, inculcating a culture of entrepreneurship with the associated pipeline of potential entrants drawn from various initiatives, business developments support and sustainable procurement. These initiatives contributed towards job creation and the expansion of businesses by enabling them to inter alia, move up the value chains within sectors such as construction. The Department was also successful in supporting cooperatives in the waste sector of the Green Economy with safety wear and equipments.

In promoting inclusive and sustainable economic growth that incorporates the local sphere and the business community the following were achieved:

Co-ordinated for the provision of business infrastructure for manufacturing enterprises at the local municipalities. Municipalities were assisted to provide support to SMME in the waste management by opening up their waste management sites. The Department assisted municipalities to implement the red tape reduction strategy by reducing the cost of doing business by SMME's. The Department also assisted in strengthening the LED forums in most municipalities in the Province.

The sub programme Economic Empowerment co-ordinated the implementation of Broad Based Black Economic Empowerment through the activities of the provincial Broad Based Black Economic Empowerment council, which assessed the level of B-BBEE compliance and came up with possible interventions in the various sectors. Two black empowered companies were assisted to participate in the Green Economy through the Black Industrialist Programme. Three black empowered companies were assisted to participate in the mining value chain.

The achievements of these targets contributed towards the Departments Strategic Outcome Orientated Goals, which will invariably impact on Strategic Priorities of government. It is the policy of government and the Department that in all the programme that are implemented priority is given to the designated groups which is women, youth and people with disabilities.

		<u> </u>

	Outcome	

The Department will strengthen the performance of MEGA to be able to assist our enterprises.

The Department will strengthen the working relationship of DFI's such as SEFA, IDC and NEF that are operating in the Province to provide support to enterprises in the Province.

### Performance in relation to standardised outputs and output indicators for sectors with concurrent functions

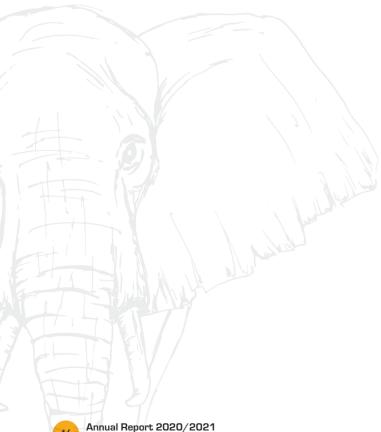

The standardised outputs and output indicators for sectors such as the Green Economy, agriculture and forestry mining and tourism have been prioritised and included in the Annual Performance Plan and reported on in the Annual Report.

### Reporting on the institutional response to the COVID-19 pandemic

The Department has provided information to the SMMEs on the relief programme that were made available by the national Department of small business through SEDA and SEFA to assist the informal business. The Department also assisted SMMEs to apply for the relief programme through the establishment of a provincial call centre where SMMEs were calling and being guided on how to fill the forms. The Department made available an amount of 10 million that was transferred to the parastatals to assist SMMEs affected by COVID-19 to be assisted through grants and payments for their staff.

### Linking performance with budgets

The programme has spent R467 087 million of its R466 192 million which represents 100,2% of the total budget of the programme. This means there was a slight over expenditure of the programme by 2% due to the monthly accumulation of pmds for senior managers which was paid late. Even though the programme show a slight over expenditure there was an under expenditure on goods and services due to the lock down as a result of the budget for both accommodation and subsistence and travelling not having been utilized. The programme has spent 99,3% of the budgeted goods and services since some of the budget was directed towards the public entity to cushion the negative impact of COVID 19 pandemic. The performance of the programme was hampered by the COVID 19 pandemic since a number of targets were not achieved. The enterprise programme unit has spent all its budget even though there was an under expenditure on its goods and services since the sub-programme could not conduct the planned workshops for SMME's that were planned due to COVID 19 pandemic which affected the performance of the sub-programme and the budget.

### Linking performance with budgets

The sub programme spent 97,9% of its total budget. This was mainly due to the delay in the finalization of black companies in the Black Industrialist Programme. The delay due to COVID 19 pandemic in rolling out the programmes of the advisory council had an impact on the performance of the sub-programme and in turn affected the budget of the sub programme. The impact of the pandemic affected the budget of the sub programme since officials were operating remotely and the budget for travelling and accommodation could not be utilized thus this had an impact on the performance of the sub-programme and the budget.

## Linking performance with budgets

municipalities in the Province to provide the necessary infrastructure to the SMME;s at local level. The sub-programme could not provide the necessary training on the The sub programme has spent 88,3% of its budget. This was due to the programme not being able to utilized the goods and services budget that was meant to support regulatory review of the municipalities bi-laws due to the COVID 19 pandemic. This has hampered the performance of the sub-programme and in return affected the budget of the sub programme since officials could not travel and accommodation budget was not utilized.

Sub- Programme: Local Economic Development		Total	

### 4.3 Programme 3: Trade and Sector Development

The purpose of the programme is to support the development of industries within the key economic sectors of the Province, and to create a conducive environment for trade and investment.

### The programme consist of the following sub-programmes:

- · Green Economy
- · Manufacturing and agro-processing sector
- Mining sector

### The programme contributes towards the following institutional outcome as per the Annual Performance Plan.

· Inclusive, diversified and growing economy

Outcomes, outputs, output indicators, targets and actual achievements

### **Green Economy:**

The programme managed, through the partnership with green cape to establish the Green Economy cluster which would promote, coordinate and execute projects within the green economic space. The Green Economy cluster would greatly contribute to initiatives in the "just transition programme" whereby moving to a cleaner energy producing environment within Mpumalanga. The Green Economy cluster would ensure that deserving projects in the Green Economy space be executed in partnership with industry.

### Manufacturing:

Nkomazi SEZ (Special Economic Zone)

The finalisation of the interim phase of the Nkomazi SEZ is progressing well and the PMU, consisting of 4 professionals, is operational. The interim board is also in place and the SEZ entity has been registered as: Mpumalanga Nkomazi SEZ soc ltd. The finalization of the statutory site requirements is moreover nearing completion since the required environmental authorization and township establishment approvals are already in place. The development phase of the SEZ is expected to commence within the next financial year.

### Petro-chemical industrial park (Govan Mbeki: Secunda):

With regard to the Petro-Chemical Industrial Technology Park in Govan Mbeki, the general plan was approved by the surveyor general. The Department is now busy with the process of opening of the township register where after the project would be completed.

### Forestry industrial park (Thaba Chweu: Sabie):

Relating to the forestry Industrial Technology Park in Sabie, there are delays in the completion of the statutory compliance requirement due to a number of objections against the proposed development. The Department addressed a number of concerns by reworking the environmental report and a new tribunal hearing will be conducted to conclude this matter.

### Mining:

Two pilot projects on reusing mine impacted water to irrigate mine rehabilitated land for agriculture use are already underway, namely: the Mafube Colliery Irrigation with mine water project and the Brugspruit Pollution Control Works Project. The irrigation project in particular is showing great potential since it has the potential to be expanded and replicated to other mines. A further investigation (in-SUTU groundwater remediation and surface water assessment) is required at the brugspruit pollution control works project to ascertain the most effective method to reduce acid mine drainage into the Brugspruit.

In terms of alternative uses of mining land the Kromdraai mine site has been selected for the scalable, life-size demonstration model of a sustainable mine closure project and the sustainable regional closure model was developed for implementation. Further to this the Green Engine Project is aimed at developing a regional economic model where mine owned land, renewable energy and treated mined water will work together to develop business Opportunities for Local Communities. In dealing with designated groups the programme can report that it supports the following incubation programmes that support youth development. Although the incubation programmes is not exclusively for youth, the majority of people participating in the programme are young people.

### Mpumalanga Stainless Initiative (MSI) was established to beneficiate stainless steel:

Youth and other SMME's was trained and supported on stainless steel in order to obtain contracts from industry or start their own manufacturing operations. A budget of R 1 300 000-00 was provided to MSI for this support.

### Furniture technology incubator (FURNTECH):

15 Young people was trained in small scale furniture manufacturing and upholstery at Thaba Chweu Local Municipality to increase the skills in this sector to support the planned Forestry Industrial Technology Park. A budget of R 850 000-00 was made available for this intervention.

	Reasons for deviations	The development of the Mpumalanga Natural Gas Strategy (MNGS) was removed from the Action Plan after the APP has been revised due to COVID-19 lockdown and budget cuts

### Linking Performance with Budgets

The programme managed to spend R 17,937 million of its total final budget R 20,314 million. This represents a under expenditure of R 2,377 million for the programme filled before year end. In addition, PMDS payments were less than originally budgeted for by the programme. In terms of the goods and services economic classification the envisaged municipal planning tribunal hearing for the Sabie Industrial Technology Park has not yet been conducted due to some outstanding work that still needs to be finalised as directed by Dardlea on the environmental authorisation and the municipal planning tribunal will now only be concluded in the 2021/2022 financial was put in place to ensure the projects are concluded within the new reworked timeframes. In terms of the transfer and subsidies economic classification there were as a whole. In terms of the compensation of employees economic classification the programme underspent due to funded vacant posts which were advertised, and not year. The Petrochemical Industrial Technology Park is also expected to be finalised within the new financial year and as such the required payment milestones were not achieved hence the underspending. The projects for the industrial technology parks are managed in terms of payment milestones and the necessary acceleration plan no under expenditure since the required funds were transferred to the respective incubators supported by the department (MSI and FURNTECH)

	(Over)/Under Expenditure	R'000	375

### 4.4 Programme 4: Business Regulation And Governance

The purpose of programme is to ensure an equitable, socially responsible business environment that allows fair trade and the protection of consumer rights.

The programme consist of the following sub-programmes:

- Consumer protection
- Business regulation

The programme contributes towards the following institutional outcome as per the Annual Performance Plan.

• Inclusive, diversified and growing economy

### Outcomes, outputs, output indicators, targets and actual achievements

- The mandate of programme 4 is derived from schedule 4+5 of the construction and is to:
- Ensure protection of consumer rights and
- Provide a regulatory framework that creates a fair trade and socially responsible gambling and liquor industries in the Province. The Programme was able to facilitate mediation of all consumer disputes received, provide secretarial function to the provincial consumer courts. Radio programmes were conducted as part of consumer education and awareness of consumer rights. Workshop support was given to municipalities with regards to review of the by-laws, including Monitoring and Evaluation of Gambling activities by MER.

### 4.5 Programme 5: Economic Planning

The programme is responsible for provision of Economic Policy direction and strategies, in addition to conducting research on the Provincial Economy, to inform Strategy Development.

### The programme consist of the following sub-programmes:

- Policy and planning
- Research and development
- Knowledge management
- Monitoring and evaluation
- Economic analysis

The programme contributes towards the following institutional outcome as per the Annual Performance Plan.

• Inclusive, diversified and growing economy

### Outcomes, outputs, output indicators, targets and actual achievements

The programme continued to track data on projects that are primarily driven by the Provincial Government which are geared towards growing the economy of the Province as per the Mpumalanga Economic Growth and Development Path (MEGDP). Climate change has brought on a new dynamic which has given rise to initiatives within the Green Economy in order to move towards measures that seek to reduce the carbon footprint. To this end there has been an additional focus to track progress on Economic Development initiatives that seek to mitigate carbon emissions. The advent of COVID-19, which precipitated unprecedented a drastic slowdown in activities due to the ensuing lockdown, had a significant drawback effect towards project activities and progress in general. The longer term draw backs are due to the slowdown and disruptions in supply chains thus affecting speed of delivery for inputs towards project implementation. There was therefore a general slowdown in the pace of implementation of development projects that support Economic growth.

From an Economic analysis and research point of view, the programme continued in 2020/21 to conduct, coordinate and commission socio-economic related research to inform economic planning and policy of the Department and Province, with a COVID-19 flavour in the reporting period to contribute in executing the Department's Mandate, Vision and Mission. It analysed statistical data of relevant socio-economic indicators and disseminate socio-economic related data and research findings, rendering an economic advisory service to relevant stakeholders on provincial and even municipal level. A Departmental/provincial economic research agenda was also developed and the units liaised with relevant institutions on economic research related matters.

The research and on-line surveys regarding the economic impact of COVID-19 to inform the economic planning process and MERRP (Mpumalanga Economic Reconstruction and Recovery Plan), can be highlighted. Economic analysis is the central point in Mpumalanga regarding credible, accurate and quality socio-economic data and information for planning, policy and budget purposes. This is also shared at Lekgotlas aiming at contributing eventually to higher economic growth and addressing the triple challenges in the Province. The performance and achievements are directly linked with the Department's Mandate and outcome of promoting and achieving an inclusive, diversified and growing economy in Mpumalanga.

