### 3. PREMIER'S FOREWORD

**MR. MANDLA NDLOVU**  
PREMIER OF MPUMALANGA

The presentation of this Annual Report is premised within the context of the National Development Plan and the Provincial Strategic Framework for implementation of Vision 2030 (2019/24 Medium Term Strategic Framework), 2020 -25 Strategic Plan as well as the 2023-24 Annual Performance Plan.

The Annual Report is presented in year of transitioning from the 6th to the 7th Administration. It depicts key achievements, challenges as well as future plans for the OTP.

**Achievements in relation to policy directives, 2019-24 Medium Term Strategic Framework and department's outcomes**

The OTP is responsible for coordinating the alignment and implementation of the seven (7) key priorities contained in the Revised 2019/24 MTSF, and directly contributes to Priorities 1 and 7, including the cross cutting Priorities, namely:

- Priority 1: A capable, ethical and developmental state;
- Priority 7: A better Africa and the World, and the Cross-cutting Priority in respect of Women Youth and Persons with Disabilities.

During the year under review, the following achievements in line with the MTSF were realised:

- The OTP coordinated all Departments and the Public Entities to ensure alignment of their respective APPs to the revised 2019/24 MTSF and other policy statements such as SOPA. District and Local Municipalities were also coordinated in collaboration with COGTA for alignment of IDPs.
- Coordinated the Outbound missions to promote peace and invite domestic and foreign investors into the Province. First, the mission to Germany for a world exhibition travel incentive and this was followed by a benchmarking exercise to Austria for herbs and vegetable dehydration processing.
- As part of our commitment to fight the scourge of Gender Based Violence and Femicide, the Province has finalised the GBVF strategy.

- The OTP continued to support qualifying Youth Enterprises with funding, through the PYDF and has partnered with ABSA that provided training on business acumen and technical support.

The OTP identified the following four institutional outcomes namely; improved ethical culture, effective control; improved trust as well as good performance. The targeted outcomes achieved are as follows:

- With regards to improved ethical culture, no instance of unethical conduct was reported.
- Regarding effective control, security breaches in the MPG have decreased from 50 the previous financial year to 46. Ten Departments in the MPG achieved unqualified audit outcomes, an increase by two compared to the eight realized in the previous Financial Year.
- To test the level of public trust in the MPG, a citizen's satisfaction survey was conducted in four Departments namely, DoH, DoE, DSD, and DCSSL. The outcome revealed that the public is satisfied with services received from these four Departments. The OTP used multi-media platforms (e.g. social media, newsletters, radio slots, etc.), to communicate to the public on government delivery services and also coordinated two Premier's outreach programmes one at Bushbuckridge and also at Goven Mbeki Municipalities as well as one Presidential Imbizo at eMalahleni Municipality.
- As part of our monitoring and evaluation mandate, the OTP monitored service delivery indicators which includes among others, percentage of households with internet access which has increased from 56% to 78% The number of unemployed women dropped from 50,5% to 42,5 There was also a reduction of a number unemployed youth (15-34) from 66,5% to 51,5%

### **Challenges for the financial year under review**

During the year under review, the OTP experienced among others, the following challenges:

- Cost containment measures imposed by the National Treasury. This impacted negatively on the filling of vacant funded positions.
- Extreme weather patterns caused by El Nino wreaked havoc on infrastructure across the Country and specifically in Mpumalanga.
- Persistent and escalated stages of load-shedding, with a detrimental effect on business, especially SMMEs which cannot afford alternative energy.
- Non-achievement of 50% target on women representation at SMS level.

- Perpetual gender-based violence and femicide.
- High rates of Youth unemployment.

**The strategic focus over the medium to long-term period**

- The support of the youth enterprises through the Premier's Youth Development Fund.
- Implementation of the Integrated Provincial Plan to fight Gender Based Violence and Femicide, which includes establishing and launching of the Provincial GBVF Council.
- Forge domestic and international partnerships that are mutually beneficial and promote friendship and peace.
- Implementation of initiatives for the institutionalisation of the Just Energy Transition Framework.
- Intensify the professionalization of the Public Service in the Provincial sphere.
- Coordination and monitoring of the service delivery complaints through the Service Delivery Monitoring Tool.
- Review of current arrangement, performance and mandates of state owned entities
- Executive support of the Provincial Operation Clean Audit Committee.
- Compile and present the provincial 30-year review report.

I wish to extend my gratitude to the Executive Council, the Acting Director-General, Heads of Departments, Management in the MPG and the staff in general for the continuous support in carrying out the mandate of the office. We also appreciate the public support and willingness to hold us accountable to our commitments that we make through various platforms, including the public engagement during EXCO Outreach.

---

**Mr MP NDLOVU**  
**PREMIER OF MPUMALANGA PROVINCE**  
**DATE: 30 AUGUST 2024**

## 4. REPORT OF THE ACCOUNTING OFFICER

### 4.1 Overview of the operations of the Office:

**MR. TP NYONI**  
ACTING DIRECTOR - GENERAL  
OFFICE OF THE PREMIER OF MPUMALANGA

The 2024 is the year of National and Provincial elections. This effectively means that the 2024/25 Financial Year is a transition year between the 6<sup>th</sup> and the 7<sup>th</sup> administration. The Office of the Premier (OTP) will strive to ensure continuity of planning, budgeting and reporting processes between the 6<sup>th</sup> and 7<sup>th</sup> Administration at all provincial institutions.

It is important to understand the context in which the OTP operated. During the 2023-24 Financial Year, the OTP experienced among others, the following challenges: Shrinking world economy, which result in slow economic growth in the Country and implementation of Cost containment measures (as directed by the National Treasury). This impacted negatively in filling of vacant funded positions;

- Extreme weather patterns caused by El Nino that wreaked havoc on infrastructure across the Country and specifically in Mpumalanga, which is always a set-back to progress made in improving the lives of the inhabitants of Mpumalanga; and
- Load shedding continued to negatively impact on the business operations, especially SMMEs that cannot afford alternative energy.

The OTP acknowledge the impact that these challenges had on its operations and measures which were put in place to ensure that service delivery is not negatively affected. The OTP continued to respond to the plight of the designated groups, namely; Women, Youth, Elderly and People with Disabilities. This was achieved firstly through monitoring the implementation of the Gender Responsive Framework on Planning, Budgeting, Monitoring, Evaluation and Auditing to track the Department's alignment and compliance to the provisions of the framework.

Secondly, 82 (new cohort) Youth Owned entities were supported through the Premier's Youth Development Fund. Since its inception, the Fund has approved 182 business enterprises. The MPG has established partnership with ABSA to support the beneficiaries on various business skills modules (i.e. business sustainability, access to funding, compliant business entities, creating more employment opportunities, etc.). In 2024/25 Financial Year, the OTP together with all relevant partners will host a Business Breakfast

for PYDF beneficiaries and this platform will create networking opportunities for these young entrepreneurs.

Thirdly, the Province has finalised the GBVF strategy and lastly, the MPG's procurement budget spent on Women enterprises is at 21,36% which is below the National target of 40%. To improve the MPG's performance in this regard, the OTP will ensure that the Performance Agreements of the HoDs and SMS Members promote the agenda of women advancement.

In a quest to improve public trust on quality of services rendered by the MPG, the OTP coordinated two outreach programmes, at Bushbuckridge and Govan Mbeki Local Municipalities, as well as Presidential Imbizo at eMalahleni Local Municipality. This is an important public participation platform, which aims to provide a platform for -

- giving inhabitants of the Province a voice;
- the President/Premier/MEC an opportunity to listen to the people and respond to their concerns;
- assessing the level of service delivery in the Province;
- tracking progress on the institutionalisation of the DDM (One Plan) in the Province;
- mobilisation of community participation and support for the work of government; and
- resolving any blockages that hamper economic growth and efforts to mitigate the triple challenges (Unemployment, Poverty, and Inequality).

The Outreach and Imbizos programmes are an all of government and society approach which enables integrated and responsive planning, budgeting, implementation, as well as monitoring and evaluation through the 'One Plan Approach'. The 'One Plan' is central to building an accountable, ethical, capable and developmental state that delivers on its mandate.

The OTP further facilitated outbound missions led by the Premier to promote peace and lure investors with common interests to the Province. First, the Premier led a delegation to Germany for a world exhibition travel incentive and thereafter ensued a benchmarking exercise to Austria for herbs and vegetable dehydration processing. Secondly, the Premier led a delegation to the United Nations Climate Change Conference (COP28) from the 1 - 8 December 2023.

The Financial Year 2023/24 was the period for the implementation of the new 2023 – 2028 NSP for HIV, TB & STI was launched on 24 March 2023 at Bushbuckridge Municipality. Through the Provincial Steering Committee, the OTP commenced with the development of the Provincial Implementation Plan for HIV, TB & STI for 2023 – 2028 aligned to the NSP.

The OTP strives to strike a balance between financial performance and non-financial performance. In respect of the Financial Year under review, the average performance against the Annual Performance Plan is 90%. This is a 28% improvement as compared to the 62% achievement of 2022/23 Financial Year. The overall non-financial performance (performance information) of the OTP per programme for year under review is depicted in the table below:

**Table: OTP 2023/24 Financial Year overall non-financial performance**

Name of the Programme	Planned Indicators	Achieved Indicators	% Achieved	Indicators Overachieved
Programme1: Administration	4	3	75%	0
Programme 2: Institutional Development	9	9	100%	2
Programme 3: Policy and Governance	16	14	88%	1
<b>Total</b>	<b>29</b>	<b>26</b>	<b>90%</b>	<b>3</b>

**Figure 1: 2023/24 Comparison of Non-financial Performance and Financial Performance**

## 4.2 Overview of the financial results of the OTP:

### 4.2.1 Departmental receipts

Departmental receipts	2023/2024			2022/2023		
	Estimate	Actual Amount Collected	(Over)/Under Collection	Estimate	Actual Amount Collected	(Over)/Under Collection
	R'000	R'000	R'000	R'000	R'000	R'000
Sale of goods and services other than capital assets	214	190	24	220	186	43
Interest, dividends and rent on land	562	1 138	(576)	246	1 099	(853)
Sale of capital assets	187	-	187	178	-	178
Financial transactions in assets and liabilities	1 358	1 364	(6)	-	108	(108)
<b>Total</b>	<b>2 321</b>	<b>2 692</b>	<b>(371)</b>	<b>644</b>	<b>1 393</b>	<b>(749)</b>

### 4.2.2 Programme Expenditure

Programme Name	2023/2024			2022/2023		
	Final Appropriation	Actual Expenditure	(Over)/Under Expenditure	Final Appropriation	Actual Expenditure	(Over)/Under Expenditure
	R'000	R'000	R'000	R'000	R'000	R'000
Administration	175 396	175 321	75	156 666	156 606	60
Institutional Development	98 588	98 569	19	81 455	81 154	301
Policy and Governance	224 148	200 645	23 503	123 705	119 386	4 319
<b>Total</b>	<b>498 132</b>	<b>474 535</b>	<b>23 597</b>	<b>361 826</b>	<b>357 146</b>	<b>4 680</b>

#### **4.2.3 Virements / Roll-overs**

##### **Virements of funds between programmes**

The following virements were made to Programme 1: Administration and Programme 3: Policy and Governance respectively from Programme 2: Institutional Development, to defray anticipated expenditure.

- An amount of R5 013 000 was shifted from Programme 2: Institutional Development to Programme 1: Administration; and
- An amount of R3 021 000 was shifted from Programme 2: Institutional Development to Programme 3: Policy and Governance.

These virements were applied between Programmes in terms of section 43 of the PFMA.

##### **Roll-overs**

Requests for roll-overs were made to the amount of R2 447 000 in respect of the 2023/2024 Financial Year and it was not approved.

#### **4.2.4 A description of the reasons for unauthorised, fruitless and wasteful expenditure and the amounts involved as well as steps taken to address and prevent a recurrence**

##### **Unauthorized Expenditure**

The OTP did not incur unauthorized expenditure for the period ending 31 March 2024.

##### **Irregular Expenditure**

The irregular expenditure identified in the year under review amount to R19 927 000 described as follows: R114 000 incurred directly and R19 813 000 emanate from the participating in the DCSR contract.

##### **Fruitless and wasteful expenditure**

Fruitless and wasteful expenditure identified in the current Financial Year amounting to R1 654 000 was as a result of no-show on accommodation and poor quality of third party invoice submitted to the main supplier

#### **4.2.5 The strategic focus over the short to medium-term period**

- Continuance of support to the youth enterprises through the PYDF;
- Implementation of the Integrated Provincial Plan to fight GBVF which includes establishing and launching the Provincial GBVF Council;

- Forge domestic and international partnerships that are mutually beneficial and promote friendship and peace;
- Implementation of initiatives for the institutionalisation of the Just Transition Framework;
- Intensify the professionalization of the Public Service in the Provincial sphere;
- Coordination and monitoring of the service delivery complaints through the Service Delivery Monitoring Tool;
- Executive support of the Provincial Operation Clean Audit Committee; and
- Compile and present the provincial 30-year review report.

#### **4.2.6 Public Private Partnership**

The OTP did not enter into any Public-Private Partnerships during the Financial Year ending 31 March 2024.

#### **4.2.7 Discontinued / to be discontinued**

No activities were discontinued during the Financial Year ending 31 March 2024.

#### **4.2.8 New or proposed key activities**

There were no proposed or new activities during the Financial Year ending 31 March 2024.

#### **4.2.9 Supply Chain Management**

There were no unsolicited bid proposals for the current year. SCM processes and systems are in place to prevent irregular expenditure. The OTP continued to inculcate a culture of compliance with SCM procurement prescripts to improve good governance.

#### **4.2.10 Gifts and donations received in kind from non-related parties**

The OTP did not receive any gifts or donations in kind from non-related parties.

#### **4.2.11 Exemptions and deviations received from the National Treasury**

The OTP did not receive any exemptions or deviations from the National Treasury.

#### **4.2.12 Events after the reporting date**

The OTP did not have events after the reporting period, which may affect on the understanding of the OTP's financial state of affairs.

#### **4.2.13 Other**

There are no other material facts or circumstances, which may affect on the understanding of the OTP's financial state of affairs.

#### **4.2.14 Acknowledgement/s or Appreciation**

I am immensely proud of the work we do and would like to acknowledge our dedicated staff, communities, and stakeholders who contribute their time and efforts to make a positive contribution to the lives of inhabitants of the Mpumalanga. I am proud of the way that the OTP has continued to deliver day-to-day on its mandate, while adopting new ways of working, taking into consideration limited resources as a result of socio-economic challenges. Let us work together to grow Mpumalanga as a capable and responsive state. *"If we all work together to build a more capable and developmental state; we will be that much closer to realising the SA that we all want (H.E President MC Ramaphosa)".*

#### **4.2.15 Conclusion**

It gives me great pleasure to endorse and share the 2023/24 Annual Report for OTP of Mpumalanga.

A handwritten signature in black ink, appearing to read 'TP NYONI', is written over a horizontal line.

**Mr TP NYONI**

**(A) DIRECTOR-GENERAL: OFFICE OF THE PREMIER OF MPUMALANGA**

**DATE: 31 MAY 2024**

## 5 STATEMENT OF RESPONSIBILITY AND CONFIRMATION OF ACCURACY FOR THE ANNUAL REPORT

To the best of my knowledge and belief, I confirm the following:

All information and amounts disclosed throughout the Annual Report are consistent.

The Annual Report is complete, accurate, and free from any omissions.

The Annual Report has been prepared in accordance with the Guidelines on the Annual Report as issued by the National Treasury.

The Annual Financial Statements (Part F) have been prepared in accordance with the modified cash standards and the relevant frameworks and guidelines issued by the National Treasury.

The Accounting Officer is responsible for preparing the Annual Financial Statements and for the judgements made on this information.

The Accounting Officer is responsible for establishing and implementing a system of internal control that has been designed to provide reasonable assurance as to the integrity and reliability of the Performance Information, the Human Resources Information, and the Annual Financial Statements.

The external auditors are engaged to express an independent opinion on the Annual Financial Statements.

In my opinion, the Annual Report fairly reflects the operations, the Performance Information, the Human Resources Information, and the financial affairs of the OTP for the Financial Year, which ended on 31 March 2024.

Yours faithfully

**Mr TP NYONI**

**(A) DIRECTOR-GENERAL: OFFICE OF THE PREMIER OF MPUMALANGA**

**DATE: 31 MAY 2024**

## 6 STRATEGIC OVERVIEW

### 6.1 Vision

A strategic centre of excellence.

### 6.2 Mission

We exist to -

- Provide strategic leadership;
- Provide support for institutional development;
- Coordinate Government programs through integrated research & development, information, planning, monitoring, and evaluation; and
- Provide professional advice through evidence-based decision-making support.

### 6.3 Values

- *Reliability* – service that is accurate, consistent, timeous and trustworthy;
- *Resourcefulness* – customised solutions to problems in delivering the services concerned;
- *Accountability* – we will be transparent and take responsibility in our decision-making; and
- *Professionalism* – to be duly skilled, conscientious, objective, ethical and compliant with all relevant prescripts in performing our duties.

## 7 LEGISLATIVE AND OTHER MANDATES

### 7.1. Updates to the relevant legislative and policy mandates

There have been no significant changes to the OTP's legislative mandates. There is sufficient capacity within the OTP to ensure compliance with all legal responsibilities that relate to its mandate.

### 7.2. Legislative mandates

The OTP derives its legislative mandates primarily from the following pieces of legislation.