### 4.6 Programme 6: Tourism

### Purpose of the programme:

The purpose of the programme is to ensure Tourism Sector Policy Development, Regulation and compliance and promotion of sector transformation in the Province.

The programme consist of the following sub-programmes:

Tourism planning

The programme contributes towards the following institutional outcome as per the Annual Performance Plan.

• Inclusive, competitive and sustainable tourism industry

### Outcomes, outputs, output indicators, targets and actual achievements

The programme has successfully achieved its targets as it relates to the coordination of stakeholders in the Tourism sector in order to achieve its outcome on inclusive, competitive and sustainable Tourism industry. Furthermore, the programme has also achieved its outputs and output indicators in relation to destination enhancement and route development to diversify product offerings and enhance visitor experience. In the quest to respond to the devastating effect of COVID-19 pandemic, the programme in partnership with the private stakeholders managed to develop Mpumalanga tourism Recovery Plan, which was approved by Provincial Cabinet. The Mpumalanga Tourism and parks agency is currently implementing this plan through the Tourism Relief Funding and Tourism Infrastructure Upgrade Programmes. These achievements are invariably having an impact on the government Strategic Priorities of cushioning the impact of COVID-19 in the Tourism Sector and maintain the jobs in line with priority number 1 of transformation and job creation.

# Strategy to overcome areas of under performance

None

# Performance in relation to standardised outputs and output indicators for sectors with concurrent functions

All indicators in the Annual Performance Plan are reported on in the Annual Report. The standardised outputs and output indicators for relevant sectors have been prioritised and included in the Annual Performance Plan and reported on in the Annual Report.

# Reporting on the institutional response to the COVID-19 pandemic

The Department has developed Mpumalanga Tourism Recovery Plan to respond to the devastating impact of COVID-19 pandemic. The Department has made available a total of R 20 million to the Mpumalanga Tourism and Parks Agency (MTPA) in order to implement this plan through the tourism relief funding and tourism infrastructure upgrade programmes.

## Linking performance with budgets

The Tourism programme achieved all its targets in 2020/21 and contributed in executing the mandate of the Department and in line with the vision and mission, as well as the outcome of achieving an inclusive, diversified and growing economy in Mpumalanga. There was however, some underspending in 2020/21 related to especially development of rail heritage project which could not be finalised due to COVID-19 pandemic.

### Sub-programme expenditure

### **5. TRANSFER PAYMENTS**

### 5.1 Transfer Payments to Public Entities

The Department has signed a shareholder compact with the three (3) public entities reporting to it, and the performance of these entities was monitored on a quarterly basis, based on the shareholder compact.

Mpumalanga • Promote and facilitate	100.000		
onomic Growth Agency  Trade and Investment in the Province  Provide financial and non-financial support toSMMEs in the Province  Provide financial support to emerging farmers in the Province  Grant housing loans to the needy and previously advantaged	192,323	192,323	Nkomazi SEZ  The Nkomazi Local Municipality has approved the township establishment.  The SEZ PMU is currently working toward finalising the township establishment process by the end of Quarter 3.  Four officials appointed to the PMU to focus on the interim phase of the SEZ devel opment, which include fully establishing the SEZ entity and preparing the Nkomazi SEZ Strategy and Business Plan as per SLA entered into with DEDT.  MIFPM Operationalisation  The provincial Executive Committee at its special sitting of 12th November 2020 resolved that project should be transferred to DPWRT for implementation.  The transfer process commenced on 13th March 2020 as initiated by the MECs for DEDT and DPWRT.  MEGA continued with the implementation of the project through 2020 whilst workin with DEDT and DPWRT towards ensuring smooth seamless transfer of the construction responsibilities to DPWRT.  DPWRT took over management of the MIFPM construction on 30th November 2020.  In terms of the MOA signed between MEGA, DPWRT and MEGA, MEGA is supposed to:  Provide information related to the project & finalise all litigations;  Continue to deal with private sector entities relating to operationalization of the project;  Remain part of contractual agreements with City of Mbombela;  Retain ownership of the land and completed building infrastructure.  In terms of the MOA DEDT and MEGA are responsible for the operationalization of the market.

### 5.2 Transfer Payments

This section provides information on transfer payments made to Provinces, Municipalities, Departmental Agencies (excl. Public entities), Higher Education Institutions, Public Corporations, Private Enterprises, Foreign Governments, Non-Profit Institutions and Households. This excludes payments to Public Entities as it is included in the previous section. In this section also provide information on where funds were budgeted to be transferred but transfers were not made and the reasons for not transferring funds.

Departments are requested to provide the name of the transferee, the purpose for which these funds were transferred, did the Department comply with s38 1(j), the amount transferred, the amount spent from the transfer received by the transferee, (excluding individuals or social grant payments) and the reasons for unspent funds by the transferee. Departments must also comment on monthly monitoring systems or the lack thereof to monitor spending on such transfers. If such monitoring did take place, Departments must provide details of difficulties experienced and what steps (if any) were taken to rectify such difficulties.

The Table Below Reflects the Transfer Payments made for the Period 1 April 2020 to 31 March 2021

Name of transferee	Type of organisation	Purpose for which the funds were used	Did the dept. comply with s 38 (1) (j) of the PFMA	Amount transferred (R'000)	Amount spent by the entity	Reasons for the funds unspent by the entity
Mpumalanga Stainless Steel initiative	Incubator in Stainless Steel Industry	Incubator to stimulate priority sector	Yes	2,691	2,691	N/A

### 6. CONDITIONAL GRANTS

### 6.1 Conditional Grants and Earmarked Funds Paid

The Department of Economic Development and Tourism (DEDT) was identified as an important organisation to implement the Extended Public Works Programme (EPWP) through its agencies, Mpumalanga Tourism and Parks Agency (MTPA) and Mpumalanga Economic Growth Agency (MEGA). Therefore an allocation of R4 058 million grant was allocated by national Department of public works to assist with alleviation of poverty. The allocated incentive was divided between the two entities of the Department, MTPA and MEGa. These two entities managed to create twenty-six (20) EPWP funded projects, twenty (20) by MTPA and seven (7) by MEGA. These two entities created a total number of 120 job opportunities.

### **Key Summary Of Achievements**

- Maintenance and cleaning of industrial areas
- Increased fruits yield because of better spraying and maintenance of farms
- Safe and patrolled environments
- Controlled veld fires
- Alien plants removed
- Clean day visitor centre
- · Controlled soil erosion
- De-bushing

All targets were implemented as planned. Monthly and quarterly evaluation reports are submitted to National public Works. The slow process of getting approval for employment of EPWP participants has delayed the start of the projects. Supply chain management process for purchase of protective clothing has delayed the procurement. Limited resources is limiting the increase in the number of EPWP employees and their effectiveness.

### **Conditional Grant 1:**

Donath of Barrisia like to the second by the barrisia like to the second	Mpumalanga Economic Growth Agency	
Department/ Municipality to whom the grant has been transferred	Mpumalanga Tourism and Parks Agency	
Purpose of the grant	To create jobs within the Environment and Cultural Centre	
Expected outputs of the grant	Job Creation and Poverty Reduction	
Actual outputs achieved	120 job were created for 2020/21 financial year	
Amount per amended DORA	4,058	
Amount transferred (R'000)	4,058	
Reasons if amount as per DORA not transferred	None	
Amount spent by the Department/ municipality (R'000)	4,058	
Reasons for the funds unspent by the entity	None. All funds spent	
Monitoring mechanism by the transferring Department	Monthly reports, Quarterly reports	

### 6.2 Conditional Grants and Earmarked Funds Received

- The Expanded Public Work Programme (EPWP) conditional grant received for the annual year 2020/2021 was R4, 058, 000
- The total amount of R4, 058, 000 was used for the EPWP as per the allocation.
- All transfers were deposited into the accredited bank account of the Provincial Treasury and to the entities.
- Performance targets are measured in full time equivalents. The target for the DEDT was 380 and 380 was achieved.
- Measures taken were to strengthen the projects monitoring of attendance register and sick leave register.

  An overall assessment of compliance with the act was conducted and there was no non-compliance.

The table/s below details the conditional grants and ear marked funds received during for the period 1 April 2020 to 31 March 2021

### **Conditional Grant: Expanded Public Works Programme (EPWP)**

Department who transferred the grant	National Dept. of Public Works
Purpose of the grant	To create jobs within the Environment and Cultural Centre
Expected outputs of the grant	Job Creation and Poverty Reduction
Actual outputs achieved	120 job were created for 2020/21 financial year
Amount per amended DORA	R4 058 000
Amount received (R'000)	R 4 058 000
Reasons if amount as per DORA was not received	None
Amount spent by the Department (R'000)	R4 058 000
Reasons for the funds unspent by the entity	None , all funds spent
Reasons for deviations on performance	None
Measures taken to improve performance	Attendance Register, Salary Register, Physical head count are conducted during site visits.
Monitoring mechanism by the receiving Department	Monthly IYM reports, Quarterly report, Annual Evaluation report

### 7. DONOR FUNDS

### 7.1 Donor Funds Received

None

### 8. CAPITAL INVESTMENT

### 8.1 Capital Investment, Maintenance and Asset Management Plan

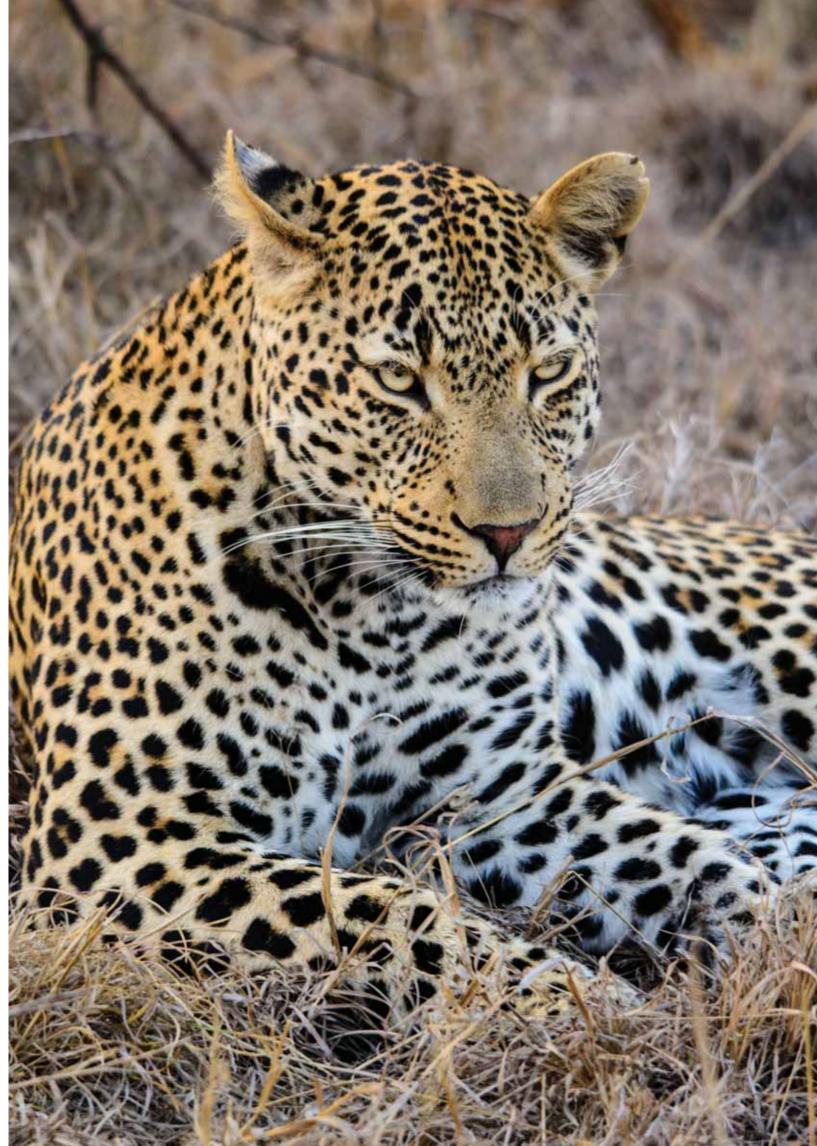

The only infrastructure project currently in progress is the Mpumalanga International Fresh Produce Market (MIFPM)

Capital infrastructure payments of R 250,501,000 were made towards the development of the MIFPM during the year under review. The initial phase of the project including the site development costs and underground reticulation was concluded in prior periods. The second phase of the project, the development of the top structure commenced in the previous period, and is well under way, with a projected completion date in the 2022 calendar year.

The bulk of the Department's assets are in a reasonable condition, with no backlog on maintenance to report on.

		2019/2020			2020/2021

### INTRODUCTION

The Department is committed to maintain the highest standard of governance which is fundamental to the management of public finances and resources. The pervasiveness of risk in the public sector means that management considers risk management as an integral part of our strategy. The Accounting Officer, through the Risk Management Committee, governs risks using the risk strategy and policy to reduce risk exposures. The risk strategy focuses on the new era of risk and the opportunities and threats in a radically changing landscape. Getting into the culture of looking out for the value in risk has evolved the Department to the point where opportunities are sighted and pursued. Consequently, the risk universe covered by the Department has matured exponentially and now includes cyber, behavioural, culture as well as assurance risk, in addition to the ever-important traditional risks.

### **RISK MANAGEMENT**

Governance structures which include the Risk Management Committee have been established and were functional during the year under review. Existing and emerging risks were discussed during quarterly risk management committee meetings where various programme managers and heads of section were required to provide feedback on progress with implementation of action plans to reduce the likelihood of risks materialising and/or the impact should they materialise. The committee also referred risks of high consequence and probability to risk owners and recommended additional mitigations to manage such risks to acceptable levels. Risk Management Committee escalation reports were submitted to the Accounting Officer and Audit Committee for Intervention. The Audit Committee provided oversight over the Risk Management process to promote effective, efficient and Economic Utilisation of state resources.

The comprehensive reduction of high ranking risks has been impeded by two central causes, namely, unavailability of staff to implemented desired controls and budget restrictions. The inability to fill vacant positions and budget cuts have impacted negatively on the effective discharging of the risk management function and in the implementation of risk mitigations for the period. Filling of critical vacant positions and adequate resourcing will enhance the Department's ability to manage risks within the risk profile to acceptable levels. The following key strategic risks for the Department that were considered during the year:

- Inability to create a conducive environment for economic growth.
- Inadequate human capital (skills, warm bodies) to achieve the mandate of the Department.
- Inadequate financial management, internal controls processes, review and monitoring of financial information.
- Weak governance over public entities.
- Non achievement of planned targets.
- Limited participation of SMMEs and cooperatives in the local economy.
- Inability to attract investment.
- Unregulated business environment.
- $\bullet\,$  Inability to monitor and evaluate the impact of economic interventions.
- Decline in tourism growth.
- Whether the Department has a Risk Management Policy and Strategy.

Yes, there is approved risk management policy and strategy

• Whether the Department conducts regular risk assessments to determine the effectiveness of its Risk Management Strategy and to identify new and emerging risks.

Risk assessments are conducted yearly

• Whether there is a Risk Management Committee that advises management on the overall system of Risk Management, especially the mitigation of unacceptable levels of risk.

Yes, there is Risk Management Committee in place

• Whether the audit committee advises the Department on risk management and independently monitors the effectiveness of the system of risk management.

Yes, there' a very effective audit committee.

• Whether the Department sees progress in the management of risks, whether this has transmitted into improvements in the Department's performance, and if not, what it plans on doing to address this problem.

There is progress in mitigating the identified risks and they are reported quarterly, the last progress was reported to the fourth quarter risk management committee meeting on 11 May 2021.

### 3. FRAUD AND CORRUPTION

The Mpumalanga Provincial Government adopted an Anti-Corruption Strategy which confirms the Province's zero-tolerance stance towards fraud, theft and corruption. In line with this strategy the Department is committed to zero-tolerance with regard to corrupt, fraudulent or any other criminal activities, whether internal or external. Any parties who engage in such practices or attempts to do so are vigorously pursued by all legal means available. The Department has adopted a Fraud Prevention Implementation Plan and whistleblowing policy which gives effect to the prevention strategy.

Fraud and corruption represent significant potential risks to the Department's assets and can negatively impact on service delivery efficiency. The Accounting Officer and management have set the tone at the top by leading the Department ethically, effectively, and responsibly within acceptable risk parameters as aligned to the KING IV report. The Department's efforts were calibrated to prevent fraud and corruption through the roll-out of a fraud awareness initiative during the period. The intent of the initiative was to challenge employees to think differently about fraud and corruption. This included looking at their individual conduct and performance in the workplace which May allow acts of dishonesty impacting negatively on service delivery. The approach used to implement the intervention covered areas which include prescriptions by the public services regulations, 2016 in relation to employee disclosures, ethics and gift management as well as remunerative work. The approach included zooming into a number of recent case studies of fraudulent and unethical behaviour both in the public and private sectors.

Various channels for reporting allegations of fraud, theft and corruption exist and these are described in detail in the provincial anti-fraud and corruption strategy and the Departmental Fraud Prevention Strategy. Each allegation is received by the Integrity Management Unit within the Office of the Premier and recorded in a case management system. The system is used as a management tool to give feedback on progress in relation to reported cases as well as to generate statistics for the Province and Department.

Anyone who blows the whistle on suspicions of fraud, corruption and theft are protected if the disclosure is a protected disclosure (i.e. Meets statutory requirements e.g. was made in good faith). The opportunity to remain anonymous is afforded to any person who would like to report acts of fraud, theft and corruption and should they do so in person, their identities are kept confidential by the person to whom they are reporting.

### 4. MINIMISING CONFLICT OF INTEREST

In the interest of sound administration and responsible decision-making the officials of the Supply Chain Management, and the Departmental Bid Committee shall keep records of all communication, decision and give reasons when required.

Each member of the Departmental Bid Committees must complete a conflict of interest declaration and confidentiality agreement before the start of any adjudication process. No official who has an interest (or whose relative has an interest) in a particular offer will be allowed to participate in the evaluation, consideration and adjudication of the relevant Bid.

Purchase of goods or services from suppliers who are staff members is not allowed, in addition, suppliers are required to declare any interest when bidding or offering goods and services to the Department, and staff members must declare their interest in the event that suppliers are relatives, where and official has a direct or indirect interest, and where officials are involved in the Departmental Bid committee.

An assessment will be performed by the Department when a supplier fails to declare an interest and may not be prejudiced as a result of a declaration of interest.

### 5. CODE OF CONDUCT

The Department held awareness sessions for all officials where the code of conduct was presented to ensure that all officials are aware of what is expected of them as public servants. The workshops also covered remunerative work outside the public service, reminding officials that no one is allowed to perform remunerative work outside the public service without approval from the executing authority. During the period under review there were no officials who breached the code of conduct.

### 6. HEALTH SAFETY AND ENVIRONMENTAL ISSUES

The Department addressed most of the OHS notices of contravention and improvement that were issued following the audit of all offices by the Department of Labour. In addition, the Department managed to respond to challenges posed by COVID-19 outbreak a COVID-19 committee was established to manage and oversee the implementation of COVID-19 protocols and regulations for the creation of a healthy and safe working environment. COVID-19 ppe's were procured and issued to all officials. As the different lockdown levels were implemented, the Department made sure that the protocols are adhered to, in an effort to have a safe environment for officials.

### 7. PORTFOLIO COMMITTEES

Matters raised by the Portfolio Committee	How the Department addressed the matter					
Date Of The Meeting: Report Of The Portfolio Committee On Premiers' Office; Finance; Economic Development And Tourism2020/21 - Department Of Economic Development And Tourism (Dedt) 1St Quarter Report						
The Department must ensure that it concludes the appointment of the permanent MEGA CEO, as well as finalize the process of appointing the Interim Board before the end of the current 2020/21 financial year. Moreover, the Department must keep the Committee abreast until the conclusion of both processes.	The interim board was appointed with effect from 21 September 2020. The Interim board was informed that their prime role is to finalise the appointment of the CEO whose advert closed on August 2020. To date, the board is finalising the short-listing with a view of conducting interviews in the short period.					
The Department must provide an update on developments taking place at the Mpumalanga International Fresh Produce Market (MIFPM), the Nkomazi SEZ, the Techno-Parks; and Makhonjwa Mountain World Heritage Site (MMH HS), on a quarterly basis.	The Department will duly provide an update on the strategic project of the Department on a quarterly basis.					
The Department must provide a report on the status of the irregular expenditure and the percentage level of reduction; and submit the final report in this regard to the Portfolio Committee before the end of the 3rd quarter of the current 2020/21 financial year.	The Department will submit a report on the status of irregular expenditure. However, it should be noted that on the legacy irregular expenditure for the amount R 90 213 997 has been referred to the appointed service provider who is busy reviewing the recommendation of the loss control committee for submission to HOD and ultimately to Treasury. The amount in question makes up 83% of the total irregular expenditure as at the end of the 2019/2020 year of operation.					
Date of the meeting: 13 November 2020 2020/21 Revised budget vote and Annual Performance Plan of the Department of Economic Development and Tourism and Public entities: MEGA, MTPA and MER (vote 6)						

### Matters raised by the Portfolio Committee

The Department, with the revised budget, must allocate resources adequately to ensure that service delivery programmes are met. This also includes addressing the triple challenge that is facing the country of unemployment, poverty and inequality.

### How the Department addressed the matter

The original Compensation of Employees (COE) budget for the Department was an amount of R158.482 million. During the Special Adjustments Appropriation in response to the COVID-19 Pandemic, the reduction to the COE budget of R10.760 million was recorded.

A further reduction to the 2020 MTEF COE budget in the amount of R9,865 million, was affected by the second adjustment appropriation. The combine affect of these adjustments is to reduce the original budget by an amount of 13% during the current year, to an amount which is 5% less than the audited COE expenditure of the previous year. These reductions create a situation where the Department will overspend on COE even before pay progression or PMDS outcomes are accommodated. The adjustments make it impossible to appoint new personnel in the current period, despite the lifting of the moratorium.

The Department has adjusted its plans to accommodate the adjusted goods and services budget.

The original Compensation of Employees (COE) budget for the Department was an amount of R158.482 million. During the Special Adjustments Appropriation in response to the COVID-19 Pandemic, the reduction to the COE budget of R10.760 million was recorded.

A further reduction to the 2020 MTEF COE budget in the amount of R9,865 million, was affected by the second adjustment appropriation. The combine affect of these adjustments is to reduce the original budget by an amount of 13% during the current year, to an amount which is 5% less than the audited COE expenditure of the previous year. These reductions create a situation where the Department will overspend on COE even before pay progression or PMDS outcomes are accommodated. The adjustments make it impossible to appoint new personnel in the current period, despite the lifting of the moratorium.

The Department has adjusted its plans to accommodate the adjusted goods and services budget.

### Matters raised by the Portfolio Committee

The Department must provide an update on developments taking place at the Mpumalanga International Fresh Produce Market, the Nkomazi SEZ, the Techno-Parks, support for the Mining Sector and support to be provided to the Green Economy Development Plan, on a quarterly hasis

### How the Department addressed the matter

### Nkomazi SEZ:

Currently the Department is implementing the Interim Phase of the Nkomazi SEZ through a Service Level Agreement (SLA) with MEGA.

The Department, together with the PMU in Mega and the Municipality as well as other provincial affected Departments have established the SEZ Project Team that seeks to fast-track the implementation of the key activities contained in the SEZ Interim Phase.

Industrial Technology Parks:

Petro-chemical Industrial Park (Govan Mbeki: Secunda):

With regard to the Petro-chemical Industrial Technology Park in Govan Mbeki, the General Plan was approved by the Surveyor General. The Department is now busy with the opening of the township register where after the project would be completed. Currently the Department is working closely with the Govan Mbeki Local Municipality to finalise the Land Availability Agreement and Services Agreement in order to open the township register. The conclusion of this process will ensure the commencement of the Development Phase of the project.

Forestry Industrial Park (Thaba Chweu: Sabie):

Relating to the Forestry Industrial Technology Park in Sabie, there are delays in the completion of the Statutory Compliance requirement due to a number of objections against the proposed development. A Tribunal Hearing was conducted and the applicant (Department) was instructed to supplement certain information in the application. Such information has since been submitted to the Tribunal for its consideration and the Department is expecting that a new hearing would be held in early December 2020 to conclude the required planning approval. The delay of this key activity in the Project Initiation Phase will have a knock-on effect on the timelines of the project but is still envisaged that the Statutory Requirements be completed within the 2020/21 financial year.