**Table 1: Legislative Mandates**

<b>Legislative Mandate</b>	<b>Aim/Purpose</b>
<b>Promotion of Access to Information Act, 2000 (Act No. 2 of 2000)</b>	This Act gives effect to the Constitutional right of access to any information held by the Government, which is required for the exercise or protection of any rights.
<b>Promotion of Administrative Justice Act, 2000 (Act No. 3 of 2000)</b>	This Act gives effect to the right to administrative action that is lawful, non-discriminatory and procedurally reasonable and fair.
<b>Promotion of Equality and Prevention of Unfair Discrimination Act, 2000 (Act No. 4 of 2000)</b>	This Act gives effect to section 9 of the Constitution to prevent and prohibit unfair discrimination, harassment, promote equality, and to eliminate unfair discrimination.
<b>Intergovernmental Relations Framework Act, 2005 (Act No. 13 of 2005)</b>	This Act establishes a framework for the National Government, Provincial Government, and Local Government to promote and facilitate intergovernmental relations and provides for mechanisms and procedures to facilitate the settlement of intergovernmental disputes.
<b>Public Finance Management Act, 1999 (Act No. 1 of 1999)</b>	This Act regulates financial management in the National and Provincial Governments to ensure that all Government revenue, expenditure, assets, and liabilities are managed efficiently and effectively.
<b>Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000)</b>	This Act gives effect to section 217(3) of the Constitution by providing a framework for the implementation of the Government's procurement policy as contemplated in section 217(2) of the Constitution.
<b>Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003)</b>	This Act establishes a legislative framework for the promotion of Black Economic Empowerment.
<b>Division of Revenue Act (annually)</b>	To annually provide for the equitable division of revenue raised among the National, Provincial, and Local Spheres of Government.
<b>Public Service Act, 1994 (Proclamation No. 103 of 1994)</b>	This Act provides for establishing and administration of the Public Service of the RSA.

<b>Legislative Mandate</b>	<b>Aim/Purpose</b>
<b>Public Service Regulations, 2016</b>	These Regulations provide comprehensive detail regarding the organisation and administration of the Public Service, including issues of ethics and integrity.
<b>Labour Relations Act, 1995 (Act No. 66 of 1995)</b>	This Act gives effect to section 27 of the Constitution and seeks to regulate trade unions' organizational rights and promote and facilitate collective bargaining.
<b>Basic Conditions of Employment Act, 1997 (Act No. 75 of 1997)</b>	This Act gives effect to the right to fair labour practices referred to in section 23(1) of the Constitution.
<b>Employment Equity Act, 1998 (Act No. 55 of 1998)</b>	This Act provides for equity in all levels and categories of employment.
<b>Protected Disclosures Act, 2000 (Act No. 26 of 2000)</b>	This Act provides for procedures in terms of which employees in both the private and the public sector may disclose information regarding unlawful or irregular conduct to their employers and provides for the protection of such employees.
<b>Prevention and Combating of Corrupt Activities Act, 2004 (Act No. 12 of 2004)</b>	This Act provides for the strengthening of measures to prevent and combat corruption and corrupt activities.
<b>State Information Technology Agency Act, 1998 (Act No. 88 of 1998)</b>	This Act establishes a company responsible for the provision of information technology services to the Public Administration.
<b>Public Administration Management Act, 2014 (Act No. 11 of 2014)</b>	This Act seeks to promote the basic values and principles governing the public administration referred to in section 195(1) of the Constitution, when fully operational.
<b>Disaster Management Act, 2002 (Act No. 57 of 2002)</b>	This Act provides for an integrated and coordinated disaster management policy in South Africa that focuses on preventing and reducing the risk of disasters, mitigating the severity of disasters, emergency preparedness, rapid and effective response to disasters, and post-disaster recovery.
<b>Electronic Communications Act, 2005 (Act No. 36 of 2005)</b>	This Act seeks to make provision for the regulation of electronic communications services, electronic communications network services, and broadcasting services.
<b>Protection of Personal Information Act, 2013 (Act No. 4 of 2013)</b>	This Act seeks to promote the protection of personal information processed by public and private bodies.

### 7.3. Policy Mandates

The OTP, in fulfilling its role within the Provincial Government, takes into account various National and Provincial policy mandates, in particular, the following:

- The annual State of the Nation Address (2024-25);
- The annual State of the Province Address (2024-25);
- The annual Provincial Budget and Policy Speech (2024-25);
- The annual Premier's Budget and Policy Speech (2024-25);
- The National and the Provincial Medium-Term Strategic Framework (2019-2024);
- The National Strategic Framework of the Department for Women, Children, and People with Disabilities;
- Specific National Policy Frameworks on Gender and Women's Empowerment, Disability and Children;
- Framework on Gender-Responsive Planning, Budgeting, Monitoring, Evaluation, and Auditing;
- National Strategic Plan for HIV, TB, and STIs (2023-2028);
- The White Paper on the Transformation of the Public Service (1995);
- The White Paper on Public Service Training and Education (1997);
- The White Paper on a New Employment Policy for the Public Service (1997);
- Policy Frameworks of the National Department of Public Service and Administration on Gender Equality, Disability and Youth in the Public Service;
- National Development Plan (NDP) 2030;
- Mpumalanga Vision 2030 Strategic Implementation Framework (2013-2030);
- The Policy Framework for Government-Wide Monitoring and Evaluation (2007);
- The Revised Framework for Strategic Plans and Annual Performance Plans (2019);
- The National Treasury Framework for Managing Programme Performance Information (2007);
- The Green Paper on National Performance Management (2009);
- The Revised National Evaluation Policy Framework (2019-2024);
- The National Child Care and Protection Policy (2019);

- The National Policy Development Framework (2020);
- The National Anti-Corruption Strategy (2020-2030);
- The National Youth Policy (2020-2030);
- The National Action Plan on Women, Peace and Security (2020-2025);
- National Integrated ICT Policy White Paper (2016);
- DPSA Directive on Public Administration and Management Delegations (2014);
- African Agenda 2063 (2015);
- Sustainable Development Goals 2030 (2015);
- National Action Plan to combat Racism, Racial Discrimination, Xenophobia and Related Intolerance;
- National Spatial Development Framework (2022);
- Directive on human resource management and development for Public Service Professionalisation – volume 1 as issued by the Minister of the Public Service and Administration;
- Directive on conducting business with an organ of state issued by the Minister for the Public Service and Administration (February 2024);
- Directive on other remunerative work outside the employee's employment in the relevant Department issued by the Minister for the Public Service and Administration (February 2024); and
- Directive on the institutionalisation of the ethics officer function in the Public Service issued by the Minister for the Public Service and Administration (February 2024).

#### **7.4. Updates to institutional policies and strategies**

The OTP will initiate or advance the following policies over the MTEF Period:

- Security Management Policy;
- Performance Information Management Policy;
- Provincial Strategic Plan on Gender-Based Violence and Femicide;
- Provincial Youth Development Strategy;
- Provincial Anti-Corruption Strategy;
- Just Energy Transition Implementation Plan 2023–2027; and

The OTP will consider the following:

- National Development Plan (NDP) 2030;
- 2019-24 Medium-Term Strategic Framework;
- Mpumalanga Spatial Development Framework 2019;
- Local Government Priorities;
- National Strategic Plan on Gender-Based Violence and Femicide (2020 - 2030); and
- National Youth Development Strategy.

#### **7.5. Updates to relevant court rulings**

##### **Pilane and others v Premier of the North West Province and others 2023 JDR 2389 (NWM)**

This is an application in terms of the **Promotion of Administrative Justice Act** 3 of 2000 (“PAJA”) to review and set aside the decision taken by the first respondent (Premier of the North West Province: “the Premier”) on 26 February 2020 to appoint the fourth respondent as the Administrator (“the Administrator”) to manage and control the affairs of the second applicant (Bakgatla Ba Kgafela Traditional Council; “the Traditional Council”), with retrospective effect from 6 January 2020.

It was argued on behalf of the Premier that the Premier acted in terms of the legislation to provide clarity on the identity of the rightful traditional leader on the basis that the Traditional Community could not come to a conclusion and agree on who the rightful leader is. It was further argued that the legislation makes provision for the Premier to act when the community cannot come to a decision. The legislation is set in place for situations such as these where there is no transparency of the Traditional Council or Kgosi.

In the premise, the Court found that the applicant had failed to make a case for the relief as requested and that the application was doomed to be dismissed as the Premier acted within his legislative authority.

##### **Mabele v Mndende 2022 JDR 1284 (ECB)**

The applicant seeks to review and set aside the administrative decision of the second respondent (the Premier) in endorsing the recommendation of a Provincial Committee ('the Committee') of the Commission on Traditional Leadership Disputes and Claims ('the Commission') to dismiss the applicant's claim for chieftainship. If successful in the review,

he requests the court to grant an order substituting the Premier's decision and declaring him to be the traditional leader of Mxhelo Administrative Area, Alice ('Mxhelo').

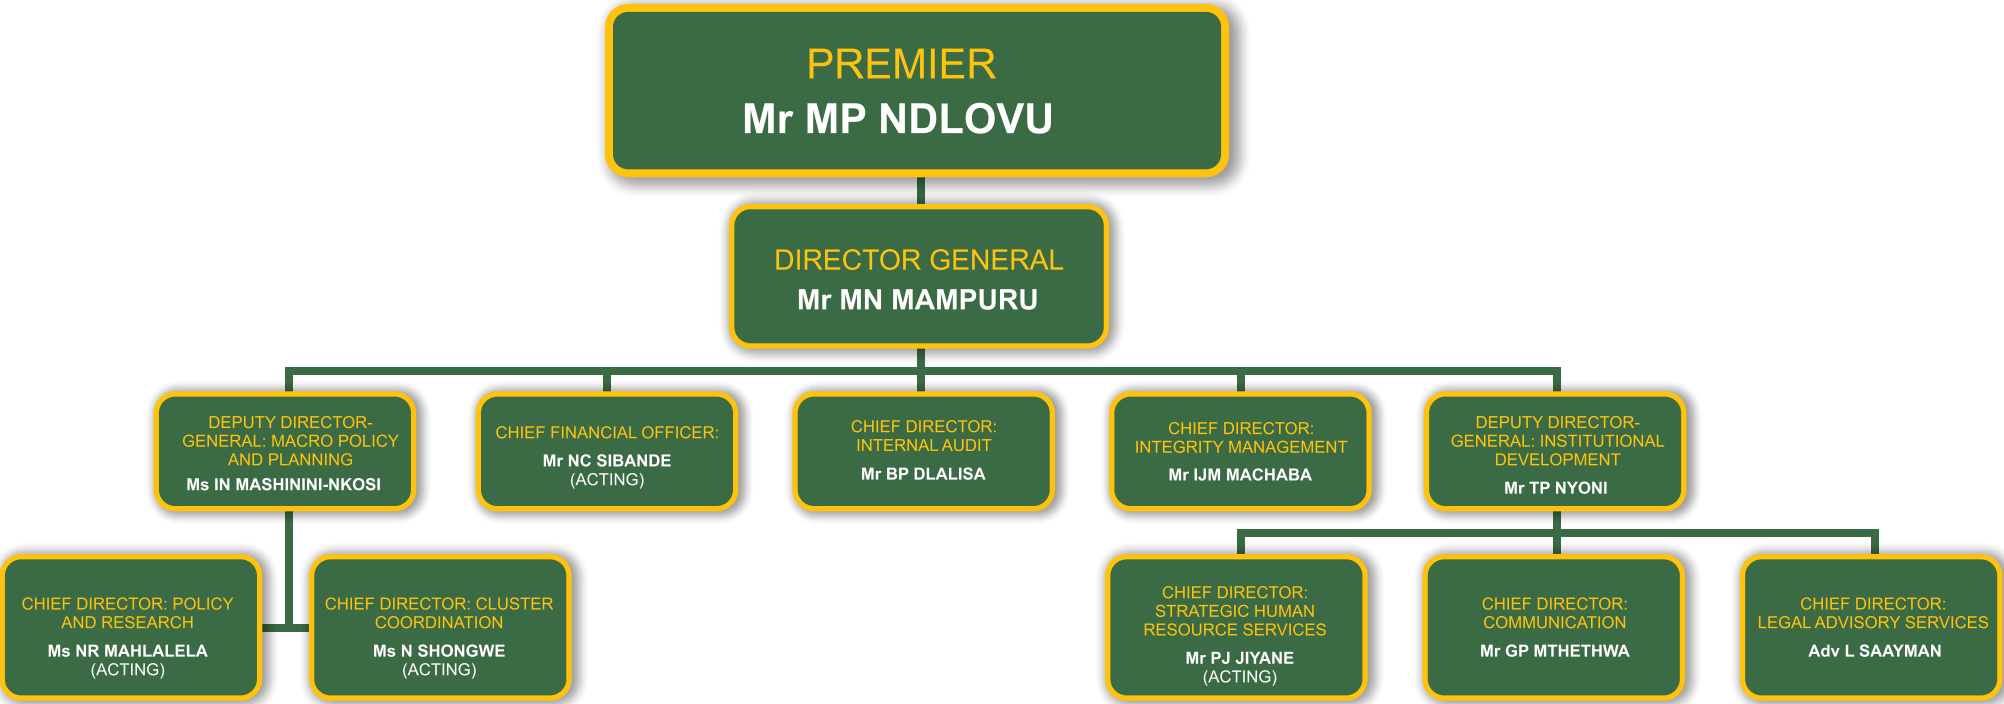

In the present instance, the Commission was seized with a claim in terms of the Act concerned. In terms of the applicable sections of the Act, the Committee acted properly in making a recommendation for the Premier's consideration and the Premier's decision cannot be set aside on the authority of *Sigcau* or *Nxumalo*. There appears to be a rational connection between the material that was before the Premier and the decision that he took, and a rational connection between this decision and the reasons provided in the explanation. There is no reason to believe that the Premier committed any misdirection in endorsing the Committee's recommendation, or that that recommendation was improperly supported or advanced. The application accordingly stands to be dismissed.

**Mbude v Premier of the Eastern Cape and Others 2022 JDR 1289 (ECB)**

**Public service** — Employee — Suspension — Head of Education Department suspended by Premier — Urgent application to declare suspension unconstitutional, unlawful, and invalid, based on Premier's alleged abuse of his powers — Question of urgency discussed — Court finding that, while urgent application appropriate, precautionary suspension justified — Application dismissed.

There is public interest in swift and efficient investigation of allegations of mismanagement or misconduct on the part of high-ranking public servants responsible for service delivery. The applicant was appointed to the crucial position of Head of the Department of Basic Education in the Province. Serious issues have been raised regarding the circumstances that resulted in the delay of delivery of textbooks and stationery, the embarrassment caused by the late payment of Education Assistants, the impact of the withholding of the education infrastructure grant for the Province, and the associated negative publicity and reputational damage to the Provincial Government. Understandably, the Premier would not want the investigation instituted to be conducted while the applicant remains in OTP. The applicant suffers limited prejudice in consequence. She remains on full pay and her suspension will be for a limited duration. In all these circumstances, the applicant's suspension, far from being a knee-jerk reaction on the part of the Premier, is lawful and valid.

8 ORGANISATIONAL STRUCTURE

9 ENTITIES REPORTING TO THE MINISTER/MEC

No entities are reporting to the OTP.

# PART B PERFORMANCE INFORMATION

## **1. AUDITOR-GENERAL'S REPORT: PREDETERMINED OBJECTIVES**

The AGSA currently performs certain audit procedures on the Performance Information to provide reasonable assurance in the form of an audit conclusion. The audit conclusion on the performance against predetermined objectives is included in the management report, with material findings being reported under the Predetermined Objectives heading in the Report on other legal and regulatory requirements section of the auditor's report.

Refer to page 171 of the Report of the Auditor-General, published as Part F: Financial Information.

## **2. OVERVIEW OF DEPARTMENTAL PERFORMANCE**

### **2.1 Service Delivery Environment**

The 2023/24 AR for the OTP presents progress towards achieving the impact, outcomes, and provincial priorities articulated in the 2020-2025 Strategic Plan and 2023/24 APP. The five-year (2020 to 2025) Strategic Plan outlines the OTP's mandate, strategic focus, impact, and outcomes, and the Annual Performance Plan serves as an implementation mechanism through outcome-aligned outputs, indicators, annual and quarterly targets for 2023/24, as year four of the five-year strategy. The sixth administration promotes a culture of strict adherence to the values of openness, responsiveness, and accountability.

The OTP assures communities that the same way that it responded to the service delivery issues that were raised both in the electronic and print media, will continue to do so even in the new Financial Year. Through the Executive Council Outreach and Premier's Imbizo programmes, the OTP continued to engage communities on a face-to-face basis.

During the year under review, the OTP experienced among others, the following challenges:

- Cost containment measures imposed by the National Treasury, which impacted negatively on the filling of vacant funded positions;
- Extreme weather patterns caused by El Nino wreaked havoc on infrastructure across the Country and specifically in Mpumalanga, which is always a set-back to progress made in improving the lives of the inhabitants of Mpumalanga;
- Persistent and escalated stages of load-shedding, with a detrimental effect on business, especially SMMEs which cannot afford alternative energy.

There is a continued increase in the population and households in the Province, which means an increase in demand for services with limited resources. The population has increased from a mere 3,3 million people in 1994 to 5,1 million people as indicated by STATS-SA Census, 2022. Census 2022 further indicates that the number of households has increased from 1 075 466 in 2011 to 1 421 721 in 2022, which is a staggering 32% increment. The MPG will continue to be prudent in its planning, budgeting and expenditure to ensure quality services are delivered to the inhabitants.

Despite these challenges, the OTP continued to respond to the plight of the designated groups, namely Women, Youth, Elderly, and People with Disabilities. This was achieved firstly through monitoring the implementation of the Gender Responsive Framework on Planning, Budgeting, Monitoring, Evaluation, and Auditing to track the Department's alignment and compliance with the provisions of the framework.

Secondly, Youth-owned entities were supported through the PYDF. In partnership with ABSA, PYDF beneficiaries were also trained in business skills.

Thirdly, the Province has finalised the GBVF strategy.

Lastly, the MPG procurement budget spent for the year under review on Women enterprises is at 21,36% against the National target of 40% for the period 1 April 2023 to 31 March 2024. To improve the performance in this regard, the OTP will ensure that the Performance Agreements of all HoDs and SMS Members promote the agenda of women's advancement.

**Table: Overall MPG Percentage of preferential procurement per designated group for 2023/24 FY**

Designated Groups	Target per designated group in %	% spend on designated groups
Women	40%	21,36%
Youth	30%	14,38%
Persons with Disabilities	7%	2,43%

**Source: May 2024: National Treasury CSD Supplier Payment database**

The OTP continued to monitor that the Military Veterans Programme of Action and the Military Veterans Database is updated and digitalised.

The provincial HIV/AIDS 90-90-90 strategy target was 75% for those persons, who are positive and know their HIV status, 95,4% who are on Anti-Retroviral Treatment, and 90% of persons, who are positive and whose viral load is suppressed. The progress to date is 95% of persons, who are positive and know their HIV status, 85% of those persons, who are on Anti-Retroviral Treatment, and 93% of persons, whose viral load is suppressed.

The Province hosted inaugural BRICS Roadshows on 4 - 5 May 2023. Similar events were also rolled out in other Provinces meant as a build-up towards the 15th BRICS Summit that took place in September 2023 in Gauteng. The roadshows on 4 - 5 May 2023 afforded opportunities to different interest groups as follows:

- Provincial leadership engaged with High Commissioners and Ambassadors of BRICS member states in South Africa. Two-way exchange of information regarding available opportunities for trade, investment, people-to-people exchange and technical cooperation;
- The Province got a platform to market itself in terms of the available opportunities in the various sectors of the provincial economy, showcasing tourism attractions along

Tourism Panorama Route to the BRICS delegates and to further strengthen the existing relations with the BRICS countries;

- The Provincial business community was accorded an opportunity to engage with the BRICS representatives during Golf Day held at Matume Golf course and during the GALA Dinner hosted by DIRCO at Emnotweni Arena; and
- The various media houses were invited to the press briefing to have information disseminated to the inhabitants of Mpumalanga through the various communication platforms.

Subsequent to that, the Province hosted the BRICS Ministers and Officials meeting for Education and Culture on 12-13 July 2023 and 20-21 July 2023 respectively. These events were co-hosted with the Department of Higher Education & Training and the Department of Sport, Arts and Culture.

The HoD for the Department of Culture, Sport and Recreation and senior officials were invited to attend a two-day session and the MEC for Education and senior officials from the department took part in the other two-day session.

The two meetings of Education and Culture culminated into the Joint Declarations, which were presented to the Heads of State during the Summit.

On Just Transition, the OTP led a provincial delegation to participate in the Worldwide Exhibition for Incentive Travel, Meetings, and Events (IMEX Frankfurt) that was held in May 2023. The event served as a platform for international stakeholder mobilization, marketing Mpumalanga as a hotspot for green economy development and for youth development to access opportunities presented by Just Transition. The OTP coordinated the Premier's outbound mission for the Province to participate in the 28th session of the Conference of the UN's Framework on Climate Change in Dubai on 4 - 8 December 2023. For many developing countries in Africa, South Africa in general and Mpumalanga in particular, there is still a heavily reliant on fossil fuels. The issue of just transition is not limited to cleaner, environmentally friendly sources of fuel. Communities are often built largely around fossil fuels, such as in South Africa where, in the Mpumalanga Province, some local economies are dependent on the mining of coal. When coal-based fuels are phased out and coal mines closed, the impact on people in the coal value chain, including these vulnerable communities and economies that are built around coalmines, will be significant.

Navigating the complexities within Mpumalanga challenges necessitates strong collaboration with stakeholders. Prioritise partnerships with various entities, including business formations, state-owned enterprises, and private-sector organisations.

Recognising the urgency, MPG, ESKOM and Sasol endorse the call for a Global Goal on Adaptation. The MPG collaborates closely with local authorities, NGOs, and communities to promote climate change adaptation and fortify resilience against extreme weather events.

A Just Transition also involves the reskilling and upskilling of people reliant on coal for their livelihood to ensure they remain productive members of society who contribute to the economy. The timing and funding of skills development initiatives are still up for debate globally. However, the Premier has, on behalf of the Province proactively signed a MoU with TVET Colleges in the Province namely Gert-Sibande, Nkangala, Ehlanzeni, and MRTT with the purpose of training youth in artisan development, focusing on renewable energy and green economy amongst others. A funding proposal has been sent to SETAs to secure funding for these training development initiatives.

Skills Development and Education are therefore essential to respond to the transition risk and support people in becoming more climate resilient. The major focus areas on the skills development for the Just Energy Transition for the MPG include the following:

- Reskilling and upskilling existing adult workers so that they are better equipped to navigate the transition;
- Aligning the skills development system with the anticipated labour force needs of the future, particularly focused on green jobs to support a just transition; and
- Ensuring foundational skills through the education system to improve the adaptive capacity of the broader workforce.

## 2.2 Service Delivery Improvement Plan

The OTP has completed a Service Delivery Improvement Plan. The tables below highlight the service delivery improvement plan and the achievements to date:

### Main services and standards

Main services	Beneficiaries	Current/actual standard of service	Desired standard of service	Actual achievement
Number of Batho Pele Programmes coordinated	12 Departments (Including OTP)	Integrated Public Service Month coordinated	4 Batho Pele Programmes coordinated	Coordinated and monitored the implementation of four (4) Batho Pele Programmes (KHAEDU, Africa Public Service Day, Integrated Public Service Month, and Service Delivery Improvement Plan in 12 Departments

### Batho Pele arrangements with beneficiaries (Consultation access, etc.)

Current/actual arrangements	Desired arrangements	Actual achievements
Produce Reports on Batho Pele programmes	Produce reports for Departments	12 Departments were monitored on Batho Pele programmes and reports produced
Compile SDIP Annual Reports	Consult with stakeholders	12 Departments were coordinated for the submission of SDIP Annual Reports
Coordinate, workshop, and monitor 11 Departments, the OTP, and 3 Municipalities on the Batho Pele Programmes	Monitoring Reports on Batho Pele Programmes produced	<p>Compiled Status Report on the monitoring of the implementation of Batho Pele programmes</p> <p>Africa Public Service Day celebration report produced</p> <p>Public Service Month and Khaedu deployment report produced</p> <p>Monitored submission of SDIP Annual Reports</p>

**Service delivery information tool**

Current/actual information tools	Desired information tools	Actual achievements
Reports	Reports	Khaedu deployment / Africa Public Service Day reports
Press Releases	Press Releases	5 EXCO media statements released

**Complaints mechanism**

Current/actual complaints mechanism	Desired complaints mechanism	Actual achievements
Presidential Hotline	Integrated complaints mechanism	37% (127 out of 343) of calls resolved 96% (7225 of 7518) of calls resolved cumulative since the inception of the hotline in 2009

**2.3 Organisational environment**

The OFA conducted in the OTP serves to respond to the Directive issued by the DPSA in April 2022, to all Departments to conduct OFA in their respective spheres of operation. The Directive is in line with the provisions of Regulation 35 of the PSR, 2016, which stipulates that an Executive Authority shall conduct an OFA, as directed by the MPSA, to assess the effectiveness of a Department's internal systems and processes. The assessment is based on a three-year period (1 April 2022 to March 2024). The detailed report was submitted to the Minister on 31 March 2024.

The OFA is based on the generic methodology that is being applied as a self-assessment, including general observation of behaviour and conduct. It highlights the OTP's functionality and capacity challenges, strengths, and improvement opportunities in the delivery of public value. Key components that OFA focuses on are Monitoring, Evaluation and Performance Monitoring; Planning, Governance & Oversight; Human Resource Management & Development; Operations Management; Productivity Management; Service Delivery Improvement Plan; Learning & Knowledge Management; and Organisational Performance. The exercise allowed the OTP to identify functionally sound areas, as well as functionality gaps that need to be addressed, before they contribute adversely towards the achievement of the impact and outcomes as espoused in the 2020-2025 Strategic Plan. Therefore, upon inputs from DPSA, the OTP will develop an improvement plan to remedy all identified gaps to ensure maximum functionality.

The OTP has an approved organogram comprising of 384 posts, including the Premier, only 259 posts are on the PERSAL establishment. Of these, only 234 posts are filled, including the Premier. 36 vacant funded posts have been identified and were advertised as replacement posts. Out of the above 36 critical vacant funded posts, three are at the Senior Management Services level (incl. the Chief Financial Officer), 33 are on Salary Level 2-12. Furthermore, it must also be noted that all the vacant posts that are not considered critical have been abolished on the PERSAL system as per the Budget and Finance Committee resolution of 11 March 2015.

The OTP has advertised thirty-six (36) replacement posts, of which thirty-three (33) are graded at SL 2-12 and three (03) are SMS posts. Eleven (11) posts out of thirty-six (36) replacement posts were filled, of which three were filled through internal transfers and one SMS post was filled through re-instatement. The current occupancy rate, based on the PERSAL establishment stands at 81.4%, while the vacancy rate is 18.6%. Note must be taken that the vacancy rate is still high, based on the approved organogram throughout the year under review, i.e. 150 out of 384 (39.1%). Since the OTP has planned to fill several critical vacant funded posts, including the replacement posts in the following financial year, it is envisaged that the vacancy rate shall decrease sharply. When filling posts, the OTP has an obligation of ensuring that it does not exceed the 58% threshold concerning cost of employees versus goods and services.

It should be noted that during the year under review, 19 out of 20 Graduate-Interns were placed in various programmes on a 24 months' Internship Contract. 19 Student-Interns were received from the DoE's TVET Colleges for experiential learning on the Learnership Programme. The Learnership Programme was aimed at providing work environment exposure to the graduates and subsequently promote accelerated development and utilisation of available skills and qualified people for service delivery in the Public Service.

The OTP has shown a slight increase concerning the implementation of the PMDS in terms of the approved PMDP, for officials on salary levels 2-12, i.e. 182 out of 205 (88,7%) compliance in terms of signing of Performance Undertakings. The signing of Performance Agreements by SMS members on or before the deadline as per Chapter 4 of the SMS Handbook has recorded an 81,8% compliance rate (27 SMS members out of 33), which is an increase in comparison to the previous Financial Year. There has been an increase in the assessment of SMS Members in this regard. It must also be noted that the OTP has dealt with the outstanding Performance Agreements and Assessments in line with relevant regulations.

## 2.4 Key policy developments and legislative changes

During the period under review, the following key policy developments and legislative changes had an impact on the OTP:

- The National Framework towards the Professionalization of the Public Sector as approved by Cabinet on 19 October 2022;
- The Directive on conducting business with an organ of state issued by the Minister for the Public Service and Administration (February 2024);
- The Directive on other remunerative work outside the employee's employment in the relevant Department issued by the Minister for the Public Service and Administration (February 2024);
- The Directive on the institutionalisation of the ethics officer function in the Public Service issued by the Minister for the Public Service and Administration (February 2024);
- The Framework for a Just Transition in South Africa (2022);
- The Just Energy Transition Implementation Plan 2023 – 2027; and
- The Public Service Amendment Regulations, 2023 with effect from 1 November 2023.

## 3. ACHIEVEMENT OF INSTITUTIONAL IMPACTS AND OUTCOMES

The OTP identified the following institutional outcomes towards the achievement of the NDP, Revised 2019-2024 MTSF, and the impact statement:

- Outcome 1: Improved ethical culture;
- Outcome 2: Effective control;
- Outcome 3: Good performance; and
- Outcome 4: Improved trust.

**The following progress has been made toward the achievement of outcomes and targets as set in the 2020/2025 Strategic Plan:**

### **Outcome 1: Improved Ethical Culture**

The Outcome refers to shared beliefs by employees in an organization, which will be reflected in the ethics that the organization subscribes to. The OTP strives to attain an improved ethical culture through exemplary leadership and good governance. Over the five-year period, the OTP would like to have zero instances of proven unethical conduct

within its control environment. No instance of unethical conduct was reported during the period under review.

The Minister of Public Service and Administration issued a directive on the implementation of lifestyle audits in the Public Service. In terms of the directive, Lifestyle Review serves as a tool to understand the financial profile of an employee, regarding legitimate declared income versus known and observed assets. This is the initial step to be conducted by Management to assess if the employee's lifestyle is commensurate with his/her income. If a lifestyle review identifies that an employee's expenditures constantly exceed his or her income, and it cannot be explained, an investigation should be launched. During the period under review, a Lifestyle review was conducted on all SMS Members and 81 other designated employees in the OTP. The review was conducted based on the information disclosed by the employees in regard to additional income and loans versus the assets disclosed, which was verified against eNatis, CIPC, and Deeds databases. Based on this information, no findings were raised which may require further investigation.

Through the citizen participation, the OTP conducted several awareness workshops across the Municipalities and Institutions of Higher Learning. The sessions were conducted in conjunction with Law enforcement agencies such as the Special Investigation Unit and the HAWKS. 1 158 Youth participants were workshopped on Ethical behaviour and fraud and anti-corruption awareness focusing on informing and teaching the community when and how to report acts of corruption and maladministration. 56 Youths, from Mkhondo, Victor Khanye, and Emalahleni Local Municipalities were nominated to serve as Ethics and Anti-Corruption Ambassadors.

In line with enhancing governance oversight and accountability; 6 Officials from within the MPG including the OTP, were trained, and are certified Ethics Officers.

Furthermore, a total number of 15 officials were trained in Ethics Management Train the Trainer programme. In partnership with DPSA, 25 Ethics and Risk officers from provincial and local governments were trained on the implementation of the lifestyle audit. The goal of the sessions was to help build an ethical culture by developing the capacity of officials for personal and professional ethical conduct. However, the OTP acknowledges that responding to ethical dilemmas in the Public Service is complex in real-life contexts.

## **Outcome 2: Effective control**

This refers to the ability of the OTP to put adequate and effective measures in place that will enable it and the Mpumalanga Provincial Administration to achieve good governance. Effective control would contribute to reducing corruption, improving Audit Outcomes as well

as better service delivery. To strengthen governance and compliance management across the Provincial Administration, special focus will be placed on improving Audit outcomes as well as the clearing of irregular expenditure. During the year under review, Provincial performance outcomes on the five-year targets (2020-2025) were as follows:

- 12 Departments with unqualified audit outcomes. The Report of the Auditor-General shows that ten Departments in the Mpumalanga Provincial Administration obtained unqualified Audit outcomes for the Financial Year ended 31 March 2023. The Province therefore improved by two compared to the eight realized in the previous Financial Year. (i.e. the year ended on 31 March 2022);
- Reduction of security breaches from 100 to <50, as at 31 March 2024. The security assessment report by DCSSL indicates that security breaches in the MPG have decreased to 46; and
- Reduction of unauthorized, irregular, fruitless, and wasteful expenditure by 10% in rand value over the next five years. The financial results for the period under review reflect that no unauthorized expenditure was incurred. Irregular expenditure incurred in the Financial Year 2023/24 amount to R19 927 000 (R114 000 incurred directly and R19 813 000 incurred while participating in the DCSR contract). The fruitless and wasteful expenditure amounted to R1 654 000 due to a no-show on accommodation and poor quality of third party invoices submitted to the main supplier.

### **Outcome 3: Good performance**

This refers to the ability of the OTP to coordinate the MPG to meet customers' expectations in respect of service delivery and should also lead to the desired developmental impact. During the year under review, Provincial performance outcomes on the five-year targets (2020-2025) were as follows:

- Reduction of the poverty rate from 46% to 35%, STATS-SA through Census 2022 released in October 2023 indicated the poverty rate was at 49%;
- Reduction unemployment rate from 33% to 25%, Quarterly Labour Force Survey 2023, Q4 statistics indicated the unemployment had slightly risen to 34,9%;
- Increased the percentage of households with internet access from 56% to 80%, the current statistics indicate that 78% of households have access to the internet (Census, 2022);
- Real GDP per head from R58 243 to R60 000. As at July 2022, STATS-SA indicated that the GDP per head increased to R72 056, which surpassed the 2025 target,

- Reduction of the percentage of unemployed women from 50,5% to 42,5%. As at Quarter 2 of 2023, the Labour Force Survey indicated the unemployment rate of women to be at 42,6%, which is 0.1% away from reaching the 2025 target;
- Reduction of the percentage of unemployed youth (15-34) from 66,5% to 51,5%. As at Quarter 2 of 2023, Labour Force Survey indicate the youth unemployment to be at 51% (reached the 2025 target); and
- Increase of the total FDI from R600 million to R1 billion. According to the MEGA 2023/24 Financial Year report, the Province received FDI amounting to R2 billion.

The statistics further indicate that the economy of the Province is growing in leaps and bounds. The GDP, that is the value of goods and services produced in Mpumalanga was R46 billion in 1994, today (2024) economy has grown to more than R530 billion, twelve times bigger than what it was, becoming the 4th largest economy in the country.

#### **Outcome 4: Improved trust**

This refers to the ability of the OTP to display integrity in its dealings with the public, espouse honesty, and build trust through positive and accurate communication or messaging. The OTP has, as part of stakeholder engagements towards achieving the outcome, implemented the Integrated Provincial Communication Strategy, and Departments continuously monitored its implementation through the 12 Provincial Department and Municipalities. The OTP informed the public on government services through multi-media platforms (e.g. social media, newsletters, radio slots, etc.), and also coordinated two Premier's outreach programmes at Bushbuckridge and Goven Mbeki Municipalities as well as one Presidential Imbizo at eMalahleni Municipality. This is a Government and society approach, which enables integrated and responsive planning, budgeting, implementation, as well as monitoring and evaluation through the DDM. This approach is central to building an accountable, ethical, capable, and developmental state that delivers on its mandate.

Moreover, during 2022/23 OTP endeavoured to measure service delivery through a CSS as an integral part of a performance management system based on service delivery indicators. By carrying out these steps, four departments were selected to undertake the survey in the Province, being the DoH, DoE, DSD, and DCSSL. This will ensure that a CSS survey plays an important role in developing a service delivery culture throughout the Public Service. The survey received a total number of 1 633 responses from the three districts in the Province as follows: DoH received 430 responses, DSD received 402 responses, DoE received 411 responses and DCSSL received 390 responses.

The results suggest that the **DoH** can provide accessible services to most of its clients. However, the significant number of respondents who traveled far or very far indicate a potential need for additional health services in more remote areas, as such, there may be a need to consider strategies such as mobile service units or satellite clinics to better serve clients in remote areas. Thus, the DoH should consider conducting further research to understand the reasons for this and determine whether additional services are needed to meet the needs of these clients.

The graph below indicates the client's service experience in each of the three regions on services rendered by DoH;

**Figure 2: DoH Client Satisfaction Results**

*Source: OTP CSS Report, 2023*

Out of 430 respondents, the majority, being 53% (228) rated the quality of services provided by DoH as satisfactory and 13% (58) of respondents rated the quality of service provide as inadequate. While 15% (64) of the respondents rated their services provided as adequate. 16% (69) of respondents rated the quality of services provided as extremely satisfactory and only 3% (11) of the respondents indicated that the question was not applicable to them.

The results indicate varying levels of satisfaction among respondents regarding the quality of service they received from the **DSD**. The graph below indicate the level of satisfaction among respondents regarding the quality of the service they received from the DSD.