### Mining Sector:

The support provided to the Mining Sector is through the Memorandum of Understanding with the Mine Water Coordinating Body (MWCB) and concentrate on the following:

Pilot Projects on mine water utilization implemented:

Two pilot projects on reusing mine impacted water to irrigate mine rehabilitated land for agriculture use already commissioned, namely the Mafube Colliery Irrigation with Mine Water Project and the Brugspruit Pollution Control Works Project.

Pilot Projects on mine rehabilitated land utilization implemented:

Kromdraai Project

The Kromdraai mine site has been selected for the scalable, life-size demonstration model of a sustainable mine closure project. The project will consist of several integrated components e.g. biogas plant, biodiesel, passive / semi-passive water treatment, cattle feedlots and range grazing, greenhouses and open land cropping. Currently the Sustainable Regional Closure Model is underway.

Green Engine Project:

This Project is aimed at developing a regional economic model where mine owned land, renewable energy and treated mined water will work together to develop business opportunities for local communities. Currently the Regional Economic Closure Model has been developed and the Socio-economic opportunities identified with mine water as an enabler

Green Economy Development Plan:

In terms of the establishment of the Green Economy Special Purpose Vehicle (SPV) a Service Level Agreement (SLA) between DEDT and Green Cape has already been concluded to establish the proposed SPV

### Matters raised by the Portfolio How the Department addressed the matter Committee The Department must ensure that The interim board was appointed with effect from 21 September 2020. The Interim it concludes the appointment of the board was informed that their prime role is to finalise the appointment of the CEO permanent MEGA CEO, before the end whose advert closed on August 2020. The board met with the service provider and of the current 2020/2021 financial year; the dispute arose which collapsed the process. As it stands, the board re-advertised the post with the closing being 22 February 2021. Thereafter, all due processes will be and keep the Committee abreast until the conclusion of this process. followed up to the appointment. Relating to the Forestry Industrial Technology Park in Sabie, there are delays in the completion of the Statutory Compliance requirement due to a number of The Department must provide an objections against the proposed development. A Tribunal Hearing was conducted, update to the Committee on the and the applicant (Department) was instructed to supplement certain information completion of the Forestry Industrial in the application. Such information has since been submitted to the Tribunal for Park (Sabie) Statutory Compliance its consideration and the Department in order to address some of the concerns requirement after the new hearing, raised improved the Environmental Report and this is currently being circulated for which is scheduled in the early public comments, which closed on 25 February 2021 where after a new date for the December 2020, so that the required Tribunal Hearing, will be requested. planning approval can be concluded. The Department presented the Economic Recovery Plan to PMC Lekgotla, which The Department must share the recommended that the Mpumalanga Economic Reconstruction and Recovery updated Provincial Economic Recovery Implementation Plan must be inclusive of all sector. Departments. As such, it directed Plan with the Committee and submit OTP to coordinate the process, which will lead to the framework being presented to it before the end of the fourth of the EXCO Lekgotla planned before end of February 2021 and eventually to the Executive current 2020/21 financial year. Council for approval. Once approved, the Department will duly share the copy with the Portfolio Committee. The Tourism Recovery Plan was finalised and approved by the Provincial Executive The allocated budget of R10 000 Council in August 2020. The allocated budget of R10 million will augment to the R11, 000.00 is not enough to implement the 9 million which the National Department of Tourism has already provided for the Tourism Recovery Plan. The Department Tourism businesses in Mpumalanga in 2020. must therefore, source alternative Of course, budget allocations will never be enough to cover every business in the measures to fund the plan over and above the allocation. Furthermore. tourism sector in the Province. As a result, the Department together with the MTPA the Department must ensure that the will continue to advice businesses to take advantages of other available sources of Tourism Recovery Plan is completed funding, such as the Tourism Equity Fund, which is a collaborative initiative between timeously, after which it must be the Department of Tourism and the Small Enterprise Finance Agency, as well as the presented to the Portfolio Committee. Economic Distress Fund that the National Empowerment Fund and the Department of Trade, Industry and Competition have launched to help black owned businesses to recover from the COVID 19 induced financial crunch. The Department, through the implementing entity (MEGA) has prioritised the issue The implementing entity (MEGA) of the investment pipeline pertaining to the Nkomazi SEZ. All investors, both current must fast track the process of the and those who showed interest prior to the COVID-19 Lockdown, are engaged to establishment of the Nkomazi Special determine if they are still interested in investing in the Nkomazi SEZ and the amount Zone (SEZ) to ensure that no more that would be invested. Secondly, they are engaged to determine their investment investors are lost due to this cause. requirements (site-specific requirements like stand size, water and electricity The Department must continue to requirements) that would then be incorporated into the design of the layout plan as persue more investment opportunities part of the SEZ strategy to ensure that the SEZ is accommodating their investment including those that have withdrawn. requirements.

### **8.SCOPA RESOLUTIONS**

Resolu- tion No.	Subject	Details	Response by the Department	Resolved (Yes/No)
6.1.1 7.1.1 7.1.2 7.1.3 7.1.4	2019/20 Audit Action Plan 6.1.1  Irregular As Well As Fruitless And Wasteful Expenditure 7.1.1 7.1.2 7.1.3 7.1.4	The Accounting Officer must, henceforth, curb delays in conclusion of all investigations; ensure investigations are concluded promptly so that the findings can be effectively applied to officials who are still within the Department; and expedite the finalisation of the disciplinary process, in respect of the fruitless and wasteful expenditure identified in the 2011/12 and 2012/13 financial years respectively. Furthermore, the Accounting Officer must strengthen measures on consequence management against officials who contravene the Public Finance Management Act (PFMA) regulations. 6 7.1.1  An updated progress report on all on-going cases, including those of the 2019/20 financial year, must be submitted to the Select Committee once the Loss Control Committee (LCC) has concluded its work, including those that have already been handed over to the South African Police Services (SAPS). 7.1.2  The Accounting Officer must ensure that, once investigations are concluded, the Loss Control Committee (LCC) must, where necessary and possible, implement disciplinary actions against official(s) who caused the Department to incur irregular; fruitless and wasteful expenditure respectively in prior years and in the 2019/20 financial year. Furthermore, the Accounting Officer must recover the fruitless and wasteful expenditure from official(s) found liable in law. 7.1.3  The Accounting Officer must ensure strengthened monitoring on the system put in place to prevent irregular, fruitless and wasteful expenditure; and provide evidence with improvement. 7.1.4  The Accounting Officer must ensure that tender processes are followed accordingly to avoid contraventions and noncompliance to the Preferential Procurement Regulation 8(2) of 2017.	The Department appointed an independent external service provider to review investigation reports and background information prior to the recommendation by the Loss Control Committee that a request for condonation of transaction be submitted to Provincial Treasury. This has impacted on the speed and value of condonation requests, but is considered to have ensured a robust process.  The Department will continue to pursue prompt finalization of the processes wherever these are within the control of the Department.  Regular progress reports will be provided Where applicable matters will be forwarded for disciplinary procedures and recovery of balance	No

### 9. PRIOR MODIFICATIONS TO AUDIT REPORTS

Nature of qualification, disclaimer, adverse opinion and matters of non-compliance	Financial year in which it first arose	Progress made in clearing / resolving the matter
Irregular Expenditure	2016/17	The Department appointment an independent external service provider to review investigation reports and background information prior to the recommendation by the Loss Control Committee that a request for condonation of transactions be submitted to Provincial Treasury.

### 10. INTERNAL CONTROL UNIT

The Department does not have an Internal Control Unit. Management implemented internal control systems that encompassed all the policies and procedures that are adopted by management and the internal audit function test the adequacy and effectiveness of the system of internal control and advice management if the controls are not functioning in accordance with the purpose it was intended for to assist the Department to achieve its goals and objectives.

### 11. INTERNAL AUDIT AND AUDIT COMMITTEES

### Key Activities and Objectives of the Internal Audit.

Internal Audit is an independent appraisal function established by the Management of the organisation for the review of the internal control system as a service to the organisation. It objectively examines, evaluates and reports on the adequacy of internal controls as a contribution to the proper, economic and effective use of resources.

### Summary of Audit work done.

The following risk based audit assignments relating to the Department were performed by the Internal Audit function for the 2020/2021 financial year as per the Annual Internal Audit Plan.

- Asset Management
- Annual Performance Information
- Annual Financial Statements
- Follow up Auditor-General and Internal Audit
- Internal Control
- Interim Financial Statements
- Mid-term Performance
- Financial and Supply Chain Management
- Transfer Payments
- Follow-up reviews: Auditor-General South Africa (AGSA) & Internal Audit Reports

### Key activities and objectives of the Audit Committee are to review the following

The Audit Committee fulfill a vital role in Corporate Governance to ensure the integrity of integrated reporting and internal controls and the identification of and management of risks. The Audit Committee performs oversight role and advises management in their duties to carryout out its responsibilities relating to financial management and other reporting practices, internal controls and management of risks as well as compliance with laws, regulations and oversight of entities reporting to the Department.

### Attendance of Audit Committee meetings by Audit Committee members

During the current financial year under review five (5) Audit Committee meetings were held, including special meetings. Meetings between the external auditors and the internal audit function were also held as and when a need arose.

The Audit Committee consists of 5 independent members; four (4) are appointed from outside the Public Service and one (1) member is ex officio, employed by the Mpumalanga Provincial Office of the Premier. Details of the members and their attendance of scheduled Audit Committee meetings during the 2020/2021 financial year are as follows:

### The Table Below Discloses Relevant Information On The Audit Committee Members:

- Former Committee
- Serving Committee

### 12. AUDIT COMMITTEE REPORT

We are pleased to present our report for the Financial Year ended 31 March 2021.

### **Audit Committee Responsibility**

The Audit Committee reports that it has complied with its responsibilities arising from section 38 (1) (a) (ii) of the Public Finance Management act and Treasury Regulation 3.1.13. The Audit Committee also reports that it has adopted appropriate formal terms of reference as its Audit Committee Charter, has regulated its affairs in compliance with this Charter and has discharged all its responsibilities as contained therein, except that we have not reviewed changes in Accounting Policies and Practices.

### The Effectiveness Of Internal Control

Our review of the findings of the internal audit work, which was based on the risk assessments conducted in the Department revealed certain weaknesses, which were then raised with the Department to implement corrective actions

The following internal audit work was completed during the year under review:

- Asset Management
- Annual Performance Information
- Annual Financial Statements
- Public Entities Oversight
- Follow up Auditor-General and Internal Audit
- Transfer Payments
- Internal Control
- Interim Financial Statements
- Midterm Performance
- Financial and Supply Chain Management
- Follow-Up Auditor-General and Internal Audit

### The Effectiveness Of Internal Control

Our review of the findings of the Internal Audit work, which was based on the risk assessments conducted in the Department revealed certain weaknesses, which were then raised with the Department.

### The Following Internal Audit Work Was Completed During The Year Under Review:

- Asset Management
- Annual Performance Information
- Annual Financial Statement
- Public Entities Oversight
- Follow-Up Auditor-General and Internal Audit
- Transfer Payments
- Internal Control
- Interim Financial Statements
- Midterm Performance
- Financial and Supply Chain Management
- Follow-Up Auditor-General and Internal Audit

### The following were areas of concern:

- Slow implementation of Internal Audit and Auditor General recommendations.
- Lack of Strategic and Coordinated oversight over Public Entities.
- Non achievement of Planned Targets
- Unsatisfactory compilation of the Portfolio of Evidence to support reported Performance Information
- Inadequate record keeping
- Some Quarterly targets not achieved
- · Unsatisfactory keeping of Portfolio of Evidence to support reliability of reported information.
- Lack of commitment to Risk Management related issues by Management.
- Entity operating without approved APP
- Poor controls over annual leave Management
- Business Continuity Plan not updated
- MTPA and MEGA 2020/21 Shareholders Compact Not Concluded

### In-year Management and monthly/quarterly report

The Department is required to report monthly and quarterly to the Treasury as is required by the PFMA.

The Audit Committee is satisfied with the content and quality of quarterly reports prepared and issued by the Department as required by the PFMA, however there is still room for improvement particularly on timeous preparation and submission of quarterly Financial Statements and submission of portfolio of evidence supporting reported achievements.