**Figure 3: DSD Client Satisfaction Results**

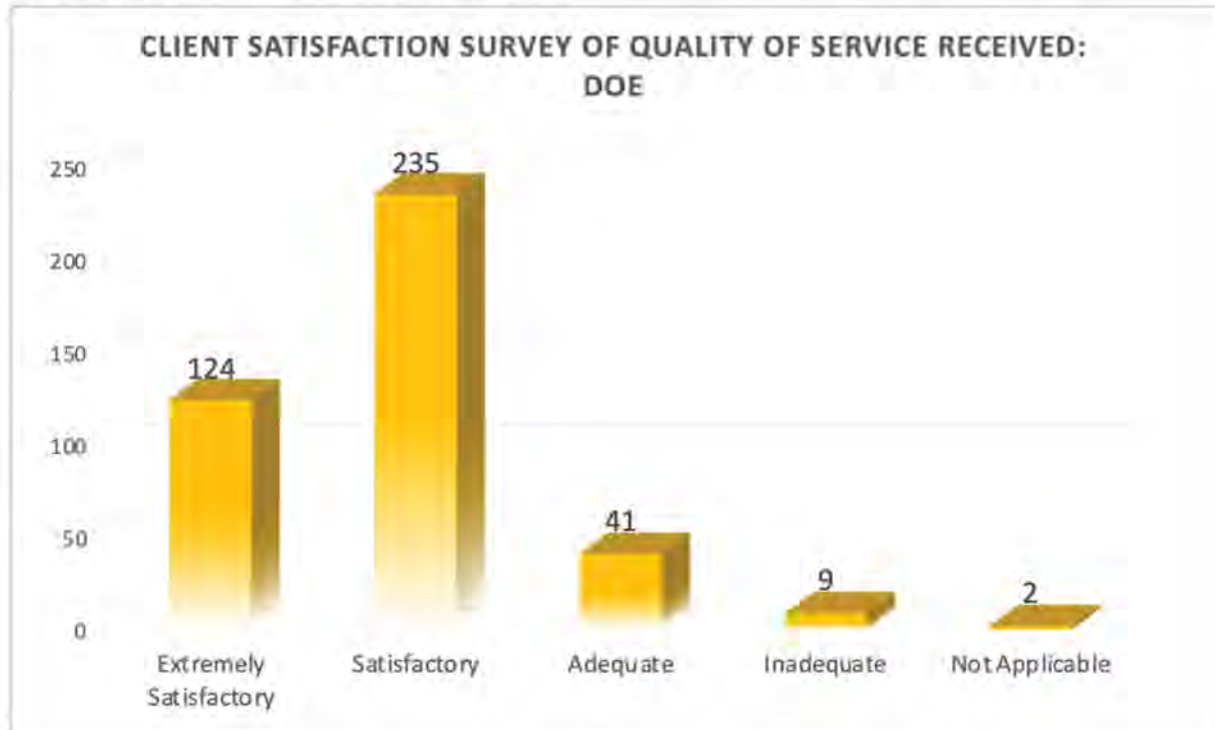

*Source: OTP CSS Report, 2023*

Out of 402 respondents, most respondents, being 50% (201) reported being satisfied with the quality of service. The category comprises 19% (80) of the respondents rated the quality of service rendered as extremely satisfactory. Furthermore, 16% (65) of respondents rated the service as adequate. While 11% (45 out of 402) of the respondents indicated that services received from DSD are inadequate, and a small number of respondents i.e. 3% (11) indicated that the question was not applicable to them.

The survey results further indicated that most respondents were satisfied or extremely satisfied with the quality of the service they received from **DoE**. The graph below indicates the clients' satisfaction with the quality of the service they received from the DoE.

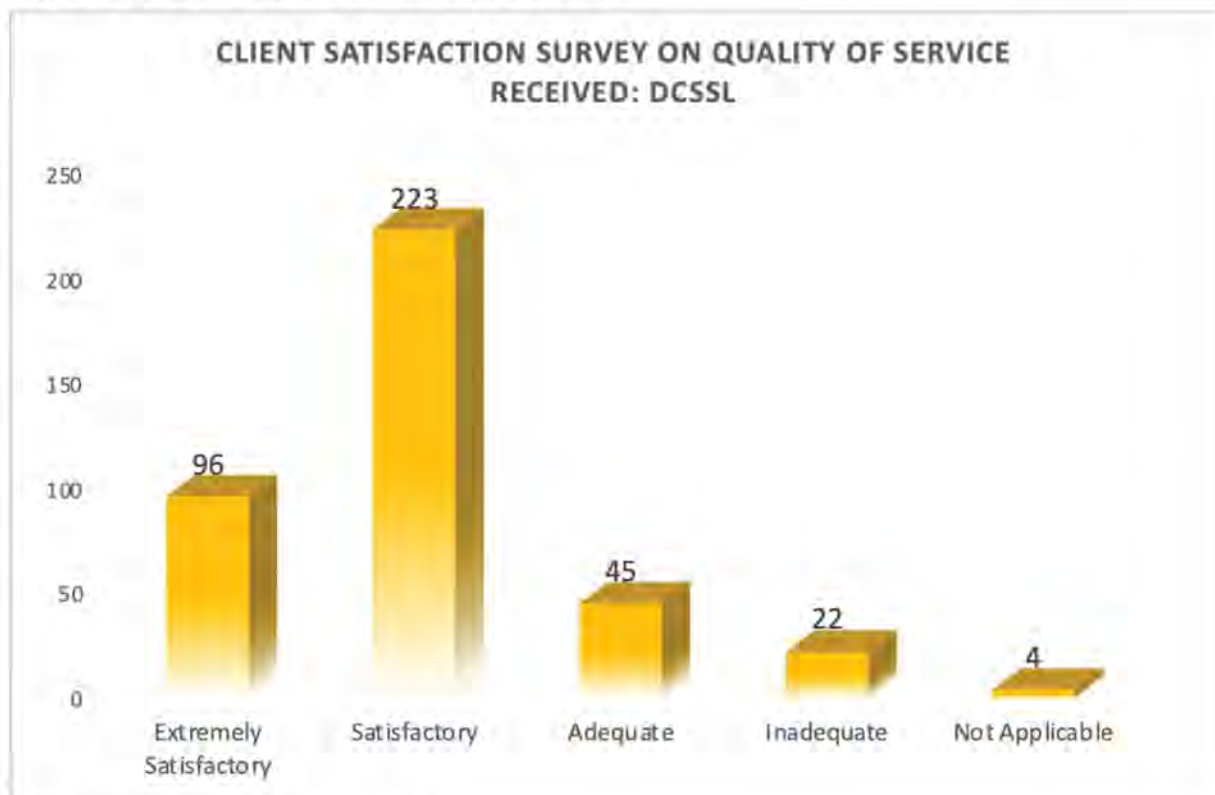

**Figure 4: DoE Client Satisfaction Results**

Source: OTP CSS Report, 2023

Out of the 411 respondents, the majority 57% (235) of respondents reported a satisfactory perception of the quality of the service they received. A significant portion, being 30% (124) of respondents found the quality of the service they received to be extremely satisfactory. Additionally, 10% (41) of the respondents found the quality of the service they received to be adequate. However, only a few respondents, being 2% (9) expressed an inadequate perception of the quality of the service they received and the remaining 0.5% (2) of the respondents indicated that the question was not applicable to them.

Based on the findings, it can be concluded that most respondents had a satisfactory or extremely satisfactory experience with the service received from the **DCSSL**. However, there is room for improvement, as some of the respondents found the service to be inadequate. The graph below indicates the level of satisfaction among respondents regarding the quality of the service they received from the DCSSL. It aims to capture their overall satisfaction and perception of the service quality.

**Figure 5: DCSSL Client Satisfaction Results**

*Source: OTP CSS Report, 2023*

Out of 390 respondents, 57% (223) respondents expressed a satisfactory level of satisfaction with the service quality. Furthermore, 25% (96) of respondents expressed an extremely satisfactory level of satisfaction with the service quality, and 12% (45) of the respondents found the quality of service adequate. However, 6% (22) of the respondents reported an inadequate level of satisfaction with the service quality and lastly, 1% (4) of the respondents indicated that the question was not applicable to them.

The above-mentioned Departments should investigate the factors contributing to inadequate experiences and take appropriate measures to address them. The OTP will monitor progress in this regard to ensure improvement in the delivery of quality services.

## 4. INSTITUTIONAL PROGRAMME PERFORMANCE INFORMATION

### 4.1 Programme 1: Administration

#### **Purpose**

The Programme is responsible for the appropriate and effective coordination and monitoring of administrative and strategic matters, both within the OTP and the Province. The Programme comprises of the following sub-programmes, being Premier Support, Director-General Support, Executive Council Support and Financial Management.

#### **Sub-programme: Premier Support**

This sub-programme provides programme management and coordination support to the Premier in executing her constitutional mandate. These include delivering the State of the Province Address as well as the annual Policy and Budget Speech for the OTP.

#### **Sub-programme: Director-General Support**

The sub-programme provides administrative leadership and directives through planning, reporting, auditing, security, integrity and forensic services. The Office of the Director-General is also required to provide internal and external support to sections within the OTP and Departments in the Provincial Government.

This sub-programme comprises the Office of the Director-General, Planning and Programme Management, Integrity Management and Forensic Audit, Internal Audit and Security Management.

**Strategic leadership** and direction is delivered by providing support to other intergovernmental structures such as the PCF, EXCO and Makgotla, the Budget and Finance Committee, Premier's Advisory Committees, the PMC and Cluster Committees.

Section 38(1)(a)(ii) of the Public Finance Management Act, 1999 stipulates that each Department must have and maintain an Internal Audit Unit under the control and direction of an Audit Committee. The sub-programme, through the Internal Audit Unit, provides audit assurance, performance and computer audit services. The OTP also provides these services to four other cluster departments namely, CoGTA, DHS, DCSR, and DCSSL.

#### **Sub-programme: Executive Council Support**

The sub-programme is responsible for providing effective and efficient secretarial and administrative support services to the Executive Council, EXCO Sub-Committees and

intergovernmental structures. The service provided by the support includes the overall management of EXCO resolutions.

### **Sub-Programme: Financial Management**

The sub-programme provides financial management support and advisory services to ensure compliance with the PFMA and Treasury Regulations. It is responsible for the coordination and facilitation of the Audit Remedial Action Plan and financial delegations. The management of payroll, assets and logistics support is effected through the Supply Chain Management Unit. Risk and Ethics Management also resides within the Financial Management sub-programme. This unit furthermore is responsible for coordinating the Risk Management Committee and the development of the Departmental risk registers (strategic and operational) and reports to the Director-General on the progress made by the various units as per the risks identified by the OTP as contained in the various Risk Registers.

### **Outcomes, Outputs, Outputs Indicators, Targets and Actual Achievements**

The Security Management Services supported all Departments to ensure that controls are in place for sensitive or classified information to protect national security.

The Integrity Management Unit rendered, implemented, and monitored the anti-corruption strategies in all Provincial Departments and Municipalities proactively. Moreover, it managed to engage with the general public on the role that the public can play to assist in curbing the scourge of corruption within the MPG. The programmes support a zero-tolerant environment towards fraud and corruption, specifically focusing on fraud risk assessments, fraud, and corruption awareness sessions, and electronic anti-fraud newsletters and communications. Furthermore, the unit also conducted lifestyle reviews on all SMS Members and 81 designated employees within the OTP. The review was conducted based on the information disclosed by the employees in regard to additional income and loans versus the assets disclosed, which was verified against eNatis, CIPC and Deeds databases. Based on this information, no were findings raised which may require further investigation.

In terms of Forensic Audit Services, the OTP had 32 cases that were received through the NACH (13 cases broad forward from the previous Financial Year and 19 new cases received). Out of the 32 cases, 19 were investigated and resolved, (that is 58%) and the remaining 13 will be carried over to the 2024/25 Financial Year.

Lastly, the Financial Management Services enforces compliance with prescripts in the procurement of services for the OTP. Moreover, Departmental initiatives prioritising

women, youth, and persons with disabilities were supported through the SCM processes. Through Planning and Programme Management, departmental plans and reporting were coordinated, consolidated, and submitted to oversight bodies. Implementation of the plans was monitored. The programme operations ultimately impact positively towards service delivery and achievement of the outcomes of improved ethical culture and effective controls.

**Linking performance with budgets**

The programme's budget was effectively utilised to coordinate and monitor the administration of the OTP and that of MPG.

**Sub-programme expenditure**

Sub-Programme Name	2023/2024			2022/2023		
	Final Appropriation	Actual Expenditure	(Over)/ Under Expenditure	Final Appropriation	Actual Expenditure	(Over)/ Under Expenditure
	R'000	R'000	R'000	R'000	R'000	R'000

The programme has spent an amount of R175 321 000 which is 100% of its adjusted budget of R175 396 000.

**Strategy to overcome areas of under performance****Forensic Audit Services**

- Escalate slow submission of documents by Departments to the DG for immediate intervention.
- Prioritise Integrity Management Unit and Forensic Audit Services Unit when filling vacant positions in the 2024/25 Financial Year.

**Performance in relation to Standardised Outputs and Output Indicators for Sectors with Concurrent Functions**

The OTP does not have standardised outputs and outputs indicators. The programme is administrative and renders support to the rest of the Department. Departmental initiatives

prioritising women, youth, and persons with disabilities were supported from an SCM perspective. The Integrity Management Unit rendered proactive measures to all MPG. The unit's proactive programme supports a zero-tolerant environment towards fraud and corruption, specifically focusing on fraud risk assessments, fraud and corruption awareness sessions and electronic anti-fraud newsletters and communications.

## **4.2 Programme 2: Institutional Development**

### **Purpose**

To provide institutional development services, advice, strategic support, coordination and development of policies to ensure operational efficiency, alignment and corporate compliance in order to improve the capacity of the Mpumalanga Provincial Government to deliver effective and efficient services. The Programme is composed of Strategic Human Resources, Legal Advisory Services, Government Communications and Information Services, the Provincial Government Information Technology Officer and Public Service Transformation and Service Delivery Improvement.

### **Sub-programme: Strategic Human Resources**

The sub-programme is responsible for coordinating and monitoring the implementation of human resource practices and strategies by Departments in the Provincial Government. This sub-programme ensures that the Mpumalanga Provincial Government and the OTP's human resource management practices are performed within the applicable legal frameworks and prescripts.

### **Public Service Transformation and Service Delivery Improvement**

To coordinate and monitor the implementation of Batho Pele programmes in the OTP and Provincial Departments.

### **Sub-programme: Legal Advisory Services**

To provide legal advisory services to the Mpumalanga Provincial Government and the OTP.

### **Sub-programme: Government Communication and Information Services**

To coordinate government communication and information services within the Provincial Government and the OTP.

### **Sub-programme: The Provincial Government Information Technology Officer**

To provide ICT support function across all Provincial Departments and the OTP, and to promote the effective management of information and communication technology as a service delivery enabler and a strategic resource.

### **Outcomes, Outputs, Output Indicators, Targets and Actual Achievements**

Skills Programmes provide a platform for skilling and re-skilling of employees, which is important. Eleven prioritised programmes were implemented to upskill the employees to be competent and to deliver on the mandate of the OTP. The OTP was deliberate in encouraging women, youth, and persons with disabilities to register for courses to improve their skills. This will in turn afford them a competitive advantage when recruitment opportunities arise within the MPG.

Resolution of disputes contributes positively to influencing behaviour change, and embeds values and ethics, thus ensuring that the OTP and the Provincial Government at large, have capable and credible human resources with integrity, that adhere to applicable legal frameworks and prescripts. This contributes to an improved ethical culture. The implementation and monitoring of the Labour Summit resolutions were conducted in the 12 provincial Departments to promote labour peace. Implementation of these resolutions will result in an improved relationship between the employer, employees at large and organised labour.

The five reviewed organisational structures were in line with the strategic plans and mandates of the OTP and Provincial Departments, as well as the integrated development plans of local Municipalities. This ensured that there was adequate human resource capacity to carry out related activities to achieve outputs, which will contribute towards good performance.

The provision of legal advice, guidance, assistance, and support to all clients contributed towards the achievement of the outcomes by ensuring implementation within a Constitutional and legally sound framework. All requests received for legal advice were processed within 30 days.

The OTP has, as part of its stakeholder engagements towards improving trust in the MPG, implemented the Integrated Provincial Communication Strategy. All the Departments were continuously monitored in respect of its implementation. The OTP informed the public on government services through multi-media platforms (e.g. social media, newsletters, radio slots, etc.), and also coordinated two Premier's outreach programmes at Bushbuckridge and Goven Mbeki Municipalities as well as one Presidential Imbizo at eMalahleni Municipality.

Moreover, through the Public Service Transformation and Service Delivery Improvement, the OTP coordinated and monitored the implementation of four Batho Pele programmes in all 12 Provincial Departments.

The OTP has through the Office of the Provincial Government Information Technology Officer co-ordinated the rollout of Broadband across the Province through the national SA Connect Project. Four coordination meetings were held with the National Role-players, namely the Department of Communication and Digital Technologies, Broadband Infraco, and the State Information Technology Agency. Funding has been available for the 2024/2025 Financial Year for the implementation to start across the Province.

Total	98 588	98 569	19	81 455	81 154	301

The programme has spent an amount of R98 569 000 which is 100% of its adjusted budget of R98 588 000 for the 2023/2024 Financial Year.

**Strategy to overcome areas of under performance**

- None. The programme has achieved all its planned output targets for the year under review.

**Performance in relation to Standardised Outputs and Output Indicators for Sectors with Concurrent Functions**

The OTP does not have standardised outputs and outputs indicators. The programme is Institutional Development and proactively contributes towards the attainment of three outcomes, namely Improved Ethical Culture, Good Performance and Improved Trust.

### 4.3 Programme 3: Policy and Governance

#### Purpose

To provide effective macro policy advice, coordination and monitoring in the following key focus areas:

- Provincial Planning;
- Monitoring the Implementation of Provincial Programmes;
- Mainstreaming of gender, youth, persons with disabilities and older persons' issues;
- Regional and International cooperation;
- Research and Information management;
- Advisory services to the Premier, EXCO, EXCO Committees and MPAC; and
- Coordinate key strategic interventions to improve Departmental performance.

#### Sub-programme: International Relations

This sub-programme facilitates the development and implementation of the *Provincial International Relations Programme of Action* and monitors the progress thereof. The sub-programme is also responsible for facilitating International Relations partnerships and signing of MOUs to support Socio-Economic Development in the Province.

#### Sub-programme: Provincial Policy Management

The sub-programme consists of the following Units:

- Macro Planning;
- Monitoring and Evaluation;
- Research and Strategic Information Management;
- Governance, State Capacity, Security, Crime Prevention and Institutional Development Cluster;
- Social Protection, Community and Human Development Cluster;
- Economy Sector, Investment, Employment and Infrastructure Development Cluster; and
- Mpumalanga Province Aids Council.

The purpose of the sub-programme is to enhance EXCO's evidence-based decision-making processes by providing integrated research, coordination, planning, monitoring and evaluation within the Province. The sub-programme also conducts macro policy analysis and develops baseline indicators for the Mpumalanga Province (Provincial 5-year Plan). The following are the key deliverables:

- Developing Provincial priorities in line with the revised 2019 – 2024 PMTSF for 2024/25 and monitoring the implementation thereof through the cluster system PPOA;
- Implementing the PEP and coordinating the evaluation of identified programmes;
- Guiding the development of Departments' Plans (SPs, APPs, AOPs) and monitoring the implementation thereof, through the eQPR system and publications;
- Guiding the development or review of Provincial Sector Development Plans by Provincial Departments i.e. PIMP by the DPWRT and the PFNSP by DSD;
- Implementing and monitoring the Provincial Research Agenda, and facilitating the establishment of the MRI. The MRI will enhance the Provincial Research capacity and provide quality assurance on the research projects implemented;
- Monitoring the implementation of Provincial Implementation Plan on HIV, STIs and TB, and the roll out of the Provincial COVI-19 response plan through MPAC sittings;
- Developing the Provincial Just Transition Plan.

#### **Sub-programme: Special Programmes**

The purpose of this sub-programme is to mainstream the target groups programmes in line with the Gender Responsive Planning, Budgeting, Monitoring, Evaluation and Auditing Framework. The following are the key deliverables:

- Coordinating the implementation of the PYDF;
- Facilitating the implementation of Youth Empowerment Programmes in the Province;
- Coordinating and monitoring the mainstreaming of target groups (women, youth, older persons, and persons with disabilities) and LGBTQIA+;
- Monitoring the implementation of the Provincial Strategic Plan on GBVF; and
- Establishment of provincial data management repository for target groups.

## **Outcomes, Outputs, Outputs Indicators, Targets and Actual Achievements**

International Relations facilitated outbound missions led by the Premier to promote peace and lure investors with common interests to the Province. First, the Premier led a delegation to Germany for a world exhibition travel incentive and thereafter ensued a benchmarking exercise to Austria for herbs and vegetable dehydration processing.

Secondly, the Premier led a delegation to the United Nations Climate Change Conference (COP28) from 1 - to 8 December 2023. Furthermore, the COP28 Conference was convened in the United Arab Emirates. Delegates at the conference deliberated extensively on measures that address the climate crisis through, amongst others, decreasing the reliance on fossil fuels. The conference also outlined strategies that will enable the Province to achieve net-zero emissions by 2050.

The OTP also coordinated partnerships in six countries and entities namely –

- the Sverdlovsk Region in the Russian Federation;
- Maputo Province in the Republic of Mozambique;
- Chongqing Province in the Socialist Republic of China;
- Worldwide Exhibition of Incentive Travel Meetings and Events (IMEX) in Frankfurt in the Federal Republic of Germany;
- Waldviertel Plant (Vegetable and Herbs Dehydration and process Plant in the Republic of Austria; and
- the United Nations Framework Convention on Climate Change (COP28) in Dubai.

The OTP further guided Provincial Departments on key priorities that should be achieved during the 2024/25 period and informed the development of the PPoA. To track progress made in the implementation of the key Provincial priorities, the Monitoring and Evaluation Unit monitored the implementation and published the eQPR reports for transparency, conducted performance assessment, and commissioned three evaluation studies for evidence-based decision-making.

The MPG continued with its endeavour of creating youth entrepreneurs through the PYDF. The PYDF was conceptualised to create a systemic, integrated, and multi-sectoral, resource programme for local young entrepreneur identification, support, capacitation, and sustenance to contribute to job creation through business-orientated black youth participation in the economy of the Province. During the year under review, 82 youth-owned enterprises were approved for financial and business advisory support, and of these,

84% received their disbursement to start or enhance their operations. The Budget (amounting to R110 460 543) was transferred to MEGA to facilitate disbursement to beneficiaries.

During this period, the Province monitored the HIV and TB cascades through a multi-sectoral approach. All the performance reports were presented, analysed, and recommendations for improvements documented through the Local, District, and Provincial AIDS Council sittings. Three (Lekwa, Victor Khanye, and Emakhazeni) out of 17 Local Municipalities in the Province were not sitting on quarterly basis to process their reports. The SHE Departments (Health, Social Development, and Education) remain the main Departments providing direct HIV, TB, and STIs services to the public. Other Departments remain focused on HAST service through Health and Wellness programme in the workplace.

The Province also developed a standardized reporting template aligned to the new goals of the NSP while engaging in the finalization of the Provincial Implementation Plan for 2023 – 2028. Three Quarterly performance review meetings were conducted with PEPFAR and Global Fund implementing partners during the 2023/24 Financial Year.

The attainment of all the output indicators in this programme contributes towards the achievement of the outcome of Good Performance.

### Linking performance with budgets

#### Sub-programme expenditure

Sub-Programme Name	2023/2024			2022/2023		
	Final Appropriation	Actual Expenditure	(Over)/ Under Expenditure	Final Appropriation	Actual Expenditure	(Over)/ Under Expenditure
	R'000	R'000	R'000	R'000	R'000	R'000
Special Programmes	133 981	132 232	1 749	78 321	77 862	459
Intergovernmental Relations	9 119	9 118	1	8 747	8 657	90
Provincial and Policy Management	42 476	39 727	2 749	35 243	31 478	3 765
Programme Support	38 572	19 568	19 004	1 394	1 389	5
<b>Total</b>	<b>224 148</b>	<b>200 645</b>	<b>23 503</b>	<b>123 705</b>	<b>119 386</b>	<b>4 319</b>

The programme has spent an amount of R200 645 000 which is 89,5% of its adjusted budget of R224 148 000. The deviation of 10,5% below the required benchmark of 100% is attributed to budget for the Procurement of the Service Delivery Monitoring Tool, which was not procured due to budget reprioritisation.

#### Strategy to overcome areas of under performance

- The research studies have been carried over to the new Financial Year and the process of appointing the service provider is being expedited to ensure that the service provider is appointed by the end of the first quarter.
- The disbursement of funds will be completed in the new Financial Year upon completion of verification by MEGA and compliance to the requirements by beneficiaries.

**Performance in relation to Standardised Outputs and Output Indicators for Sectors with Concurrent Functions**

The OTP does not have standardised outputs and outputs indicators. The programme is Policy and Governance. It provide oversight support to the MPG. All sub-programmes within the programme contributes towards the attainment of Good Performance outcome.

## 5. TRANSFER PAYMENTS

### 5.1. Transfer payments to public entities

The table below reflects the transfer payments made to the Mpumalanga Economic Growth Agency for the period 1 April 2023 to 31 March 2024

Name of Public Entity	Key Outputs of the public entity	Amount transferred to the public entity	Amount spent by the public entity	Achievements of the public entity
Mpumalanga Economic Growth Agency	Youth Development	R110 460 543	R85 135 437	The Mpumalanga Economic Growth Agency managed to disburse funds to 84% (69 of 82) and 5 from the previous Financial Year of qualifying youth Entities supported through the PYDF to the satisfaction of the OTP.
<b>TOTAL</b>		<b>R110 460 543</b>	<b>R85 135 437</b>	

## 5.2. Transfer payments to all organisations other than public entities

# PART C GOVERNANCE

## 1. INTRODUCTION

To ensure that the highest standard of governance is maintained, the OTP established governance structures such as the Ethics and Risk Management Committee, Audit Committee, and Management Committees. The Mpumalanga Provincial Legislature, through the relevant Portfolio Committee as well as SCOPA holds the OTP accountable through reports and during oversight meetings on how public finances and resources are managed.

## 2. RISK MANAGEMENT

The OTP understands that risk management is a strategic imperative within high-performing organisations. In 2009, a Risk Management Unit was established in terms of section 38(1) of the PFMA and it is under the custodianship of the Office of the Chief Financial Officer.

The OTP has a Risk Management Policy and Strategy developed in terms of the Public Sector Risk Management Framework. The Policy and Strategy communicates the OTP's risk management philosophy and is reviewed annually.

The OTP conducts risk assessments and reviews annually in accordance with Treasury Regulation 3.2.1. This helps the OTP to direct its Internal Audit effort and prioritize the allocation of resources.

The Risk Management Committee, chaired by an external member, is appointed by the Accounting Officer to assist in discharging risk his management responsibility. The Committee meets on a quarterly basis to evaluate the effectiveness of mitigating strategies to address the material risks and report to the Accounting Officer any material changes to the risk profile of the OTP.

The Committee also provides oversight on ethics management in the OTP. An Ethics Management Strategy informed by the ethical risks has been developed and has been reviewed in the period under review. On a quarterly basis the Committee discusses the progress regarding the implementation of the Strategy by management. The Audit Committee provides oversight of the risk management function in the OTP and as such, risk management is a standing item on the quarterly meetings of the Audit Committee.

To improve the implementation of the action plans and ensure alignment of risk management strategies with the plans and budget of the OTP, management has reviewed the composition of the Risk Management Committee and as such, the Ethics and Risk Management Committee was reviewed.

### **3. FRAUD AND CORRUPTION**

The OTP has, in terms of Treasury Regulation 3.2.1, an approved Fraud Prevention Plan in place to implement the Fraud Prevention Policy. Fraud Risk Assessments conducted shows that the OTP has a minimum exposure to fraud risks and management has put measures in place to ensure that these risks do not materialise.

Nevertheless, management accepts fraud and corruption as a business risk. Acceptance however, does not mean it condones fraud and it therefore commits itself to actively fight fraud and corruption including all other acts of dishonesty with perseverance and vigour.

There are measures in place to ensure that fraudulent activities are reported, investigated, and resolved within a specified period. Employees and the public are encouraged through awareness programmes and initiatives to report any suspected fraud and corruption activities. There is NACH and the Presidential Hotline which employees and the public can use to report allegations of fraud. Reporting can be made either anonymously or through walk-ins, to the General Manager: IMU. The OTP has a Whistle-Blowing Policy or Protected Disclosure Policy which provides assurance to provide protection to all reporters of unethical conduct.

All incidences of fraud and corruption detected, are dealt with. The OTP has a responsibility to investigate all cases for the Provincial Government.

### **4. MINIMISING CONFLICT OF INTEREST**

Conflicts of Interest refer to any financial or other private interest or undertaking that could directly or indirectly compromise the performance of the public servant's duties or the reputation of a public servant's Department in its relationship with its stakeholders; or

A situation in which a public official has a private interest that influences, or appears to influence a public decision.

To manage conflict of interest, management has put in place the following measures:

- Declaration of financial interests by SMS, MMS, Ethics Officers, Supply Chain & Financial Management Officials;
- Declaration of interest forms which are completed during Committee meetings for attendees to declare any conflict of interest;
- The OTP requires potential service providers to declare on SBD forms if they are connected to any person employed by the State;
- Employees in the OTP are prohibited from conducting business with an organ of the state;

- Employees are required to make a formal application to render any remunerative work outside their employment in the Public Service; and
- There is a Gifts Register where employees are required to declare gifts received in the scope and course of employment.

Any breach of the Code of Conduct is regarded as misconduct and is dealt with accordingly in line with the provisions of the Disciplinary Code and Procedure.

## **5. CODE OF CONDUCT**

The Code of Conduct guides employees on what is expected of them from an ethical point of view, in their individual conduct, relationship with others and the State as the Employer. Compliance with the Code of Conduct enhances professionalism and ensures confidence in the Public Service and the promotion of exemplary conduct. Notwithstanding this, any contravention of the Code of Conduct constitutes misconduct and may be dealt with in accordance with PSCBC Resolution 1 of 2003 (applicable to employees on salary levels 1 to 12 and the SMS Handbook (applicable to employees on salary levels 13 to 16).

The OTP acknowledges the Public Service Code of Conduct as its value system. The Public Service Code guides the conduct and behaviour of employees in the OTP. Management in the OTP displays and promotes a high standard of professional ethics. Awareness workshops are conducted annually for new and existing employees in the OTP on the Code of Conduct. All employees are expected to understand and abide by the Code of Conduct.

Any breach of the Code of Conduct is regarded as misconduct and is dealt with accordingly in line with the provisions of the Disciplinary Code and Procedure, as set out below.

### **PROCESSES FOLLOWED FOR THE BREACH OF CONDUCT OF CONDUCT IN TERMS OF RESOLUTION 1 OF 2003 AND CHAPTER SEVEN OF THE SMS HANDBOOK**

#### **INFORMAL ENQUIRY (FOR LESS SERIOUS MISCONDUCT)**

In the case of an informal enquiry the manager of the employee must bring:

- (a) The misconduct to the employee's attention;
- (b) Determine the reasons for the misconduct and give the employee an opportunity to respond to the allegations;
- (c) Seek to get agreement on how to remedy the conduct; and
- (d) Take steps to implement the agreed upon course of action.

**FORMAL ENQUIRY (FOR MORE SERIOUS FORMS OF MISCONDUCT)**

In the case of a formal enquiry the employer must appoint an employee as a representative who as far as possible should be the manager of the employee to initiate the enquiry.

**6. HEALTH SAFETY AND ENVIRONMENTAL ISSUES**

The OTP has a legal obligation in accordance with section 8 of the OHSA, 1993, where reasonably practicable, to provide and maintain a safe, healthy work environment that is without risk to employees.

The OTP has a Transversal Unit (Transversal Human Resource Management Services), which is responsible for monitoring the implementation of the Employee Health and Wellness Programmes, including Occupational Health and Safety Programmes, across the Mpumalanga Provincial Government. Furthermore, there is an Internal EHW Unit within its ranks.

The OTP is in the process of appointing a service provider to assist in conducting the Risk assessment exercise as a control measure to mitigate, eradicate or manage health risks.

**7. PORTFOLIO COMMITTEES**

## 8. SCOPA RESOLUTIONS

Resolution No.	Subject	Details	Response by the Department	Resolved (Yes/No)
	AG Action Plan	The Accounting Officer must fully address the 2020/21 and 2021/22 findings of the Auditor-General and submit the updated Remedial Audit Action Plan to the Committee.	The OTP has managed the findings from the Auditor-General through a responsive Audit Action plan with the exception of those deemed to be ongoing.	Yes
	Legal review for payment of service provider CAJV	The Accounting Officer must ensure that the legal review of the investigation report into the R21 130 000.00 payment to the service provider, CAJV is finalised and that appropriate steps are taken to implement the recommendations thereof, especially the reimbursement of R7 637 400.00 by CAJV.	The review of the investigation report into the R21 130,000.00 paid to CAJV was concluded in the 2022/23 FY. A legal team was appointed to institute and recover all monies owed to the OTP, which will hopefully conclude this matter and render this House resolution to be closed.	Yes
		The Department must desist to do further business with the CAJV due to the negative impact the multi-year contract has had on the Department's audit outcomes.	The OTP is no longer doing any business with CAJV and furthermore, the service provider was asked to vacate office space in the OTP, which it had occupied the since inception of the contract.	Yes

Resolution No.	Subject	Details	Response by the Department	Resolved (Yes/No)
	Management of Audit processes	The Accounting Officer (AO) must ensure that communication and co-operation with the AG is improved, to ensure an efficient and credible audit process that can benefit the Department.	The AO ensured that prior year audit issues were incorporated into the Remedial Action Plan and processes. Furthermore the AO ensured that regular meetings between the AG and OTP were held during the 2022/23 audit cycle in order to address audit issues and ensure effective management of the audit process.	Yes
	Internal Controls	The Accounting Officer must monitor the effectiveness of the internal controls put in place in the procurement of Goods and Services in particular the Information Technology (IT) Unit.	The OTP reported that it is now mandatory for all IT related procurement to be certified and confirmed by the IT Unit. Hence, no procurement of IT related goods and service is done without the involvement of the IT Unit.	Yes
		The Accounting Officer must strengthen the internal controls to prevent recurrence of accruals and to ensure that the Annual Financial Statements (AFS) are error-free when they are being prepared.	The OTP reported that the internal controls were strengthened. All accruals owed as at 31 March 2023 were disclosed in the accrual listing and the AFS. The service providers were engaged to ensure that invoices emanating in a Financial Year are paid within the same Financial Year. The OTP ensured that provisions were disclosed as soon as the recognition criteria was met to ensure credible sets of AFS.	Yes
	Irregular expenditure	The Accounting Officer must take appropriate steps to prevent further irregular	The OTP reported that the Finance Committee was established to oversee procurement processes in an effort to prevent incurring	Yes

Resolution No.	Subject	Details	Response by the Department	Resolved (Yes/No)
		expenditure as required by Section 38(1) (c) (ii)(iii) of the PFMA and Treasury Regulation 9.1.1.	more irregular expenditure. Check OTP status on irregular expenditure as at 31 March 2023.	
		The Accounting Officer must implement a plan to reduce the overall balance of irregular expenditure from previous years, which includes finalising the condonement request.	To date, OTP received condonation amounting to R152 800,000.00 from the Provincial Treasury, which significantly reduced the overall balance of irregular expenditure from prior years.  The OTP is implementing recommendations of the Provincial Treasury to ensure that the remaining balance of irregular expenditure is condoned accordingly.	Yes
	Procurement and contract management	The Accounting Officer must ensure that due diligence is done to adhere to proper procedures and processes in relation to procurement and contract management, in compliance with key legislative prescripts.	The OTP reported that the Finance Committee, headed by the Acting CFO, was established to oversee procurement processes within the OTP.	Yes
	Internal control on financial and performance management, risk management, in line with Section 38(a)(i)(ii) of the PFMA.	The Accounting Officer (AO) must furnish the Committee with a report on the steps that have been taken to maintain and monitor effective, efficient and transparent systems of internal control on financial and performance	The OTP reported that systems of internal control on financial and performance management, and risk management were in place, as required by PFMA Section 38(1)(a)(i)(ii), which included a functional Audit Committee and an Internal Audit unit to ensure implementation of the Remedial Audit Action Plan. Whilst the OTP was not able	Yes

Resolution No.	Subject	Details	Response by the Department	Resolved (Yes/No)
		management, risk management, in line with Section 38(a)(i)(ii) of the PFMA.	to fully capacitate the Internal Audit unit in the 2022/23 FY, an interim measure was put in place to appoint six Interns in the Internal Audit to ensure that the Unit remains functional. The Risk Management and the Compliance Management units were functional.	
	2021/22 Remedial Audit Action Plan	The Accounting Officer must ensure that the 2021/22 Remedial Audit Action Plan is fully implemented to avoid recurring findings. It is expected that the Department should obtain a clean audit opinion in the 2022/23 Financial Year and be exemplary to other Departments in terms of financial management, compliance monitoring and reporting.	The OTP implemented a remedial Audit Action Plan. The following controls were put in place to improve the Audit outcome:  i) Establishment of an AFS Review Team to ensure that AFS are free from material errors.  ii) Establishment of the Finance Committee to oversee financial processes within the OTP.	Yes

## 9. PRIOR MODIFICATIONS TO AUDIT REPORTS

Nature of qualification, disclaimer, adverse opinion and matters of non-compliance	Financial Year in which it first arose	Progress made in clearing / resolving the matter
None	N/A	N/A

## **10. INTERNAL CONTROL UNIT**

The OTP does not have an Internal Control Unit.