### **Evaluation Of Financial Statements**

The Audit Committee reviewed the Annual Financial Statements and performance information documents prepared by the Department and recommended their submission to AGSA for audit.

### Auditor General's Report

The Audit Committee has reviewed the Department's implementation plan for audit issues raised in the 2020/21 we are satisfied that the Department has developed a combined plan to address matters raised by both internal and external auditors. During the course of our follow up reviews on the implementation plan for audit issues, we discovered that out of 14 action plans, 2 (14%) have been fully implemented and 12 (86%) were not implemented which remain an area of great concern.

The Audit Committee is satisfied that the internal audit function is operating effectively and that it has moderately addressed the risks pertinent to the Department in its audits. There is need to address the in adequate capacity in internal audit unit, the committee believes this will strengthen the unit to improve from its current performance.

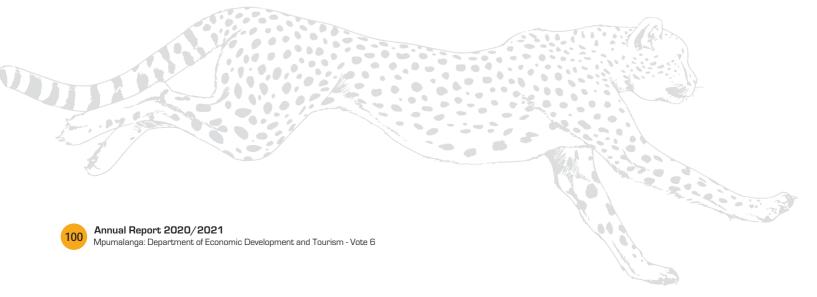

MR. SAM MTHEMBU

Benton

CHAIRPERSON OF THE AUDIT COMMITTEE

DEPARTMENT OF ECONOMIC DEVELOPMENT AND TOURISM

31 JULY 2021

### 13. B-BBEE COMPLIANCE PERFORMANCE INFORMATION

The following table has been completed in accordance with the compliance to the BBBEE requirements of the BBBEE Act of 2013 and as determined by the Department of Trade and Industry.

Has the Department / Public Entity applied any relevant Code of Good Practice (B-BBEE Certificate Levels 1 – 8) with regards to the following:						
Criteria	Response Yes / No	Discussion (include a discussion on your response and indicate what measures have been taken to comply)				
Determining qualification criteria for the issuing of licenses, concessions or other authorisations in respect of economic activity in terms of any law?	Not applicable	The Department does not issue licenses or concessions or other authorisations  Programme 4: 4th Casino License/ MER: Liquor Licenses				
Developing and implementing a preferential procurement policy?	Yes	In terms of clause 3.6 of the Procurement Policy of the Department, Department of Economic Development and Tourism support the principle of supporting local manufactured products and historically disadvantaged individuals, including woman to contribute to the achievement of national objectives. It is therefore an objective of the Department to give such preferences where practical and in compliance with the Broad-Based Black Economic Empowerment (B-BBEE) policy objectives. Although purchases costing less than R30 000 are awarded purely on the basis of price, preference is shown to wholly black owned, locally (Provincial) based suppliers, selected from the Central Supplier Database (CSD).  Purchases from R 30 000.01 must be made based on the highest points scored in terms of the PPPFA as amended.  In the event of the transfer of a contract, if a contract was awarded as a result of the application of the principles of				
		B-BBEE status, the transferee should also qualify similarly under the same principles.				
Determining qualification criteria for the sale of state-owned enterprises?	Not applicable	No such transactions are envisaged  MTPA: Commercialisation of nature reserves				
Developing criteria for entering into partnerships with the private sector?	Not applicable	No such transactions are envisaged				
Determining criteria for the awarding of incentives, grants and investment schemes in support of Broad-Based Black Economic Empowerment?	Yes	The Department has identified incubation as an important element to support SMME's in the Province. The Department has established, together with other developmental partners like the municipalities and SEDA, Incubators that train, support and develop SMME's in prioritised economic sectors. They are the Furniture Technology Incubator (Furntech) and the Mpumalanga Stainless Steel Initiative (MSI). Formal training and development programmes by the Incubators are submitted to the Department for funding and once approved such training and development programmes are closely monitored by the Department until their completion and the person or company graduates to the post incubation phase.				

### 1. INTRODUCTION

The information contained in this part of the Annual Report has been prescribed by the minister for the Public Service and Administration for all Departments in the public service.

### 2. OVERVIEW OF HUMAN RESOURCES

### The status of human resources in the Department

The Department during the period under review had the appointed Accounting Officer transferred to another Department within the Administration and is currently operating with an acting Accounting Officer. The Department had 7% turnover rate as at 31 March 2021. The termination type; contract expiry had the highest percentage of 63%, followed by resignation and transfers to other public institutions. Due to the COVID-19 pandemic there was no overtime performed during the period under review instead there was a great need to adjust to the new normal of remote working and rotational work.

### Workforce planning and key strategies to attract and recruit a skilled and capable workforce

The Department anticipates a 4.7% terminations due to retirement in the next 3 years. Management is advised to ensure that a plan is put in place to ensure that the departure of those employees does not affect service delivery negatively. The Department anticipates filling fourteen vacant posts in the next financial year as the recruitment process for those posts is at an advance stage. Training and development interventions were implemented to ensure that officials of the Department have the necessary skills in order to assist the Department to achieve its objectives.

### Employee performance management

The Department continues to manage the performance of employees, to that end there was an increase on compliance within performance management. There are no backlogs, all levels of performance were assessed and rewarded.

### Employee wellness programmes

The Department adopted an integrated approach to employee health and wellness wherein the importance of linking individual health, safety and wellness, organisational wellness, environmental sustainability, quality management to productivity and improved service delivery outcomes was recognised. During the period under review the following critical strategic priority areas VIZ: HIV and AIDS, STI and TB management, health and productivity management, safety, health, environment, risk and quality management (SHERQ), wellness management, were focused on. During the period under review a lot of emphasis and focus was on COVID-19 ensuring that there is compliance with the regulations and protocols as well as communicating with employees to ensure that they are aware since it was something new.

#### 3.2 Employment and Vacancies

The tables in this section summarise the position with regard to employment and vacancies.

The following tables summarise the number of posts on the establishment, the number of employees, the vacancy rate, and whether there are any staff that are additional to the establishment.

#### This information is presented in terms of three key variables:

- Programme
- Salary band
- Critical occupations (see definition in notes below).

Departments have identified critical occupations that need to be monitored. In terms of current regulations, it is possible to create a post on the establishment that can be occupied by more than one employee. Therefore, the vacancy rate reflects the percentage of posts that are not filled.

Table 3.2.1 Employment and vacancies by programme as on 31 March 2021

Programme	Number of posts on approved establishment	Number of posts filled	Vacancy Rate	Number of employees additional to the establishment
Administration	147	126	14.30	15
Integrated Economic Develop	42	39	7.14	0
Trade and Sector Development	17	16	5.90	0
Business Regulation & Governance	28	27	3.60	0
Economic Planning	18	18	0	0
Tourism Services	5	5	0	0
Total	257	231	10.10	15

The employees additional to the establishment is informed by the additional post of technical specialist in the office of the mec as per the member of executive guide of june 2019 and the epwp cleaners.

Table 3.2.2 Employment And Vacancies By Salary Band As On 31 March 2021

Salary band	Number of posts on approved establishment	Number of posts filled	Vacancy Rate	Number of employ- ees additional to the establishment

#### Notes

The core classification, as prescribed by the DPSA, should be used for completion of this table. Critical occupations are defined as occupations or sub-categories within an occupation –

- In which there is a scarcity of qualified and experienced persons currently or anticipated in the future, either because such skilled persons are not available or they are available but do not meet the applicable employment criteria;
- For which persons require advanced knowledge in a specified subject area or science or learning field and such knowledge is acquired by a prolonged course or study and/or specialised instruction;
- Where the inherent nature of the occupation requires consistent exercise of discretion and is predominantly intellectual in nature; and
- In respect of which a Department experiences a high degree of difficulty to recruit or retain the services of employees.

#### 3.3 Filling of SMS Posts

The tables in this section provide information on employment and vacancies as it relates to members of the Senior Management service by salary level. It also provides information on advertising and filling of SMS posts, reasons for not complying with prescribed timeframes and disciplinary steps taken.

Table 3.3.1 Sms post information as on 31 March 2021

SMS Level	Total number of funded SMS posts	Total number of SMS posts filled	% of SMS posts filled	Total number of SMS posts vacant	% of SMS posts vacant
Director-General/ Head of Department	1	0	0	1	100

TOTAL	29	25	86.2	4	13.7

Table 3.3.2 SMS Post Information As On 30 September 2020

SMS Level	Total number of funded SMS posts	Total number of SMS posts filled	% of SMS posts filled	Total number of SMS posts vacant	% of SMS posts vacant
Director-General/ Head of Department	1	1	100	0	0
Salary Level 16	1	1	100	0	0
Salary Level 15	0	0	0	0	0
Salary Level 14	6	6	100	0	0
Salary Level 13	20	17	85	3	15
TOTAL	28	25	86.2	3	10.7

The difference between tables 3.3.1 and 3.3.2 In terms of the total number of funded SMS posts is due to the change in political leadership of the Department. The change resulted in the additional post of technical specialist that was in the Department no longer filled, as the member of executive guide 20 November 2019, does not make provision for the post.

Table 3.3.3 Advertising and filling of SMS posts for the period 1 April 2020 and 31 March 2021

	Advertising	Filling of Posts			
SMS Level	Number of vacancies per level advertised in 6 months of becoming vacant	Number of vacancies per level filled in 6 months of becoming vacant	Number of vacancies per level not filled in 6 months but filled in 12 months		
Director-General/ Head of Department	0	0	0		
Salary Level 16	0	0	0		
Salary Level 15	0	0	0		
Salary Level 14	0	0	0		
Salary Level 13	3	0	0		
TOTAL	3	0	0		

Table 3.3.4 Reasons for not having complied with the filling of funded vacant SMS - advertised within 6 months and filled within 12 months after becoming vacant for the period 1 April 2020 and 31 March 2021

#### Reasons for vacancies not advertised within six months

There was moratorium placed in the filling of vacant positions in the Province since 2015, the moratorium was uplifted in November 2020 for critical posts only. The Department advertised three SMS post during that period.

#### Reasons for vacancies not filled within twelve months

There was moratorium placed in the filling of vacant positions in the Province since 2015, the moratorium was uplifted in November 2020 for critical posts only. The Department advertised three SMS post during that period.

#### **Notes**

In terms of the Public Service Regulations Chapter 1, PART VII c.1A.3, Departments must indicate good cause or reason for not having complied with the filling of SMS posts within the prescribed time frames.

Table 3.3.5 Disciplinary steps taken for not complying with the prescribed time frames for filling SMS posts within 12 months for the period 1 April 2020 and 31 March 2021

Reasons for vacancies not advertised within six months	
N/A	

	Reasons for vacancies not filled within six months
N/A	

#### **Notes**

In terms of the Public Service Regulations Chapter 1, part vii c.1A.2, Departments must indicate good cause or reason for not having complied with the filling of SMS posts within the prescribed time frames. In the event of non-compliance with this regulation, the relevant executive authority or Head of Department must take appropriate disciplinary steps in terms of section 16a(1) or (2) of the Public Service Act.

#### 3.4 Job Evaluation

Within a nationally determined framework, executing authorities May evaluate or re-evaluate any job in his or her organisation. In terms of the regulations all vacancies on salary levels 9 and higher must be evaluated before they are filled. The following table summarises the number of jobs that were evaluated during the year under review. The table also provides statistics on the number of posts that were upgraded or downgraded.

Table 3.4.1 Job Evaluation By Salary Band For The Period 1 April 2020 And 31 March 2021

	Number of	Number	% of posts	Posts U	Posts Upgraded		Posts downgraded	
Salary band	posts on approved establishment	of Jobs Evaluated	evaluated by salary bands	Number	% of posts evaluated	Number	% of posts evaluated	
Lower Skilled (Levels1-2)	2	0	0	0	0	0	0	
Skilled (Levels 3-5)	34	0	0	0	0	0	0	
Highly skilled production (Levels 6-8)	82	0	0	0	0	0	0	
Highly skilled supervision (Levels 9-12)	83	0	0	0	0	0	0	
Senior Management Service Band A	16	0	0	0	0	0	0	
Senior Management Service Band B	6	0	0	0	0	0	0	
Senior Management Service Band C	1	0	0	0	0	0	0	
Senior Management Service Band D	1	0	0	0	0	0	0	
Contract (Levels 3-5)	7	0	0	0	0	0	0	
Contract (Levels 6-8)	16	0	0	0	0	0	0	
Contract (Levels 9-12)	6	0	0	0	0	0	0	
Contract Band A	3	0	0	0	0	0	0	
TOTAL	257	0	0	0	0	0	0	

The following table provides a summary of the number of employees whose positions were upgraded due to their post being upgraded. The number of employees might differ from the number of posts upgraded since not all employees are automatically absorbed into the new posts and some of the posts upgraded could also be vacant.