## **11. INTERNAL AUDIT AND AUDIT COMMITTEES**

### **11.1 Internal Audit**

The Office of the Premier established, in terms of Section 38(1)(a)(ii) of the PFMA, an Internal Audit function under the control and direction of the Audit Committee. Pursuant to a previously made determination, the Internal Audit function and the two clustered Shared Audit Committees located within the Office of the Premier are a shared services responsible for the following five cluster Departments:

- Office of the Premier;
- Department of Community Safety, Security and Liaison;
- Department of Co-operative Governance and Traditional Affairs;
- Department of Culture, Sport and Recreation; and
- Department of Human Settlements.

The mission of the shared Internal Audit function, being what the shared Internal Audit aspires to accomplish, is to enhance and protect departmental values by providing risk-based and objective assurance, advice and insight. In line with the definition of internal auditing as per the Institute of Internal Auditors, the primary mandate and objective of the shared Internal Audit function is to provide an independent, objective assurance and consulting activity designed to add-value and improve the Office of the Premier's operations.

In keeping with its primary mandate, the shared Internal Audit supports the Director-General and Head of the Departments in various Cluster Departments, through evaluating and contributing to improving the effectiveness of risk management, control and governance processes. In addition, it also facilitates the functioning of the clustered shared Audit Committees.

Treasury Regulation 3.2.6, requires that Internal Audit must be in accordance with the Standards. During the year under review, the shared Internal Audit function ensured that its operations were aligned with the Standards for the Professional Practice of Internal Auditing ("Standards").

The shared Internal Audit function also operated within an approved Internal Audit Charter and in accordance with the requirements of the PFMA, Treasury Regulations and the

International Standards for the Professional Practice of Internal Auditing set by the Institute of Internal Auditors.

During the year under review, the shared Internal Audit function developed the rolling three-year Strategic Internal Audit Plans and Annual Internal Audit Coverage/Operational Plans based on the results of the annual risk assessment. In consultation with Management, the plans were supported by the Director-General and Head of the Departments in the five cluster Departments and approved by the clustered shared Audit Committees in March 2023.

The Annual Internal Audit Coverage/Operational Plans identified different audit engagements and the shared Internal Audit function performed these as such. The respective reports were issued to Management communicating identified control weaknesses, recommendations for improvement(s), and also incorporated agreed management action plans to implement corrective action.

In addition, as required in terms of the PFMA and the approved Internal Audit Charter, the identified control weaknesses were also communicated and tabled in the meetings of the Audit Committee to allow for effective monitoring and oversight. The following is the summary of the audit work done by the shared Internal Audit function during the year under review as per the approved plan of the Office of the Premier.

### ***Assurance services***

- Monitoring and tracking of audit findings as previously reported by both AGSA and the shared Internal Audit function in order to evaluate progress made by Management in implementing agreed Audit Action Plans.
- Follow-up reviews were performed on both the AGSA and Internal Audit findings to evaluate the effectiveness and improvements to the internal control environment;
- Review of the Departmental Performance Information;
- Review of the Draft Annual Report inclusive of Annual Financial Statements for 2022/23;
- Review of Interim Financial Statements for the period ended 30 September 2023;
- Ethics and Risk Management;
- Financial Management;
- Supply Chain Management;
- Transfer Payments;

- Performance Audit on Premier's Youth Development Fund;
- ICT General and Application Controls Review;
- Ad-hoc Review: Review of Auditor-General (SA) Action Plan for 2022/23;
- Ad-hoc Review: Verification of Calculations for Payment of Acting Allowance; and
- Ad-hoc Review: Procurement of Service Delivery Monitoring Tool

### ***Consulting services***

- Participation in informal consulting engagements including routine activities such as participating in Standing Management Committee meetings, and the provision of advice, as and when invited and required.

The shared internal audit unit continued to provide independent assurance that the Cluster Department's risk management, governance and internal control processes are operating effectively. Based on the analysis of audit reports issued in the 5 Cluster Departments, the system on internal controls for the period under review was not entirely adequate and effective.

## 11.2 AUDIT COMMITTEE

The shared Audit Committee serves as an independent governance structure whose primary function is to provide an oversight over the Office's financial reporting, risk management, control and governance processes. The shared Audit Committee assists the Accounting Officer in the effective execution of his responsibilities.

The Shared Audit Committee is constituted to ensure its independence and comprises of external non- official members (appointed from outside the Public Service). It operates in terms of a formally documented and approved terms of reference referred to as the Audit Committee Charter, which deals with matters such as its membership, authority and responsibilities. The said "terms of reference" is reviewed annually, and in accordance with the requirements set by the PFMA and its Treasury Regulations. Further, it has direct and unobstructed lines of communication to the Accounting Officer, Senior Management, the Provincial Treasury, Shared Internal Audit Function and AGSA.

### **Attendance of Audit Committee meetings by the Audit Committee Members**

The shared Audit Committee serves as an independent governance structure whose primary function is to provide an oversight over the Office's financial reporting, risk management, control and governance processes. The shared Audit Committee assists the Accounting Officer in the effective execution of his responsibilities.

The Shared Audit Committee is constituted to ensure its independence and comprises of ex-ternal non- official members (appointed from outside the Public Service). It operates in terms of a formally documented and approved terms of reference referred to as the Audit Commit-tee Charter, which deals with matters such as its membership, authority and responsibilities. The said "terms of reference" is reviewed annually, and in accordance with the requirements set by the PFMA and its Treasury Regulations. Further, it has direct and unobstructed lines of communication to the Accounting Officer, Senior Management, the Provincial Treasury, Shared Internal Audit Function and AGSA..

## 12. AUDIT COMMITTEE REPORT

We are pleased to present our draft Annual Report for the financial year ended 31 March 2024.

### **Audit Committee Responsibility**

The Audit Committee, reports that it has complied with its responsibilities arising from section 38(1)(a)(ii) of the PFMA and Treasury Regulation 3.1.

The Audit Committee also reports that it has adopted appropriate formal terms of reference as its Audit Committee Charter, has regulated its affairs in compliance with this charter and has discharged all its responsibilities as contained therein, except that we have not reviewed the changes in accounting policies as these changes are as per the National Treasury instruction.

### **The effectiveness of internal control**

In line with the PFMA, Internal Audit assures the Audit Committee and Management that the internal controls are appropriate and effective. This is achieved by evaluating internal controls to determine their effectiveness and efficiency and developing recommendations for enhancement or improvement. The Accounting Officer is responsible for implementing such recommendations per Treasury Regulation 3.1.12.

From the various reports of Internal Auditors and the AGSA it was noted that matters were reported indicating deficiencies in the system of internal controls in areas pertaining to annual financial statements, reporting on pre-determined objectives and compliance with laws and regulations.

The work performed by Internal Audit throughout the year was monitored and reviewed by the Audit Committee.

Our analysis of audit reports and engagement with the Office shows that the system on internal controls for the period under review was not entirely adequate and effective.

Based on our interaction with the Office we conclude that the Office does have an adequate but not fully effective action plan management system to address Internal Audit and AGSA findings.

### **Risk Management:**

The Audit Committee is also responsible for the oversight of risk management. The Risk Management Committee reports to the Audit Committee quarterly on the governance and management of risk. Based on the Audit Committee quarterly reviews of the reports from the Risk Management Committee, it can be concluded that the Office's processes and

systems relating to fraud prevention and risk management is adequate and effective.

**The following Internal Audit work was completed during the year under review:**

- Monitoring and tracking of audit findings as previously reported by both AGSA and the shared Internal Audit function in order to evaluate progress made by Management in implementing agreed Audit Action Plans;
- Follow-up reviews were performed on both the Auditor-General and Internal Audit findings to evaluate the effectiveness and improvements to the internal control environment;
- Review of the Departmental Performance Information;
- Review of the Draft Annual Report inclusive of Annual Financial Statements for 2022/23;
- Review of Interim Financial Statements for the period ended 30 September 2023;
- Ethics and Risk Management;
- Financial Management;
- Supply Chain Management;
- Transfer Payments;
- Performance Audit on Premier's Youth Development Fund;
- ICT General and Application Controls Review;
- Ad-hoc Review: Review of Auditor-General (SA) Action Plan for 2022/23;
- Ad-hoc Review: Verification of Calculations for Payment of Acting Allowance; and
- Ad-hoc Review: Procurement of Service Delivery Monitoring Tool.

***Consulting services***

- Participation in informal consulting engagements including routine activities such as participating on standing Management Committee meetings, Risk Management Committee meetings, provision of advice, as and when invited and required.

**In-Year Management and Monthly Quarterly Report**

The OTP has confirmed that they have reported to the Treasury as the PFMA requires.

**Evaluation of the Annual Financial Statements**

The Audit Committee has reviewed the draft Annual Financial Statements prepared by the Office and has advised the Accounting Officer to ensure that all the review notes and comments of the Internal Audit and the Audit Committee are fully addressed prior to submission of the Annual Financial Statements to the AGSA.

Subsequently the material misstatements identified during the external audit process

were also reviewed when the management report of the AGSA was discussed with the Audit Committee.

### **Evaluation of the reporting on predetermined objectives**

The Audit Committee has reviewed the draft Annual Report prepared by the Office and has advised the Accounting Officer to ensure that all the Internal Audit and Audit Committee's review notes and comments are fully addressed before submission of the Annual Report to the AGSA.

The Audit Committee has discussed the external audit outcomes on the reporting on predetermined objectives to be included in the Annual Report with the AGSA and the Accounting Officer.

### **Compliance with laws and regulations**

Throughout the year under review the Audit Committee has remained concerned with the status of compliance with all applicable laws and regulations. The Committee however, appreciates that the Office has established the Compliance Management and Strategic Reporting unit to deal with all compliance issues in the OTP and further noted that the Compliance Matrix has been developed to monitor the compliance issues in the Office, even though it had not been implemented yet.

### **Internal Audit**

The Audit Committee is reasonably satisfied that the Internal Audit function operated effectively and had addressed the risks pertinent to the Office in its audits during the year under review.

The Audit Committee has regularly enquired and reviewed the work performed by the Internal Audit function and has seen an improvement in the quality of the internal audit reports; the actions initiated by the Internal Audit function to bring the reported weaknesses to the attention of Senior Management and the process of ensuring action to address such deficiencies. However, there is still room for improvement in areas such as flexibility of the planning process to adapt to emerging risks and changing risk profile of the Office; the timing and execution of internal audit engagements; influence and persuasion by Internal Audit of Management to effect the necessary changes and improvement of the maturity of governance, risk management and internal control systems.

The Audit Committee noted with concern that some positions within the Internal Audit function remain vacant even after the resolution by the EXCO to lift the moratorium on filling of vacant positions.

The Audit Committee further appreciates the support provided by the Senior Manager: Assurance Audit, who assisted in the position of the Chief Audit Executive and all the other Internal Audit Officials, by assisting the Committee in discharging its responsibilities.

### **Auditor-General's Report**

We have reviewed the Office's Implementation Plan for audit issues raised in the previous year and we are not entirely satisfied that all the matters have been adequately resolved.

The Audit Committee is unaware of any unresolved issues with respect to the current audit.

The Audit Committee concurs and accepts the conclusions of the AGSA on the Annual Financial Statements and is of the opinion that the audited Annual Financial Statements be accepted and read together with the report of the AGSA.

### **Conclusion**

The Audit Committee strongly recommends that the OTP ensure adequate and effective implementation and frequent monitoring of the Audit Action Plans for internal and external audits to achieve a clean administration.

The Audit Committee wishes to thank the Executive Authority, Accounting Officer and Management, Internal Auditors and AGSA for their tireless efforts, commitment and support throughout the year.

Signed on behalf of the Audit Committee by:

GOVERNMENT

## 1. INTRODUCTION

The information contained in this part of the annual report has been prescribed by the Minister for the Public Service and Administration for all Departments in the public service.

## 2. OVERVIEW OF HUMAN RESOURCES

OTP has continued to embrace the evolving technological imperatives that fundamentally require that there be change and adaptation to new ways of carrying out work. Given the 4th fourth Industrial Revolution's rapid pace of change and broad impact on legislators and regulators, National and Provincial Departments, including the OTP remained challenged to an unprecedented degree. The OTP had therefore continued to streamline its Workplace Skills Plan based on the latest technological developments and innovations, in an effort to remain relevant. Several meetings, workshops, and sessions, including management committee sessions, provincial human resource fora, employee health and wellness, occupational health and safety committee meetings, etc. were conducted virtually to keep up with the technological pace.

In addition, the OTP kept positioning itself accordingly and consistently worked towards emphasizing the importance of keeping up with the latest human resource trends, aimed at improving effectiveness and efficiency within its ranks. The Chief Directorate: Strategic Human Resource Services played a pivotal role in providing support to all the line Units with the purpose of facilitating the achievements of the OTP's outcomes and outputs as outlined in the APP.

The OTP has a legal obligation in accordance with section 8 of the OHSA, 1993 to, where reasonably practicable, provide and maintain a safe, healthy work environment that is without risk to employees. Thus, the Transversal Unit (Transversal Human Resource Management Services) was entrusted with the responsibility of monitoring the implementation of the Employee Health and Wellness Programmes, including Occupational Health and Safety Programmes, across the Mpumalanga Provincial Government. Furthermore, the OTP had an Internal EHW Unit within its ranks.

The OTP has convened four quarterly meetings of the Occupational Health and Safety Committee and discussions on matters of Safety, Health and Environmental were held. Only seven IOD cases were reported during the year under review. The OTP further processed payments of medical costs for treatment by doctors and travelling expenses of officials registered for IOD.

Furthermore, the OTP had, regularly and or as and when required co-ordinated several bereavement programmes to honour officials who have passed on, as well as to support officials affected by bereavements in their private lives.

### **Human resource priorities for the year under review and the impact of these**

The recruitment processes in the OTP were informed by legal prescripts such as the selection and recruitment policies, and the code of remuneration that must guide the process of identifying and acquiring relevant skills. In addition, the OTP was required to conduct competency assessments prior to filling posts of Managers and those within the Senior Management Services.

The OTP has advertised thirty-six (36) replacement posts, of which thirty- three (33) are graded at SL 2-12 and three (03) are SMS posts. Eleven (11) posts out of thirty-six (36) replacement posts were filled, of which three were filled through internal transfers and one SMS post was filled through re-instatement. The current occupancy rate, based on the PERSAL establishment stands at 81.4%, while the vacancy rate is 18.6%. Note must be taken that the vacancy rate is still high, based on the approved organogram throughout the year under review, i.e. 150 out of 384 (39.1%). Since the OTP has planned to fill several critical vacant funded posts, including the replacement posts in the following financial year, it is envisaged that the vacancy rate shall decrease sharply. When filling posts, the OTP has an obligation of ensuring that it does not exceed the 58% threshold concerning cost of employees versus goods and services.

It should be noted that during the year under review, 19 out of 20 Graduate-Interns were placed in various programmes on a 24 months' Internship Contract. 19 Student-Interns were received from the DoE's TVET Colleges for experiential learning on the Learnership Programme. The Learnership Programme was aimed at providing work environment exposure to the graduates and subsequently promote accelerated development and utilisation of available skills and qualified people for service delivery in the Public Service.

### **Workforce planning and key strategies to attract and recruit a skilled and capable workforce**

The OTP has an approved Human Resource Plan that had to be adjusted slightly to incorporate the provisions and requirements of the moratorium on the filling of posts. The HR Plan was reviewed and submitted to the Department of Public Service and Administration (DPSA) as per the applicable requirements. It outlines clearly the need and strategies to attract and recruit a skilled workforce. It also outlined the need to reduce the

period taken to fill vacant posts to at most six months and decrease the vacancy rate below the national norm of 10 percent. It further emphasized the need to meet all employment equity targets as reflected in the approved Employment Equity Plan of the OTP.

The OTP acknowledged that there was still a long way to go before all employment equity goals were realised, especially concerning the representation of women in the Senior Management Services level, which currently stands at 25.8%, i.e., 08 women out of 31 SMS members. However, the OTP will keep developing and implementing strategies aimed at achieving this crucial goal. To achieve ultimate equity in the OTP, additional measures such as policies, programmes and plans will be integrated and implemented in harmony. These policies, programmes, and plans will be developed in an interactive, participative, consultative and transparent manner. The Employment Equity Act, of 1998 and the OTP Employment Equity Policy placed an obligation upon the OTP to develop, implement, and monitor an employment equity plan. The OTP had, however, done well in terms of the representation of people with disabilities within its ranks, i.e. 09 out of 253 staff members (inclusive of 19 graduate interns), which is 3,5%. With regards to the representation of females in the various lower categories, the status is as follows: 42,5% women representation in the MMS levels, i.e. 23 females out of 54; 71,1% women representation in the Junior Management level levels, i.e. 32 females out of 45; and 73,5% women representation on post levels 2 to 8, i.e. 75 out 102; and Overall, the Office has 58,1% representation of females within its ranks, i.e. 147 out of 253 employees.

According to the Oversight Report, the OTP's occupancy rate stands at 81.4%, while the vacancy rate stands at 18.6 % on the PERSAL establishment. These figures are informed by the fact that most of those vacant unfunded posts were abolished, subject to them being resuscitated for filling after the recruitment and selection processes of the second round of advertisements had been concluded.

The vacant funded posts, in which appointed officials are acting, were kept on the PERSAL establishment in order to facilitate the payment of their acting allowances. It must be noted though that the vacancy rate based on the approved organogram has remained high throughout the Financial Year. The approved organogram has 384 posts, of which 234 (60.9%) are filled, which includes the Premier, and 150 (39.1%) are vacant and exclude 19 graduate interns.

### **Employee performance management**

The OTP has shown a slight increase in relation to the implementation of the Performance Management and Development System (PMDS) in terms of the approved Performance

Management and Development Policy (PMDP), for officials on salary levels 2-12, i.e. 182 out of 205 (88,7%) compliance in terms of signing of Performance Undertakings. The signing of Performance Agreements by SMS members on or before the deadline as per Chapter 4 of the SMS Handbook has recorded an 81,8% compliance rate (27 SMS members out of 33), which is an increase in comparison to the previous Financial Year. There has been an increase in the assessment of SMS Members in this regard. It must also be noted that the OTP has dealt with the outstanding assessments for these SMS Members affected.

### **Employee Wellness Programmes**

The OTP has a Transversal Unit (Transversal Human Resource Management Services), which is entrusted with the responsibility of monitoring the implementation of the Employee Health and Wellness Programmes across the Mpumalanga Provincial Government. Furthermore, the OTP has an Internal EHW Unit within the ranks. The OTP has continued to implement most of the activities, contained in the employee health and wellness operational plan. During the year under review, the OTP has successfully hosted the Stress Management Workshop and Physical Fitness Session. It also managed to coordinate and convene Occupational Health and Safety sessions on a quarterly basis. Furthermore, the OTP coordinated and implemented several bereavement programmes to honour the departed officials, as well as to support officials affected by bereavement in their private lives.

### **Achievements by the OTP, as well as future human resource plans/goals**

The following human resource achievements were recorded during the period under review:

- Availability of an approved comprehensive Human Resource Plan, which was submitted to the DPSA;
- Filling of eleven critical vacant funded posts, as per the EXCO approval;
- Finalizing of four selection processes for SMS Members, which are awaiting approval by EXCO.
- Availability of an approved comprehensive Human Resource Planning Implementation Report, which was submitted to DPSA;
- Availability of an approved Employment Equity Plan and Report, which were submitted to the DPSA and the Department of Employment and Labour;
- Representation of People with Disabilities, i.e. 3,5% (09 out 253) employees;
- Availability of approved human resource policies and frameworks, including Employee Health and Wellness policies;

- Availability of a fully functional Occupational Health and Safety Committee as well as Human Resource Forum; and
- Availability of an approved Occupational Health and Safety Policy.

### **Challenges**

The following human resource challenges were experienced during the period under review:

- Non-achievement of 50% target on women representation at SMS level, i.e. 25,8,% (08 out of 31;
- Low representation of youth in the OTP, i.e. 39 out of 253 officials, which constitutes 15,4% against the 30% target, excluding 19 interns;
- Delays in finalising recruitment and selection processes;
- Too many vacant positions;
- Prolonged stakeholder consultation in finalising and implementing the reviewed organisational structure; and
- Poor employer-employee relations.

### **Future Human Resource Plans**

- Development of a comprehensive Human Resource Plan;
- Development of a comprehensive Employment Equity Plan;
- Identification of critical vacant funded posts to be filled;
- Prioritisation of the filling of critical vacant funded SMS posts with females;
- Prioritisation of the filling of posts with Youth;
- Facilitation of the process of obtaining approval of the proposed organisational structure;
- Review of the organisational structure in alignment with the priorities of the seventh Administration;
- Monitoring of implementation of the Labour Summit resolutions;
- Review of internal human resource policies;
- Conducting of risk assessment, as per the Occupational Health and Safety requirements;
- Development and implementation the Workplace Skills Plan; and
- Implement Performance Management Development System, as per the approved PMDP.

### 3.11 HIV/AIDS & Health Promotion Programmes

*Table 3.11.1 Steps taken to reduce the risk of occupational exposure*

Units/categories of employees identified to be at high risk of contracting HIV & related diseases (if any)	Key steps taken to reduce the risk
None	None

*Table 3.11.2 Details of Health Promotion and HIV/AIDS Programmes (tick the applicable boxes and provide the required information)*

Question	Yes	No	Details, if yes							
1. Has the department designated a member of the SMS to implement the provisions contained in Part 3 of Chapter 4 of the Public Service Regulations, 2016? If so, provide her/his name and position.	X		Mr André Liebenberg  (A) Senior Manager: Transversal Human Resource Management Services							
2. Does the department have a dedicated unit or has it designated specific staff members to promote the health and well-being of your employees? If so, indicate the number of employees who are involved in this task and the annual budget that is available for this purpose.	X		<p>The Transversal Human Resource Management Services Unit is entrusted with the responsibility of monitoring the implementation of the Employee Health and Wellness Programme, including HCT campaigns across the Mpumalanga Provincial Government.</p> <p>The team has five staff members, who facilitate the implementation of the Employee Health and Wellness (EH&amp;W) Strategic Plan and Occupational Health and Safety Plan to ensure the employee wellness, safety in the workplace and co-ordination.</p> <p>The budget for the Internal Employee Health and Wellness Programme is allocated within the Internal HRM and Development Unit – The budget is therefore not specifically allocated for the Internal Employee Health and Wellness Division.</p>							
3. Has the department introduced an Employee Assistance or Health Promotion Programme for your employees? If so, indicate the key elements/services of this Programme.	X		Stress Management Workshop, Physical Fitness Session. The Key elements of the Programme are: Wellness management; Safety Health Environment Risk and Quality Management; and Health Productivity Management in compliance with the National Policy Framework on Employee Health and Wellness.							
4. Has the department			<table><tr><th>NAME</th><th>POSITION</th></tr><tr><td>1. Mr PJ Jiyane</td><td>Chairperson</td></tr><tr><td>2. Mr JP Dlamini</td><td>Senior Manager: OD&amp;JE</td></tr></table>		NAME	POSITION	1. Mr PJ Jiyane	Chairperson	2. Mr JP Dlamini	Senior Manager: OD&JE

established (a) committee(s) as contemplated in Part 3 of Chapter 4 of the Public Service Regulations, 2016? If so, please provide the names of the members of the committee and the stakeholder(s) that they represent.	X			<b>NAME</b>	<b>POSITION</b>
				3. Mr DP Nkambule	Manager: Office on the Status of Disabled Persons
				4. Ms M Mhlongo	Manager: Executive Council Secretariat
				5. Mr EJ Mkhonto	A) Manager: Security and Protocol Services
				6. Mr RA Bellim	Manager: Monitoring and Evaluation
				7. Ms YA Fakude	Manager: Risk Management
				8. Mr AB Mashele	Office Manager: Institutional Development
				9. Mr SA Shabangu	Assistant Manager: Budget
				10. Mr VJ Mbuyane	Labour Union representative (NEHAWU)
				11. Mr MM Myalezwa	Labour Union representative (PSA)
				12. Ms MN Radebe	OHS Practitioner (Co-ordinator)
5. Has the department reviewed its employment policies and practices to ensure that these do not unfairly discriminate against employees on the basis of their HIV status? If so, list the employment policies/practices so reviewed.	X			The OTP has continued to implement HIV/AIDS and TB Management Policy Framework, Wellness Management Policy and Bereavement policies. All the above policies have been approved by the Accounting Officer.	
6. Has the department introduced measures to protect HIV-positive employees or those perceived to be HIV-positive from discrimination? If so, list the key elements of these measures.	X			The OTP ensures that during its quarterly Employee Health and Wellness Programmes, it provides awareness on condom usage and condom distribution. In addition, there are policies in place that can be used as educational tools on important issues relating to HIV/AIDS.	
7. Does the department encourage its employees to undergo Voluntary	X			During the course of this Financial Year, no employee got tested through the OTP's initiative or programme. It must however be noted that according to the OTP's plans, during every Health and Wellness promotion event, employees are required to be provided with the opportunity to undergo	

Counselling and Testing? If so, list the results that you have achieved.			voluntarily counselling and testing including General and Physical Health assessment. To date 40 officials in the OTP, have undergone VCT.
8. Has the department developed measures/indicators to monitor & evaluate the impact of its health promotion programme? If so, list these measures/indicators.	X		There are several Policies in place to guide the implementation of EH&W and the conduct of employees Quarterly Sick leave utilization profile; Reduction in absenteeism; behaviour and lifestyle modification; the levels of compliance to treatment and healthy lifestyles; and the improved level of attendance to EH&W Programmes and HCT campaigns. The Annual Operational Plan that talks to the four (4) Pillars being the Implementation and Operation of the EH&W Management system and EH&W evaluation, whilst the corrective and preventative action makes provision for the effective monitoring and evaluation of the EH&W Programme.

A man wearing a wide-brimmed straw hat and a yellow and blue plaid short-sleeved shirt is speaking into a handheld microphone. He is standing in front of an audience seated in rows of maroon chairs. In the background, a woman in a red shirt is visible, looking towards the speaker. The setting appears to be an indoor event space with large windows.

## PART F FINANCIAL INFORMATION

## **Report of the auditor-general to the Mpumalanga Provincial Legislature on vote no.1: Office of the Premier**

### **Report on the audit of the financial statements**

#### **Opinion**

1. I have audited the financial statements of the Office of the Premier set out on pages 181 to 217, which comprise the appropriation statement, statement financial position as at 31 March 2024, statement of financial performance, statement of changes in net assets, and cash flow statement for the year then ended, as well as notes to the financial statements, including a summary of significant accounting policies.
2. In my opinion, the financial statements present fairly, in all material respects, the financial position of the Office of the Premier as at 31 March 2024, and its financial performance and cash flows for the year then ended in accordance with Modified Cash Standard (MCS) prescribed by the National Treasury and the requirements of the Public Finance Management Act 1 of 1999 (PFMA).

#### **Basis for opinion**

3. I conducted my audit in accordance with the International Standards of Auditing (ISAs). My responsibilities under those standards are further described in the responsibilities of the auditor-general for the audit of the financial statements section of my report.
4. I am independent of the department in accordance with the International Ethics Standards Board for Accountant's *International code of ethics for professional accountants (including International Independence Standards)* (IESBA code) as well as other ethical requirements that are relevant to my audit in South Africa. I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA code.
5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

#### **Emphasis of matters**

6. I draw attention to the matters below. My opinion is not modified in respect of these matters.

#### **Statement of corresponding figures**

7. As disclosed in note 28 to the financial statements, the corresponding figures for 31 March 2023 were restated as a result of errors in the financial statements of the department at, and for the year ended, 31 March 2024.

### **Irregular expenditure**

8. As disclosed in note 22 to the financial statements, irregular expenditure of R19,9m was incurred.

### **Other Matter**

9. I draw attention to the matter below. My opinion is not modified in respect of this matter.

### **Unaudited supplementary schedules**

10. The supplementary information set out on pages 218 and 222 does not form part of the financial statements and is presented as additional information. I have not audited these schedules and, accordingly, I do not express an opinion on them.

### **Responsibilities of the accounting officer for the financial statements**

11. The accounting officer is responsible for the preparation and fair presentation of the financial statements in accordance with MCS and the requirements of the PFMA, and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.
12. In preparing the financial statements, the accounting officer is responsible for assessing the department's ability to continue as a going concern; disclosing, as applicable, matters relating to going concern; and using the going concern basis of accounting unless the appropriate governance structure either intends to liquidate the department or to cease operations, or has no realistic alternative but to do so.

### **Responsibilities of the auditor-general for the audit of the financial statements**

13. My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
14. A further description of my responsibilities for the audit of the financial statements is included in the annexure to this auditor's report. This description, which is located at page 177 to 179 forms part of my auditor's report.

## Report on the audit of the annual performance report

15. In accordance with the Public Audit Act 25 of 2004 (PAA0 and the general notice issued in terms thereof, I must audit and report on the usefulness and reliability of the reported performance against predetermined objectives for selected programmes presented in the annual performance report. The accounting officer is responsible for the preparation of the annual performance report.
16. I selected the following programmes presented in the annual performance report for the year 31 March 2024 for auditing. I selected programmes that measure the department's performance on its primary mandated functions and that are of significant national, community or public interest.

Programme	Page Numbers	Purpose
<b>Institutional \ development</b>	54 to 65	To provide Institutional development services, advice, strategic support, coordination and development of policies to ensure operational efficiency, alignment and corporate compliance in order to improve the capacity of the Mpumalanga Provincial Government to deliver effective and efficient services.
<b>Policy and governance</b>	66 to 81	To provide effective macro policy advice, coordination and monitoring in the following key areas <ul style="list-style-type: none"> <li>• Provincial planning</li> <li>• Monitoring the implementation of provincial programmes</li> <li>• Mainstreaming of gender, youth, persons with disabilities and older persons' issues</li> <li>• Regional and International cooperation</li> <li>• Research and Information management</li> <li>• Advisory services to the premier, exco committees and MPAC</li> <li>• Coordinate key strategic interventions to improve departmental performance</li> </ul>

17. I evaluated the reported performance information for the selected programmes against the criteria developed from the performance management and reporting framework, as defined in the general notice. When an annual performance report is prepared using these criteria, it provides useful and reliable information and insights to users on the department's planning and delivery on its mandate and objectives.
18. I performed procedures to test whether:
- The indicators used for planning and reporting on performance can be linked directly to the department's mandate and the achievement of its planned objectives
  - All the indicators relevant for measuring the department's performance against its primary mandated and prioritized functions and planned objectives are included
  - The indicators are well defined to ensure that they are easy to understand and can be applied consistently, as well as verifiable so that I can confirm the methods and processes to be used for measuring achievements
  - The targets can be linked directly to the achievement of the indicators and are specific, time bound and measurable to ensure that it is easy to understand what should be delivered and by when, the required level of performance as well as how performance will be evaluated
  - The indicators and targets reported on in the annual performance report are the same as those committed to in the approved initial or revised planning documents
  - The reported performance information is presented in the annual performance report in the prescribed manner and is comparable and understandable

- There is adequate supporting evidence for the achievements reported and for the reasons provided for any overachievement or underachievement of target/measures taken to improve performance

19. I performed the procedures for the purpose of reporting material findings only; and not to express an assurance opinion or conclusion.

20. I did not identify and material findings on the reported performance information for the selected programmes.

#### Other matters

21. I draw attention to the matters below.

#### Achievement of planned targets

22. The annual performance report includes information on reported achievements against planned targets and provides explanations for overachievements or underachievements taken to improve performance. This information should be considered in the context of the material findings on the reported performance information.

23. The table that follows provides information on the achievement of planned targets and lists the key indicators that were not achieved as reported in the annual performance report. The reasons for any underachievement of targets taken to improve performance are included in the annual performance report on Pages 70 to 81

#### Policy and governance

<i>Targets achieved: 87,5%</i> <i>Budget spent: 89,5%</i>		
Key indicator not achieved	Planned target	Reported achievement
Percentage of approved youth enterprises supported through Premier's Youth Development Fund	100%	84,14%

#### Report on compliance with legislation

24. In accordance with the PAA and the general notice issued in terms thereof, I must audit and report on compliance with applicable legislation relating to financial matters, financial management and other related matters. The accounting officer is responsible for the department's compliance with legislation.

25. I performed procedures to test compliance with selected requirements in key legislation in accordance with the findings engagement methodology of the Auditor-General of South Africa (AGSA). This engagement is not an assurance engagement. Accordingly, I do not express an assurance of opinion or conclusion.

26. Through an established AGSA process, I selected requirements in key legislation for compliance testing that are relevant to the financial and performance management of the department, clear to allow consistent measurement and evaluation, while also sufficiently detailed and readily available to report in an understandable manner. The selected legislative requirements are included in the annexure to this auditor's report.

27. The material finding on compliance with the selected legislative requirements, presented per compliance theme, are as follows:

### Annual financial statements

28. The financial statements submitted for auditing were not fully prepared in accordance with the prescribed financial reporting framework, as required by section 40(1)(b) of the PFMA. Material misstatements of disclosure items identified by the auditors in the submitted financial statements were corrected, resulting in the financial statements receiving an unqualified opinion.

### Other information in the annual report

29. The accounting officer is responsible for the other information included in the annual report. The other information referred to does not include the financial statements, the auditor's report and those selected programmes presented in the annual performance report that have been specifically reported on in this auditor's report.
30. My opinion on the financial statements, the report on the audit of the annual performance report and the report on compliance with legislation, do not cover the other information included in the annual report and I do not express an audit opinion or any form of assurance conclusion on it.
31. My responsibility is to read this other information and, in doing so, consider whether it is materially inconsistent with the financial statements and the selected programmes presented in the annual performance report, or my knowledge obtained in the audit, or otherwise appears to be materially misstated.
32. If, based on the work I have performed, I conclude that there is a material misstatement in this other information, I am required to report that fact. I have nothing to report in this regard.

### Internal control deficiencies

33. I considered internal control relevant to my audit of the financial statements, annual performance report and compliance with applicable legislation; however, my objective was not to express any form of assurance on it.
34. The matters reported below are limited to the significant internal control deficiencies that resulted in the material findings on the annual performance report and the material findings on compliance with legislation included in this report.
35. The accounting officer submitted annual financial statements for audit purposes that were not adequately reviewed to ensure the accuracy thereof. This was evidenced by the material misstatements in the financial statements that were identified as a result of the audit process and this resulted in a material finding on compliance with legislation.

### Material irregularities

36. In accordance with the PAA and the Material Irregularity Regulations, I have a responsibility to report on material irregularities identified during the audit and on the status of material irregularities as previously reported in the auditor's report

## Status of previously reported material irregularities

Payment made for maintenance and support services that were not rendered on CiiMS system.