Table 3.4.2 Profile of employees whose positions were upgraded due to their posts being upgraded for the period 1 April 2020 and 31 March 2021

Gender	African	Asian	Coloured	White	Total
Female	0	0	0	0	0
Male	0	0	0	0	0
TOTAL	0	0	0	0	0

Employees with a disability	None
Employees with a disability	140110

The Following Table Summarises The Number Of Cases Where Remuneration Bands Exceeded The Grade Determined By Job Evaluation. Reasons For The Deviation Are Provided In Each Case.

Table 3.4.3 Employees with salary levels higher than those determined by Job Evaluation by occupation for the period 1 April 2020 and 31 March 2021

Occupation	Number of employees	Job evaluation level	Remuneration level	Reason for deviation
None	0	0	0	0
Total number of employees v	valuation	0		
Percentage of total employed	d			0

The following table summarises the beneficiaries of the above in terms of race, gender, and disability.

Table 3.4.4 Profile of employees who have salary levels higher than those determined by job evaluation for the period 1 April 2020 and 31 March 2021

Gender	Afri	can	Asian		Colour	ed	Wh	ite		Total
Female	0		0		0		0		0	
Male	0		0		0		0		0	
Total	0		0		0		0		0	
Employees with a disability		0		0		0		0		0

#### Notes

If there were no cases where the salary levels were higher than those determined by job evaluation, keep the heading and replace the table with the following:

Total number of Employees whose salaries exceeded the grades determine by job evaluation	None
Total number of Employees whose salaries exceeded the grades determine by job evaluation	Nonc

### **Employment Changes**

This section provides information on changes in employment over the financial year. Turnover rates provide an indication of trends in the employment profile of the Department. The following tables provide a summary of turnover rates by salary band and critical occupations (see definition in notes below).

Table 3.5.1 Annual turnover rates by salary band for the period 1 April 2020 and 31 March 2021

Salary band	Number of employees at beginning of period-1 April 2020	Appointments and transfers into the Department	Terminations and transfers out of the Department	Turnover rate
Lower skilled ( Levels 1-2)	2	0	0	0
Skilled (Levels3-5)	28	0	2	7.14

TOTAL	226	11	16	7.07

#### Notes

The Core Classification, As Prescribed By The Dpsa, Should Be Used For Completion Of This Table.

Critical Occupations Are Defined As Occupations Or Sub-Categories Within An Occupation –

In Which There Is A Scarcity Of Qualified And Experienced Persons Currently Or Anticipated In The Future, Either Because Such Skilled Persons Are Not Available Or They Are Available But Do Not Meet The Applicable Employment Criteria;

For Which Persons Require Advanced Knowledge In A Specified Subject Area Or Science Or Learning Field And Such Knowledge Is Acquired By A Prolonged Course Or Study And/Or Specialised Instruction;

Where The Inherent Nature Of The Occupation Requires Consistent Exercise Of Discretion And Is Predominantly Intellectual In Nature; And

In respect of which a Department experiences a high degree of difficulty to recruit or retain the services of employees. The table below identifies the major reasons why staff left the Department.

Table 3.5.3 Reasons why staff left the Department for the period 1 April 2020 and 31 March 2021

Termination Type	Number	% of Total Resignations
Death	1	6.25
Resignation	2	12.5
Expiry of contract	10	62.5
Dismissal – operational changes	0	0
Dismissal – misconduct	0	0
Dismissal – inefficiency	0	0
Discharged due to ill-health	0	0
Retirement	1	6.25
Transfer to other Public Service Departments	2	12.5
Total	16	7.07
Total number of employees who left as a % of total employment	16	7.07

Table 3.5.4 Promotions by critical occupation for the period 1 April 2020 and 31 March 2021

Occupation	Employees 1 April 2020	Promotions to another salary level	Salary level pro- motions as a % of employees by occupation	Progressions to another notch within a salary level	Notch progression as a % of employees by occupation

Signing of performance agreements by SMS members

All members of the sms must conclude and sign performance agreements within specific timeframes. Information regarding the signing of performance agreements by sms members, the reasons for not complying within the prescribed timeframes and disciplinary steps taken is presented here.

Table 3.7.1 Signing of performance agreements by sms members as on 31 May 2020

SMS Level	Total number of funded SMS posts	Total number of SMS members	Total number of signed performance agree-ments	Signed performance agree- ments as % of total number of SMS members
Director-General/ Head of Department	1	1	1	100
Salary Level 16	0	0	0	0
Salary Level 15	0	0	0	0
Salary Level 14	6	6	6	100
Salary Level 13	20	17	17	100
Total	27	24	24	100

#### **Notes**

In the event of a national or provincial election occurring within the first three months of a financial year all members of the sms must conclude and sign their performance agreements for that financial year within three months following the month in which the elections took place. For example if elections took place in April, the reporting date in the heading of the table above should change to 31 July 2021.

Table 3.7.2 Reasons for not having concluded performance agreements for all sms members as on 31 March 2021

R			

N/A

#### **Notes**

The reporting date in the heading of this table should be aligned with that of table 3.7.1.

Table 3.7.3 Disciplinary steps taken against sms members for not having concluded performance agreements as on 31 March 2021

#### Reasons

02 Non-compliance Letters written to SMS members to provide reasons for non-compliance

#### **Notes**

The reporting date in the heading of this table should be aligned with that of table 3.7.1.

#### Performance rewards

To encourage good performance, the Department has granted the following performance rewards during the year under review. The information is presented in terms of race, gender, disability, salary bands and critical occupations (see definition in notes below).

Table 3.8.1 Performance rewards by race, gender and disability for the period 1 April 2020 to 31 March 2021

December		Beneficiary Profile		C	Cost
Race and Gender	Number of beneficiaries	Number of employees	% of total within group	Cost (R'000)	Average cost per employee
African					
Male	67	126	53,20	428,57	6 397

#### **Notes**

#### The core classification, as prescribed by the dpsa, should be used for completion of this table.

Critical occupations are defined as occupations or sub-categories within an occupation –

In which there is a scarcity of qualified and experienced persons currently or anticipated in the future, either because such skilled persons are not available or they are available but do not meet the applicable employment criteria;

For which persons require advanced knowledge in a specified subject area or science or learning field and such knowledge is acquired by a prolonged course or study and/or specialised instruction;

Where the inherent nature of the occupation requires consistent exercise of discretion and is predominantly intellectual in nature; and

In respect of which a Department experiences a high degree of difficulty to recruit or retain the services of employees;

Table 3.8.4 Performance related rewards (cash bonus), by salary band for senior management service for the period 1 April 2020 to 31 March 2021

		Beneficiary Profile			Cost	Total cost as a % of	
Salary band	Number of beneficiaries	Number of employees	% of total within salary bands	Total Cost (R'000)	Average cost per employee	the total personnel expenditure	
Band A	3	17	16,70	133	44 279,40	0,53	
Band B	1	6	16,70	30	29 919,10	0,12	
Band C	0	0	0	0	0	0	
Band D	0	1	0	0	0	0	
TOTAL	4	24	16	163	40 689,40	0,65	

#### Foreign workers

The tables below summarise the employment of foreign nationals in the Department in terms of salary band and major occupation.

Table 3.9.1 Foreign workers by salary band for the period 1 April 2020 and 31 March 2021

Calamakand	01 Apr	il 2020	31 Mai	rch 2021	Cł	Change		
Salary band	Number	% of total	Number	% of total	Number	% Change		
Lower skilled (1-2)	0	0	0	0	0	0		
Highly skilled production (Lev. 6-8)	0	0	0	0	0	0		
Highly skilled supervision (Lev. 9-12)	0	0	0	0	0	0		
Contract (level 9-12)	0	0	0	0	0	0		
Contract (level 13-16)	0	0	0	0	0	0		
TOTAL	0	0	0	0	0	0		

Table 3.9.2 Foreign workers by major occupation for the period 1 April 2020 and 31 March 2021

Major occupation	01 Apr	ril 2020	31 March	2021	Change		
iviajor occupation	Number % of total		Number	% of total	Number	% Change	
None	0	0	0	0	0	0	
TOTAL	0	0	0	0	0	0	

#### Leave Utilisation

The public service commission identified the need for careful monitoring of sick leave within the public service. The following tables provide an indication of the use of sick leave and disability leave. In both cases, the estimated cost of the leave is also provided.

Table 3.10.1 Sick leave for the period 1 January 2020 to 31 December 2020

Salary band	Total days	% Days with Medical certifi- cation	Number of Employees using sick leave	% of total employees using sick leave	Average days per employee	Estimated Cost (R'000)
Contract (Levels 6-8)	3	0	2	3,30	2	1
Highly skilled production (Levels 6-8)	77	37,70	24	40	3	126
Highly skilled supervision (Levels 9-12)	79	55,70	19	31,70	4	247
Senior management (Levels 13-16)	19	52,60	4	6,70	5	95
Skilled (Levels 3-5)	59	40,70	11	18,30	5	50
TOTAL	237	45,10	60	100	4	519

Table 3.10.2 Disability leave (temporary and permanent) for the period 1 January 2020 to 31 December 2020

Salary band	Total days	% Days with Med- ical certification	Number of Em- ployees using disability leave	% of total employees using disabil- ity leave	Average days per employee	Estimated Cost (R'000)
Lower skilled (Levels 1-2)	0	0	0	0	0	0
Skilled (Levels 3-5)	0	0	0	0	0	0
Highly skilled production (Levels 6-8)	0	0	0	0	0	0
Highly skilled supervision (Levels 9-12)	0	0	0	0	0	0
Senior management (Levels 13-16)	0	0	0	0	0	0
Total	0	0	0	0	0	0

The table below summarises the utilisation of annual leave. The wage agreement concluded with trade unions in the pscbc in 2000 requires management of annual leave to prevent high levels of accrued leave being paid at the time of termination of service.

Table 3.10.3 Annual leave for the period 1 January 2020 to 31 December 2020

Salary band	Total days taken	Number of Employees using annual leave	Average per employee
Lower skilled (Levels 1-2)	26	2	13
Skilled Levels 3-5)	494	27	18
Highly skilled production (Levels 6-8)	1 649	80	21
Highly skilled supervision(Levels 9-12)	1 420	73	19
Senior management (Levels 13-16)	391	20	20

Permanent Disablement	0	0
Fatal	1	0.4
Total	1	0.4

#### **Utilisation of Consultants**

The following tables relates information on the utilisation of consultants in the Department. In terms of the public service regulations "consultant' means a natural or juristic person or a partnership who or which provides in terms of a specific contract on an ad hoc basis any of the following professional services to a Department against remuneration received from any source:

### The rendering of expert advice;

The drafting of proposals for the execution of specific tasks; and

The execution of a specific task which is of a technical or intellectual nature, but excludes an employee of a Department.

Table 3.15.1 Report on consultant appointments using appropriated funds for the period 1 April 2020 and 31 March 2021

# Report of the auditor-general to the Mpumalanga Provincial Legislature on vote no. 6: Department of Economic Development and Tourism

#### Report on the audit of the financial statements

#### **Opinion**

- 1. I have audited the financial statements of the Department of Economic Development and Tourism set out on pages 144 to 214 which comprise the appropriation statement, statement of financial position as at 31 March 2021, the statement of financial performance, statement of changes in net assets and cash flow statement for the year then ended, as well as notes to the financial statements, including a summary of significant accounting policies.
- 2. In my opinion, the financial statements present fairly, in all material respects, the financial position of the Department of Economic Development and Tourism as at 31 March 2021, and its financial performance and cash flows for the year then ended in accordance with the Modified Cash Standard (MCS) and the requirements of the of the Public Finance Management Act 1 of 1999 (PFMA) and the Division of Revenue Act 4 of 2020 (Dora).