37. On 25 November 2020, a payment of R21 million was made for computer services related to the maintenance and support costs for the Cyber Incident Investigation Management System (CiiMS). However, there was no supporting evidence to show that the supplier provided the services as indicated in the invoice. The internal controls for payment approval and processing were not sufficient, resulting to the payment being made without evidence of the services rendered by the supplier which is non-compliance to Treasury Regulation 8.1.1. If proper processes were in place, the department would not have incurred a financial loss since the expenditure was made in vain.
38. The non-compliance is likely to result in a material financial loss for the Office of the Premier if the money is not recovered from the supplier as the payments were made for services that were not rendered.
39. The accounting officer was notified of this material irregularity on 5 July 2023 and was invited to make a written submission on the actions taken and that will be taken to address the matter. The accounting officer responded with the actions taken to resolve the material irregularity. The following action have been taken to resolve the material irregularity:
- In February 2023, the accounting officer appointed a consultant to investigate the irregular payment of R21million made by the Office of The Premier to a supplier during the 2020-21 financial year. The investigation was completed, and recommendations were made to the accounting officer, including a suggestion to review the procurement process for contract number PRE/040/14/MP and all related payments. Consequently, the accounting officer initiated a process to seek a court review of the contract. As of the date of this audit report, the review process was ongoing.
  - The accounting officer suspended two officials that were responsible for approval of the payment. One official resigned from government employment before the disciplinary proceedings began.
  - Furthermore, the accounting officer appointed a presiding officer to conduct disciplinary proceedings against the official responsible for approving the payment. These proceedings were concluded on 22 April 2024, resulting in the issuance of a warning to the official.
  - All payments to the service provider have been suspended until the outcome of the court review.
  - I will follow up on this legal proceeding during my next audit.

Mbombela

31 July 2024

AUDITOR - GENERAL  
SOUTH AFRICA

*Auditing to build public confidence*

## Annexure to the auditor's report

The annexure includes the following:

- The auditor's-general's responsibility for the audit
- The selected legislative requirements for compliance testing

### Auditor's-general's responsibility for the audit

#### Professional judgement and professional scepticism

As part of an audit in accordance with the ISAs, I exercise professional judgement and maintain professional scepticism throughout my audit of the financial statements and the procedures performed on reported performance information for selected programmes and on the department's compliance with selected requirements in key legislation.

#### Financial statements

In addition to my responsibility for the audit of the financial statements as described in this auditor's report, I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risks of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the department's internal control.
- Conclude on the appropriateness of the use of the going concern basis of accounting in the preparation of the financial statements. I also conclude, based on the audit evidence obtained, whether a material uncertainty exists relating to events or conditions that may cast significant doubt on the ability of the department to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements about the material uncertainty or, if such disclosures are inadequate, to modify my opinion on the financial statements. My conclusions are based on the information available to me at the date of this auditor's report. However, future events or conditions may cause a department to cease operating as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and determine whether the financial statement represents the underlying transactions and events in a manner that achieves fair presentation.

#### Communication with those charged with governance

I communicate with the accounting officer regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide the accounting officer with a statement that I have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on my independence and, where applicable, actions taken to eliminate threats or safeguards applied.

## Compliance with legislation - selected legislative requirements

The selected legislative requirements are as follows:

Legislation	Sections or regulations
Public Finance Management Act 1 of 1999	Section 38(1)(a)(iv); 38(1)(c);38(1)(c)(ii); 38(1)(d); 38(1)(h)(iii); Section 39(1)(a); 39(2)(a); Section 40(1)(a); 40(1)(b); 40(1)(c)(i) Section 43(4); 44; 44 (1) and (2) ; 45(b); Section 50(3); 50(3)(a)

## Notes to the Appropriation Statement

### 1. Detail of transfers and subsidies as per Appropriation Act (after Virement):

Detail of these transactions can be viewed in the note on Transfers and subsidies, disclosure notes and Annexure 1 (A-H) to the annual financial statements.

### 2. Detail of specifically and exclusively appropriated amounts voted (after Virement):

Detail of these transactions can be viewed in note 1 Annual appropriation to the annual financial statements.

### 3. Detail on payments for financial assets

Details of these transactions per programme can be viewed in the note on Payments for financial assets to the annual financial statements.

### 4. Explanations of material variances from Amounts Voted (after Virement):

#### 4.1 Per programme

Figures in Rand thousand	Final Appropriation	Actual Expenditure	Variance	Variance as a % of Final Appropriation
Programme 1 Administration	175,396	175,321	75	- %
Programme 2 Institutional Development	98,588	98,569	19	- %
Programme 3 Policy and Governance	224,148	200,645	23,503	10.5 %

Programme 1-The is no material variance under the programme.

Programme 2- The is no material variance under the programme.

Programme 3-The underspending under programme 3 is due to budget provided for the procurement of the Service Delivery Monitoring Tool which was not procured.

#### 4.2 Per economic classification

Figures in Rand thousand	Final Appropriation	Actual Expenditure	Variance	Variance as a % of Final Appropriation
<b>Current payments</b>				
Compensation of employees	183,252	183,224	28	- %
Goods and services	158,601	155,644	2,957	2 %
<b>Transfers and subsidies</b>				
Provinces and municipalities	22	21	1	5 %
Public corporations and private enterprises	112,000	110,461	1,539	1 %
Households	21,255	21,244	11	- %
<b>Payments for capital assets</b>				
Machinery and equipment	3,984	3,923	61	2 %
Intangible assets	19,000	-	19,000	100 %
<b>Payments for financial assets</b>	18	18	-	- %

The underspending under payment of capital assets is due to budget provided for the procurement of the Service Delivery Monitoring Tool which was not procured.

## Accounting Policies

---

### Summary of significant accounting policies

The annual financial statements have been prepared in accordance with the following policies, which have been applied consistently in all material aspects, unless otherwise indicated. Management has concluded that the annual financial statements present fairly the department's primary and secondary information.

The historical cost convention has been used, except where otherwise indicated. Management has used assessments and estimates in preparing the annual financial statements. These are based on the best information available at the time of preparation.

Where appropriate and meaningful, additional information has been disclosed to enhance the usefulness of the annual financial statements and to comply with the statutory requirements of the , and the Treasury Regulations issued in terms of the PFMA and the annual Division of Revenue Act.

#### 1. Basis of preparation

The annual financial statements have been prepared in accordance with the Modified Cash Standards.

#### 2. Going concern

The annual financial statements have been prepared on a going concern basis.

#### 3. Presentation currency

Amounts have been presented in the currency of the South African Rand (R) which is also the functional currency of the department.

#### 4. Rounding

Unless otherwise stated financial figures have been rounded to the nearest one thousand Rand (R '000 '000).

#### 5. Foreign currency translation

Cash flows arising from foreign currency transactions are translated into South African Rand using the spot exchange rates prevailing at the date of payment / receipt.

#### 6. Comparative information

##### 6.1 Prior period comparative information

Prior period comparative information has been presented in the current year's annual financial statements. Where necessary figures included in the prior period annual financial statements have been reclassified to ensure that the format in which the information is presented is consistent with the format of the current year's annual financial statements.

##### 6.2 Current year comparison with budget

A comparison between the approved, final budget and actual amounts for each programme and economic classification is included in the appropriation statement.

## Accounting Policies

---

### 7. Revenue

#### 7.1 Appropriated funds

Appropriated funds comprises of departmental allocations as well as direct charges against the revenue fund (i.e. statutory appropriation).

Appropriated funds are recognised in the statement of financial performance on the date the appropriation becomes effective. Adjustments made in terms of the adjustments budget process are recognised in the statement of financial performance on the date the adjustments become effective.

Appropriated funds are measured at the amounts receivable.

The net amount of any appropriated funds due to / from the relevant revenue fund at the reporting date is recognised as a payable / receivable in the statement of financial position.

#### 7.2 Departmental revenue

Departmental revenue is recognised in the statement of financial performance when received and is subsequently paid into the relevant revenue fund, unless stated otherwise.

Departmental revenue is measured at the cash amount received.

In-kind donations received are recorded in the notes to the annual financial statements on the date of receipt and are measured at fair value.

Any amount owing to the relevant revenue fund at the reporting date is recognised as a payable in the statement of financial position.

#### 7.3 Accrued departmental revenue

Accruals in respect of departmental revenue (excluding tax revenue) are recorded in the notes to the annual financial statements when:

- it is probable that the economic benefits or service potential associated with the transaction will flow to the department; and
- the amount of revenue can be measured reliably.

The accrued revenue is measured at the fair value of the consideration receivable.

Accrued tax revenue (and related interest and / penalties) is measured at amounts receivable from collecting agents.

Write-offs are made according to the department's debt write-off policy.

### 8. Expenditure

#### 8.1 Compensation of employees

##### 8.1.1 Salaries and wages

Salaries and wages are recognised in the statement of financial performance on the date of payment.

##### 8.1.2 Social contributions

Social contributions made by the department in respect of current employees are recognised in the statement of financial performance on the date of payment.

Social contributions made by the department in respect of ex-employees are classified as transfers to households in the statement of financial performance on the date of payment.

## Accounting Policies

---

### 8. Expenditure (continued)

#### 8.2 Other expenditure

Other expenditure (such as goods and services, transfers and subsidies and payments for capital assets) is recognised in the statement of financial performance on the date of payment. The expense is classified as a capital expense if the total consideration paid is more than the capitalisation threshold.

Donations made in kind are recorded in the notes to the annual financial statements on the date of transfer and are measured at cost or fair value.

#### 8.3 Accruals and payables not recognised

Accruals and payables not recognised are recorded in the notes to the annual financial statements at cost or fair value at the reporting date.

#### 8.4 Leases

##### 8.4.1 Operating leases

Operating lease payments made during the reporting period are recognised as current expenditure in the statement of financial performance on the date of payment. Operating lease payments received are recognised as departmental revenue.

The operating lease commitments are recorded in the notes to the annual financial statements.

##### 8.4.2 Finance leases

Finance lease payments made during the reporting period are recognised as capital expenditure in the statement of financial performance on the date of payment. Finance lease payments received are recognised as departmental revenue.

The finance lease commitments are recorded in the notes to the annual financial statements and are not apportioned between the capital and interest portions.

Finance lease assets acquired at the end of the lease term are recorded and measured at the lower of:

- cost, being the fair value of the asset; or
- the sum of the minimum lease payments made, including any payments made to acquire ownership at the end of the lease term, excluding interest.

### 9. Aid assistance

#### 9.1 Aid assistance received

Aid assistance received in cash is recognised in the statement of financial performance when received. In-kind aid assistance is recorded in the notes to the annual financial statements on the date of receipt and is measured at fair value.

CARA Funds are recognised when receivable and measured at the amounts receivable.

Aid assistance not spent for the intended purpose and any unutilised funds from aid assistance that are required to be refunded to the donor are recognised as a payable in the statement of financial position.

#### 9.2 Aid assistance paid

Aid assistance paid is recognised in the statement of financial performance on the date of payment. Aid assistance payments made prior to the receipt of funds are recognised as a receivable in the statement of financial position.

### 10. Cash and cash equivalents

Cash and cash equivalents are stated at cost in the statement of financial position.

Bank overdrafts are shown separately on the face of the statement of financial position as a current liability.

## Accounting Policies

---

### 10. Cash and cash equivalents (continued)

For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand, deposits held, other short-term highly liquid investments and bank overdrafts.

### 11. Prepayments and advances

Prepayments and advances are recognised in the statement of financial position when the department receives or disburses the cash.

Prepayments and advances are initially and subsequently measured at cost.

### 12. Loans and receivables

Loans and receivables are recognised in the statement of financial position at cost plus accrued interest, where interest is charged, less amounts already settled or written-off. Write-offs are made according to the department's write-off policy.

### 13. Investments

Investments are recognised in the statement of financial position at cost.

### 14. Financial assets

#### 14.1 Financial assets (not covered elsewhere)

A financial asset is recognised initially at its cost, plus transaction costs that are directly attributable to the acquisition or issue of the financial asset.

At the reporting date, a department shall measure its financial assets at cost, less amounts already settled or written-off, except for recognised loans and receivables, which are measured at cost plus accrued interest, where interest is charged, less amounts already settled or written-off.

#### 14.2 Impairment of financial assets

Where there is an indication of impairment of a financial asset, an estimation of the reduction in the recorded carrying value, to reflect the best estimate of the amount of the future economic benefits expected to be received from that asset, is recorded in the notes to the annual financial statements.

### 15. Payables

Payables recognised in the statement of financial position are recognised at cost.

### 16. Capital assets

#### 16.1 Immovable capital assets

Immovable assets reflected in the asset register of the department are recorded in the notes to the annual financial statements at cost or fair value where the cost cannot be determined reliably. Immovable assets acquired in a non-exchange transaction are recorded at fair value at the date of acquisition. Immovable assets are subsequently carried in the asset register at cost and are not currently subject to depreciation or impairment.

Subsequent expenditure of a capital nature forms part of the cost of the existing asset when ready for use.

Additional information on immovable assets not reflected in the assets register is provided in the notes to annual financial statements.

## Accounting Policies

---

### 17. Provisions and contingents (continued)

#### 17.3 Contingent assets

Contingent assets are recorded in the notes to the annual financial statements when a possible asset arises from past events, and whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not within the control of the department.

#### 17.4 Capital commitments

Commitments (other than for transfers and subsidies) are recorded at cost in the notes to the annual financial statements when there is a contractual arrangement or an approval by management in a manner that raises a valid expectation that the department will discharge its responsibilities thereby incurring future expenditure that will result in the outflow of cash.

### 18. Unauthorised expenditure

Unauthorised expenditure is measured at the amount of the confirmed unauthorised expenditure.

Unauthorised expenditure is recognised in the statement of changes in net assets until such time as the expenditure is either:

- approved by Parliament or the Provincial Legislature with funding and the related funds are received; or
- approved by Parliament or the Provincial Legislature without funding and is written off against the appropriation in the statement of financial performance; or
- transferred to receivables for recovery.

Unauthorised expenditure recorded in the notes to the annual financial statements comprise of:

- unauthorised expenditure that was under assessment in the previous financial year;
- unauthorised expenditure relating to previous financial year and identified in the current year; and
- unauthorised expenditure incurred in the current year.

### 19. Fruitless and wasteful expenditure

Fruitless and wasteful expenditure receivables are recognised in the statement of financial position when recoverable. The receivable is measured at the amount that is expected to be recovered and is de-recognised when settled or subsequently written-off as irrecoverable.

Fruitless and wasteful expenditure is recorded in the notes to the annual financial statements when and at amounts confirmed, and comprises of:

- fruitless and wasteful expenditure that was under assessment in the previous financial year;
- fruitless and wasteful expenditure relating to previous financial year and identified in the current year; and
- fruitless and wasteful expenditure incurred in the current year.

### 20. Irregular expenditure

Losses emanating from irregular expenditure are recognised as a receivable in the statement of financial position when recoverable. The receivable is measured at the amount that is expected to be recovered and is de-recognised when settled or subsequently written-off as irrecoverable.

Irregular expenditure is recorded in the notes to the annual financial statements when and at amounts confirmed and comprises of:

- irregular expenditure that was under assessment in the previous financial year;
- irregular expenditure relating to previous financial year and identified in the current year; and
- irregular expenditure incurred in the current year.

### 21. Changes in accounting estimates and errors

Changes in accounting estimates are applied prospectively in accordance with MCS requirements.

## Accounting Policies

---

### 21. Changes in accounting estimates and errors (continued)

Correction of errors is applied retrospectively in the period in which the error has occurred in accordance with MCS requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the error. In such cases the department shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable.

### 22. Events after the reporting date

Events after the reporting date that are classified as adjusting events have been accounted for in the annual financial statements. The events after the reporting date that are classified as non-adjusting events after the reporting date have been disclosed in the notes to the annual financial statements.

### 23. Principal-Agent arrangements

The department is party to a principal-agent arrangement for [include details here]. In terms of the arrangement the department is the and is responsible for [include details here]. All related revenues, expenditures, assets and liabilities have been recognised or recorded in terms of the relevant policies listed herein. Additional disclosures have been provided in the notes to the annual financial statements where appropriate.

### 24. Departures from the MCS requirements

### 25. Capitalisation reserve

The capitalisation reserve comprises of financial assets and/or liabilities originating in a prior reporting period, but which are recognised in the statement of financial position for the first time in the current reporting period. Amounts are recognised in the capitalisation reserves when identified in the current period and are transferred to the National/Provincial Revenue Fund when the underlying asset is disposed and the related funds are received.

### 26. Recoverable revenue

Amounts are recognised as recoverable revenue when a payment made in a previous financial year becomes recoverable from a debtor in the current financial year. Amounts are either transferred to the National/Provincial Revenue Fund when recovered or are transferred to the statement of financial performance when written-off.

### 27. Related party transactions

Related party transactions within the Mpumalanga Government Administration are recorded in the notes to the annual financial statements when the transaction is not at arm's length.

The number of individuals and the full compensation of key management personnel is recorded in the notes to the annual financial statements.

### 28. Inventories

At the date of acquisition, inventories are recognised at cost in the statement of financial performance.

Where inventories are acquired as part of a non-exchange transaction, the inventories are measured at fair value as at the date of acquisition.

Inventories are subsequently measured at the lower of cost and net realisable value or where intended for distribution (or consumed in the production of goods for distribution) at no or a nominal charge, the lower of cost and current replacement value.

The cost of inventories is assigned by using the weighted average cost basis.

### 29. Public-Private Partnerships

Public Private Partnerships are accounted for based on the nature and or the substance of the partnership. The transaction is accounted for in accordance with the relevant accounting policies.

## Accounting Policies

---

### 29. Public-Private Partnerships (continued)

A summary of the significant terms of the PPP agreement, the parties to the agreement, and the date of commencement thereof together with the description and nature of the concession fees received, the unitary fees paid, rights and obligations of the department are recorded in the notes to the annual financial statements.

### 30. Employee benefits

The value of each major class of employee benefit obligation (accruals, payables not recognised and provisions) is recorded in the employee benefits note.

Accruals and payables not recognised for employee benefits are measured at cost or fair value at the reporting date.

The provision for employee benefits is measured as the best estimate of the funds required to settle the present obligation at the reporting date.

### 31. Transfers of functions

Transfers of functions are accounted for by the acquirer by recognising or recording assets acquired and liabilities assumed at their carrying amounts at the date of transfer.

### 32. Mergers

Mergers are accounted for by the combined department by recognising or recording assets acquired and liabilities assumed at their carrying amounts at the date of the merger.

## Notes to the Annual Financial Statements