#### **Basis for opinion**

- 3. I conducted my audit in accordance with the International Standards on Auditing (ISAs). My responsibilities under those standards are further described in the auditor-general's responsibilities for the audit of the financial statements section of my report.
- 4. I am independent of the department in accordance with the International Ethics Standards Board for Accountants' *International code of ethics for professional accountants (including International Independence Standards)* (IESBA code) as well as other ethical requirements that are relevant to my audit in South Africa. I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA code.
- 5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

#### **Emphasis of matter**

6. I draw attention to the matter below. My opinion is not modified in respect of this matter.

#### **Restatement of corresponding figures**

7. As disclosed in note 27 to the financial statements, the corresponding figures for 31 March 2020 were restated as a result of an error in the financial statements of the department at, and for the year ended, 31 March 2021.

#### Responsibilities of the accounting officer for the financial statements

- 8. The accounting officer is responsible for the preparation and fair presentation of the financial statements in accordance with the MCS and the requirements of the PFMA and Dora, and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.
- 9. In preparing the financial statements, the accounting officer is responsible for assessing the department's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the appropriate governance structure either intends to liquidate the department or to cease operations, or has no realistic alternative but to do so.

#### Auditor-general's responsibilities for the audit of the financial statements

- 10. My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
- 11. A further description of my responsibilities for the audit of the financial statements is included in the annexure to this auditor's report.

#### Report on the audit of the annual performance report

#### Introduction and scope

- 12. In accordance with the Public Audit Act 25 of 2004 (PAA) and the general notice issued in terms thereof, I have a responsibility to report on the usefulness and reliability of the reported performance information against predetermined objectives for selected programme presented in the annual performance report. I performed procedures to identify material findings but not to gather evidence to express assurance.
- 13. My procedures address the usefulness and reliability of the reported performance information, which must be based on the department's approved performance planning documents. I have not evaluated the completeness and appropriateness of the performance indicators included in the planning documents. My procedures do not examine whether the actions taken by the department enabled service delivery. My procedures do not extend to any disclosures or assertions relating to the extent of achievements in the current year or planned performance strategies and information in respect of future periods that may be included as part of the reported performance information. Accordingly, my findings do not extend to these matters.
- 14. I evaluated the usefulness and reliability of the reported performance information in accordance with the criteria developed from the performance management and reporting

framework, as defined in the general notice, for the following selected programme presented in the department's annual performance report for the year ended 31 March 2021:

Programme	Pages in the annual performance report
Programme 3 – trade and sector development	53 - 61

- 15. I performed procedures to determine whether the reported performance information was properly presented and whether performance was consistent with the approved performance planning documents. I performed further procedures to determine whether the indicators and related targets were measurable and relevant, and assessed the reliability of the reported performance information to determine whether it was valid, accurate and complete.
- 16. I did not identify any material findings on the usefulness and reliability of the reported performance information for this programme:
  - Programme 3 Trade and sector development

#### Other matter

17. I draw attention to the matter below. My opinion is not modified in respect of this matter

#### **Achievement of planned targets**

18. Refer to the annual performance report on pages 33 to 75 for information on the achievement of planned targets for the year and explanations provided for the under/over achievement of a number of targets.

#### Report on the audit of compliance with legislation

#### Introduction and scope

- 19. In accordance with the PAA and the general notice issued in terms thereof, I have a responsibility to report material findings on the department's compliance with specific matters in key legislation. I performed procedures to identify findings but not to gather evidence to express assurance.
- 20. The material findings on compliance with specific matters in key legislation are as follows:

#### Financial statements, performance report and annual report

- 21. The financial statements submitted for auditing were not prepared in accordance with the prescribed financial reporting framework, as required by section 40(1) (b) of the PFMA.
- 22. Material misstatements of disclosure items identified by the auditors in the submitted financial statement were corrected, resulting in the financial statements receiving an unqualified opinion.

#### Other information

- 23. The accounting officer is responsible for the other information. The other information comprises the information included in the annual report, The other information does not include the financial statements, the auditor's report and the selected programme presented in the annual performance report that have been specifically reported in this auditor's report.
- 24. My opinion on the financial statements and findings on the reported performance information and compliance with legislation do not cover the other information and I do not express an audit opinion or any form of assurance conclusion on it.
- 25. In connection with my audit, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements and the selected programme presented in the annual performance report, or my knowledge obtained in the audit, or otherwise appears to be materially misstated.
- 26. If based on the work I have performed, I conclude that there is a material misstatement in this other information, I am required to report that fact.
- 27. I have nothing to report in this regard.

#### Internal control deficiencies

- 28. I considered internal control relevant to my audit of the financial statements, reported performance information and compliance with applicable legislation; however, my objective was not to express any form of assurance on it. The matters reported below are limited to the significant internal control deficiencies that resulted in the findings on compliance with legislation.
- 29. The department developed a plan to address internal and external audit findings, but the appropriate level of management did not adequately monitor adherence to the plan in a timely manner as there were recurring issues of material misstatements in the financial statements.

Auditor-General

Mbombela

02 August 2021

Auditing to build public confidence

#### Annexure – Auditor-general's responsibility for the audit

 As part of an audit in accordance with the ISAs, I exercise professional judgement and maintain professional scepticism throughout my audit of the financial statements and the procedures performed on reported performance information for selected programmes and on the department's compliance with respect to the selected subject matters.

#### **Financial statements**

- 2. In addition to my responsibility for the audit of the financial statements as described in this auditor's report, I also:
  - identify and assess the risks of material misstatement of the financial statements, whether
    due to fraud or error; design and perform audit procedures responsive to those risks; and
    obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion.
    The risk of not detecting a material misstatement resulting from fraud is higher than for one
    resulting from error, as fraud may involve collusion, forgery, intentional omissions,
    misrepresentations or the override of internal control
  - obtain an understanding of internal control relevant to the audit in order to design audit
    procedures that are appropriate in the circumstances, but not for the purpose of expressing
    an opinion on the effectiveness of the department's internal control
  - evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the accounting officer
  - conclude on the appropriateness of the accounting officer's use of the going concern basis of accounting in the preparation of the financial statements. I also conclude, based on the audit evidence obtained, whether a material uncertainty exists relating to events or conditions that may cast significant doubt on the ability of the department to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements about the material uncertainty or, if such disclosures are inadequate, to modify my opinion on the financial statements. My conclusions are based on the information available to me at the date of this auditor's report. However, future events or conditions may cause a department to cease operating as a going concern
  - evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

#### Communication with those charged with governance

- 3. I communicate with the accounting officer regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.
- 4. I also provide the accounting officer with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence and, where applicable, actions taken to eliminate threats or safeguards applied.

### **Notes to the Appropriation Statement**

### 1. Detail of transfers and subsidies as per Appropriation Act (after Virement):

Detail of these transactions can be viewed in the note 6 on Transfers and subsidies, disclosure notes and Annexure 1B,1D and 1G to the annual financial statements.

### 2. Detail of specifically and exclusively appropriated amounts voted (after Virement):

Detail of these transactions can be viewed in note 1 Annual appropriation to the annual financial statements.

### 3. Detail on payments for financial assets

Details of these transactions per programme can be viewed in the note on Payments for financial assets to the annual financial statements.

### 4. Explanations of material variances from Amounts Voted (after Virement):

### 4.1 Per programme

Figures in Rand thousand	Final Appropriation	Actual Expenditure	Variance	Variance as a % of Final Appropriation
Administration	86 082	82 625	3 457	4.0 %
Integrated Economic Development	470 069	466 735	3 334	0.7 %
Trade and Sector Development	19 102	17 937	1 165	6.1 %
Business Regulation and Governance	103 758	103 628	130	0.1 %
Economic Planning	17 008	16 235	773	4.5 %
Tourism	386 628	385 127	1 501	0.4 %

### Compensation of employees

The underspending on compensation of employees is a result of budget for the filling of vacant posts for which approval was granted, but in respect of which appointment processes were not complete by the end of the year under review.

### **Goods and Services**

**Under Programme** 1 -The underspending in Programme one is as a result of reduction travel by Officials due to hard lock-down imposed under Disaster Management Act emanating from the COVID-19 Pandemic. In addition PMDS payments were less than originally budgeted per Programme

**Under Programme** 3 This was mainly due to the delay in finalising the Statutory Requirement Processes due to the objections against the Forestry Industrial Park, which necessitated the Department to rework the required Environmental Scoping Report. Further to this, due to the COVID-19 lockdown regulations the programme was unable to interact on various interventions with role players leading to a substantial saving on fuel and accommodation within the goods & services economic classification.

**Under Programme** 4 The budget for goods and services covers mostly the activities for consumer education workshops and radio slots, Consumer Court sittings and Municipal Workshops on by-laws. All these activities could not be done extensively and were impacted by the COVID-19 regulations as no workshops nor could court sittings take place. Due to delay in procurement, radio slots could not be done on time. The Programme will be opting for use of digital platforms and social media for workshops in the future

**Under Programme** 5 The Goods and Services budget of the programme could not be fully utilised by the end of the financial year as the COVID-19 pandemic affected the item on travel and accommodation. Attendance has been remote and as a result, travel and accommodation costs has not been utilized. However, the activities of the programme were being monitored on a regular basis and the programme has implemented the planned targets in the APP since the beginning of the financial year.

**Under Programme** 6 The finalisation of the Business Model and Commercial Feasibility of the Rail Tourism project took slightly longer than anticipated, particularly as it related to stakeholder development and mapping processes. Due to the prevalence of the COVID-19 restrictions, engagements with various stakeholders had to take a few turns. As a consequence of this, some elements of the planning and commercial feasibility development processes overlapped into the 2021/22 financial year.

### Summary of significant accounting policies

The annual financial statements have been prepared in accordance with the following policies, which have been applied consistently in all material aspects, unless otherwise indicated. Management has concluded that the annual financial statements present fairly the department's primary and secondary information.

The historical cost convention has been used, except where otherwise indicated. Management has used assessments and estimates in preparing the annual financial statements. These are based on the best information available at the time of preparation.

Where appropriate and meaningful, additional information has been disclosed to enhance the usefulness of the annual financial statements and to comply with the statutory requirements of the Public Finance Management Act (PFMA), Act 1 of 1999 (as amended by Act 29 of 1999, and the Treasury Regulations issued in terms of the PFMA and the annual Division of Revenue Act.

### 1. Basis of preparation

The annual financial statements have been prepared in accordance with the Modified Cash Standard.

### 2. Going concern

The annual financial statements have been prepared on a going concern basis.

### 3. Presentation currency

Amounts have been presented in the currency of the South African Rand () which is also the functional currency of the department.

### 4. Rounding

Unless otherwise stated financial figures have been rounded to the nearest one thousand Rand ().

### 5. Foreign currency translation

Cash flows arising from foreign currency transactions are translated into South African Rand using the spot exchange rates prevailing at the date of payment / receipt.

### 6. Comparative information

### 6.1 Prior period comparative information

Prior period comparative information has been presented in the current year's annual financial statements. Where necessary figures included in the prior period annual financial statements have been reclassified to ensure that the format in which the information is presented is consistent with the format of the current year's annual financial statements.

### 6.2 Current year comparison with budget

A comparison between the approved, final budget and actual amounts for each programme and economic classification is included in the appropriation statement.

### 7. Revenue

### 7.1 Appropriated funds

Appropriated funds comprises of departmental allocations as well as direct charges against the revenue fund (i.e. statutory appropriation).

Appropriated funds are recognised in the statement of financial performance on the date the appropriation becomes effective. Adjustments made in terms of the adjustments budget process are recognised in the statement of financial performance on the date the adjustments become effective.

The net amount of any appropriated funds due to / from the relevant revenue fund at the reporting date is recognised as a payable / receivable in the statement of financial position.

### 7.2 Departmental revenue

Departmental revenue is recognised in the statement of financial performance when received and is subsequently paid into the relevant revenue fund, unless stated otherwise.

Any amount owing to the relevant revenue fund at the reporting date is recognised as a payable in the statement of financial position.

### 7.3 Accrued departmental revenue

Accruals in respect of departmental revenue (excluding tax revenue) are recorded in the notes to the annual financial statements when:

- it is probable that the economic benefits or service potential associated with the transaction will flow to the department; and
- the amount of revenue can be measured reliably.

Accrued tax revenue (and related interest and / penalties) is measured at amounts receivable from collecting agents.

Write-offs are made according to the department's debt write-off policy.

### 8. Expenditure

### 8.1 Compensation of employees

### 8.1.1 Salaries and wages

Salaries and wages are recognised in the statement of financial performance on the date of payment.

### 8.1.2 Social contributions

Social contributions made by the department in respect of current employees are recognised in the statement of financial performance on the date of payment.

Social contributions made by the department in respect of ex-employees are classified as transfers to households in the statement of financial performance on the date of payment.

### 8.2 Other expenditure

Other expenditure (such as goods and services, transfers and subsidies and payments for capital assets) is recognised in the statement of financial performance on the date of payment. The expense is classified as a capital expense if the total consideration paid is more than the capitalisation threshold.

### 8.3 Accruals and payables not recognised

Accruals and payables not recognised are recorded in the notes to the annual financial statements at cost at the reporting date.

### 8. Expenditure (continued)

### 8.4 Leases

### 8.4.1 Operating leases

Operating lease payments made during the year under review are recognised as current expenditure in the statement of financial performance on the date of payment.

The operating lease commitments are recorded in the notes to the annual financial statements.

### 8.4.2 Finance leases

Finance lease payments made during the reporting period are recognised as capital expenditure in the statement of financial performance on the date of payment.

The finance lease commitments are recorded in the notes to the annual financial statements and are not apportioned between the capital and interest portions.

Finance lease assets acquired at the end of the lease term are recorded and measured at the lower of:

- cost, being the fair value of the asset; or
- the sum of the minimum lease payments made, including any payments made to acquire ownership at the end of the lease term, excluding interest.

### Aid assistance

### 9.1 Aid assistance received

Aid assistance received in cash is recognised in the statement of financial performance when received. In-kind aid assistance is recorded in the notes to the annual financial statements on the date of receipt and is measured at fair value.

Aid assistance not spent for the intended purpose and any unutilised funds from aid assistance that are required to be refunded to the donor are recognised as a payable in the statement of financial position.

### 9.2 Aid assistance paid

Aid assistance paid is recognised in the statement of financial performance on the date of payment. Aid assistance payments made prior to the receipt of funds are recognised as a receivable in the statement of financial position.

### 10. Cash and cash equivalents

Cash and cash equivalents are stated at cost in the statement of financial position.

Bank overdrafts are shown separately on the face of the statement of financial position as a current liability.

For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand, deposits held, other short-term highly liquid investments and bank overdrafts.

### 11. Prepayments and advances

Prepayments and advances are recognised in the statement of financial position when the department receives or disburses the cash.

Prepayments and advances are initially and subsequently measured at cost.

### 12. Loans and receivables

Loans and receivables are recognised in the statement of financial position at cost plus accrued interest, where interest is charged, less amounts already settled or written-off. Write-offs are made according to the department's write-off policy.

### 13. Investments

Investments are recognised in the statement of financial position at cost.

### 14. Financial assets

### 14.1 Financial assets (not covered elsewhere)

A financial asset is recognised initially at its cost, plus transaction costs that are directly attributable to the acquisition or issue of the financial asset.

At the reporting date, a department shall measure its financial assets at cost, less amounts already settled or written-off, except for recognised loans and receivables, which are measured at cost plus accrued interest, where interest is charged, less amounts already settled or written-off.

### 14.2 Impairment of financial assets

Where there is an indication of impairment of a financial asset, an estimation of the reduction in the recorded carrying value, to reflect the best estimate of the amount of the future economic benefits expected to be received from that asset, is recorded in the notes to the annual financial statements.

### 15. Payables

Payables recognised in the statement of financial position are recognised at cost.

### 16. Capital assets

### 16.1 Immovable capital assets

Immovable assets reflected in the asset register of the department are recorded in the notes to the annual financial statements at cost or fair value where the cost cannot be determined reliably. Immovable assets acquired in a non-exchange transaction are recorded at fair value at the date of acquisition. Immovable assets are subsequently carried in the asset register at cost and are not currently subject to depreciation or impairment.

Subsequent expenditure of a capital nature forms part of the cost of the existing asset when ready for use.

Additional information on immovable assets not reflected in the assets register is provided in the notes to annual financial statements.

### 16.2 Movable capital assets

Movable capital assets are initially recorded in the notes to the annual financial statements at cost. Movable capital assets acquired through a non-exchange transaction is measured at fair value as at the date of acquisition.

Where the cost of movable capital assets cannot be determined reliably, the movable capital assets are measured at fair value and where fair value cannot be determined; the movable assets are measured at R1.

All assets acquired prior to 1 April 2002 (or a later date as approved by the OAG) may be recorded at R1.

Movable capital assets are subsequently carried at cost and are not subject to depreciation or impairment.

Subsequent expenditure that is of a capital nature forms part of the cost of the existing asset when ready for use.

### 16.3 Intangible assets

Intangible assets are initially recorded in the notes to the annual financial statements at cost. Intangible assets acquired through a non-exchange transaction are measured at fair value as at the date of acquisition.

Internally generated intangible assets are recorded in the notes to the annual financial statements when the department commences the development phase of the project.

### 16. Capital assets (continued)

Where the cost of intangible assets cannot be determined reliably, the intangible capital assets are measured at fair value and where fair value cannot be determined; the intangible assets are measured at R1

All assets acquired prior to 1 April 2002 (or a later date as approved by the OAG) may be recorded at R1.

Intangible assets are subsequently carried at cost and are not subject to depreciation or impairment.

Subsequent expenditure of a capital nature forms part of the cost of the existing asset when ready for use.

### 16.4 Project costs: Work-in-progress

Expenditure of a capital nature is initially recognised in the statement of financial performance at cost when paid.

Amounts paid towards capital projects are separated from the amounts recognised and accumulated in work-in-progress until the underlying asset is ready for use. Once ready for use, the total accumulated payments are recorded in an asset register. Subsequent payments to complete the project are added to the capital asset in the asset register.

Where the department is not the custodian of the completed project asset, the asset is transferred to the custodian subsequent to completion.

### 17. Provisions and contingents

### 17.1 Provisions

Provisions are recorded in the notes to the annual financial statements when there is a present legal or constructive obligation to forfeit economic benefits as a result of events in the past and it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate of the obligation can be made. The provision is measured as the best estimate of the funds required to settle the present obligation at the reporting date.

### 17.2 Contingent liabilities

Contingent liabilities are recorded in the notes to the annual financial statements when there is a possible obligation that arises from past events, and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not within the control of the department or when there is a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation or the amount of the obligation cannot be measured reliably.

### 17.3 Contingent assets

Contingent assets are recorded in the notes to the annual financial statements when a possible asset arises from past events, and whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not within the control of the department.

### 17.4 Capital Commitments

Commitments (other than for transfers and subsidies) are recorded at cost in the notes to the annual financial statements when there is a contractual arrangement or an approval by management in a manner that raises a valid expectation that the department will discharge its responsibilities thereby incurring future expenditure that will result in the outflow of cash.

### 18. Unauthorised expenditure

Unauthorised expenditure is recognised in the statement of financial position until such time as the expenditure is either:

- approved by Parliament or the Provincial Legislature with funding and the related funds are received; or
- approved by Parliament or the Provincial Legislature without funding and is written off against the appropriation in the statement of financial position; or
- transferred to receivables for recovery.

Unauthorised expenditure is measured at the amount of the confirmed unauthorised expenditure.

### 19. Fruitless and wasteful expenditure

Fruitless and wasteful expenditure is recorded in the notes to the annual financial statements when confirmed. The amount recorded is equal to the total value of the fruitless and or wasteful expenditure incurred.

Fruitless and wasteful expenditure is removed from the notes to the annual financial statements when it is resolved or transferred to receivables for recovery.

Fruitless and wasteful expenditure receivables are measured at the amount that is expected to be recoverable and are derecognised when settled or subsequently written-off as irrecoverable.

### 20. Irregular expenditure

Irregular expenditure is recorded in the notes to the annual financial statements when confirmed. The amount recorded is equal to the value of the irregular expenditure incurred unless it is impracticable to determine, in which case reasons therefore are provided in the note.

Irregular expenditure is removed from the note when it is either condoned by the relevant authority, transferred to receivables for recovery, not condoned and removed or written-off.

Irregular expenditure receivables are measured at the amount that is expected to be recoverable and are de-recognised when settled or subsequently written-off as irrecoverable.

### 21. Changes in accounting policies, accounting estimates and errors

Changes in accounting policies that are affected by management have been applied retrospectively in accordance with MCS requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the change in policy. In such instances the department shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable.

Changes in accounting estimates are applied prospectively in accordance with MCS requirements.

Correction of errors is applied retrospectively in the period in which the error has occurred in accordance with MCS requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the error. In such cases the department shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable.

### 22. Events after the reporting date

Events after the reporting date that are classified as adjusting events have been accounted for in the annual financial statements. The events after the reporting date that are classified as non-adjusting events after the reporting date have been disclosed in the notes to the annual financial statements.

### 23. Principal-Agent arrangements

The department is party to a principal-agent arrangement for [include details here]. In terms of the arrangement the department is the and is responsible for [include details here]. All related revenues, expenditures, assets and liabilities have been recognised or recorded in terms of the relevant policies listed herein. Additional disclosures have been provided in the notes to the annual financial statements where appropriate.

### 24. Departures from the MCS requirements

Management has concluded that the financial statements present fairly the department's primary and secondary information; that the department complied with the Standard except that it has departed from a particular requirement to achieve fair presentation; and the requirement from which the department has departed, the nature of the departure and the reason for departure.]

### 25. Capitalisation reserve

The capitalisation reserve comprises of financial assets and/or liabilities originating in a prior reporting period, but which are recognised in the statement of financial position for the first time in the current reporting period. Amounts are recognised in the capitalisation reserves when identified in the current period and are transferred to the National/Provincial Revenue Fund when the underlying asset is disposed and the related funds are received.

### 26. Recoverable revenue

Amounts are recognised as recoverable revenue when a payment made in a previous financial year becomes recoverable from a debtor in the current financial year. Amounts are either transferred to the National/Provincial Revenue Fund when recovered or are transferred to the statement of financial performance when written-off.

### 27. Related party transactions

Related party transactions within the Minister/MEC's portfolio are recorded in the notes to the annual financial statements when the transaction is not at arm's length.

The number of individuals and the full compensation of key management personnel is recorded in the notes to the annual financial statements.

### 28. Inventories

At the date of acquisition, inventories are recognised at cost in the statement of financial performance.

Where inventories are acquired as part of a non-exchange transaction, the inventories are measured at fair value as at the date of acquisition.

Inventories are subsequently measured at the lower of cost and net realisable value or where intended for distribution (or consumed in the production of goods for distribution) at no or a nominal charge, the lower of cost and current replacement value

The cost of inventories is assigned by using the weighted average cost basis.

### 29. Public-Private Partnerships

Public Private Partnerships are accounted for based on the nature and or the substance of the partnership. The transaction is accounted for in accordance with the relevant accounting policies.

A summary of the significant terms of the PPP agreement, the parties to the agreement, and the date of commencement thereof together with the description and nature of the concession fees received, the unitary fees paid, rights and obligations of the department are recorded in the notes to the annual financial statements.

### 30. Employee benefits

The value of each major class of employee benefit obligation (accruals, payables not recognised and provisions) is disclosed in the Employee benefits note.

### 31. Transfers of functions

Transfers of functions are accounted for by the acquirer by recognising or recording assets acquired and liabilities assumed at their carrying amounts at the date of transfer.

Transfers of functions are accounted for by the transferor by derecognising or removing assets and liabilities at their carrying amounts at the date of transfer.

### 32. Mergers

Mergers are accounted for by the combined department by recognising or recording assets acquired and liabilities assumed at their carrying amounts at the date of the merger.

### 32. Mergers (continued)

Mergers are accounted for by the combining departments by derecognising or removing assets and liabilities at their carrying amounts at the date of the merger.

Annual Financial Statements for the year ended 31 March 2021

### **Notes to the Annual Financial Statements**

Figures in Rand thousand	Note	2020/2021	2019/2020

### 1. Annual appropriation

### 1.1 Annual appropriation

Included are funds appropriated in terms of the Appropriation Act (and the Adjustments Appropriation Act) for National Departments (Voted funds) and Provincial Departments:

Figures in Rand thousand	2020	/2021	2019/2020	
	Final	Actual Funds	Final	Appropriation
	Appropriation	Received	Appropriation	received
Administration	86 082	86 082	108 582	108 582
