The NDA continues to play a critical role in contributing towards the eradication of poverty. This is achieved through provision of grants to civil society organisations that carry out development projects of poor communities. The agency also capacitates civil society organisations to enable them to run sustainable programmes.

An appeal is made to the private sector and other organisations to partner the NDA in fighting poverty.

Editor's Note

Mr. Ronnie Masilela

Welcome back to the third quarter edition of Ta Nhluvuko!

Let me use this platform to congratulate you for having been allowed to cross over to 2013. It is only by grace that we can still write and read. May 2013 be a year of your new beginnings, achieve more and be blessed.

Special thanks goes to all those who have been writing to us in 2012. Your letters guided us in putting together the various publications that we have published.

In this edition, we cover mainly activities that took place in November and December 2012, intentionally excluding October which is Social Development Month. We published a special edition early November 2012 which covered the Social Development Month extensively. I trust that you have seen that copy.

We are approaching the end of the 2012/ 2013 financial year, which ends on 31 March 2013, with excitement that a lot of early childhood development centres were registered, youth centres and other Not-for-profit organizations were capacitated on financial management, corporate governance and general management issues.

People in and around Kamaqhekeza in Nkomazi will now access Social Development services closer to their households following the official opening of the Kamaqhekeza Social Development Office in November 2012.

An initiative by Mpumalanga News to go an extra mile for a girl child is one of the greatest initiatives by organizations outside Government which practically showed the partnership that our Province has been calling for and continues to call for, please see page 24 for details.

Your voice always counts.

Happy reading!

**MEC FOR HEALTH AND
SOCIAL DEVELOPMENT
Dr Clifford Mkasi**

I trust that this publication in the New Year finds you well and healthy.

The words, quantity and quality have been used interchangeably in most cases. As a caring Department, we always strive for perfection in the form of quality work to you. All the 2012 interventions and visits to households and Centres were aimed at improving the standard of living for people in a lasting manner.

Moving into 2013, we are convinced and determined to structure our programmes to take a developmental approach rather than a welfare one on which people are dependent on the state for food, shelter and other much needed and basic needs. Our message in 2013 and beyond is that all people can be self sustainable and encourage people to use the little they get to establish businesses and explore other avenues to build a long lasting source of income.

Government departments and its agencies are available to assist in this regard. NPOs are encouraged not to look back but continue to render services to the sick, orphaned and many out there. The Department will continue to subsidise and strengthen NPOs.

As we focus on developing ourselves, let us allow the spirit of caring for one another to abide in us and characterize our day-to-day operations.

Till next time.

MPUMALANGA WORLD AIDS DAY OBSERVATION

The Mpumalanga Provincial Government joined the national observation of the World Aids Day which is observed annually on 1 December. This happened in the form of an event held at KaMhluswa Stadium in the Nkomazi Local Municipality on Saturday, 08 December 2012.

The aim of the event was to remember those who have passed on as a result of the disease, discourage those who have not started engaging ➤

in sexual activities, a message to those who are already living with the virus and looking into the future.

Government departments, Faith Based Organisations, the Nkomazi Local Municipality were exhibiting and rendering services. There were a number of testing stations.

The MEC for Health and Social development, Dr. Clifford Mkasi and MEC for Human Settlements, Mr. Siphosizwe Masango represented the executive of the Province. They were accompanied by the Executive mayor of Nkomazi Local Municipality; Cllr. Thuli Khoza and other members of the mayoral committee.

The theme for this year's event was **"A red tale safe for zero new HIV and TB infections"**. This is in line with the promotion of 2013 Orange AFCON tournament starting on 19 January running till 10 February 2013 to be staged in South Africa, and Mbombela in Mpumalanga is one of the hosts.

SOCIAL DEVELOPMENT

October has been declared Social Development Month and is observed as such every year to highlight government programmes aimed around the provision of comprehensive, integrated and sustainable livelihoods to combat poverty and other forms of vulnerabilities.

During this month, the Department gets an opportunity to assess itself, improve in areas that require improvement, conduct dialogues with communities, visit households and Centres across the Province.

Social Development offices are also opened during this month. Programmes and services available in the Department are extensively marketed and publicised to the general public using various marketing channels.

In 2012, the Department strengthened NPOs and families, conducted a number of workshops and awareness campaigns targeting

children, young people, women, persons with disabilities, the elderly and family members in general.

A special edition which covers some of the activities and having detailed information about the month was published in the first week of November 2012.

A large collage of approximately 18 photographs showcasing various community and social development initiatives. The photos include: a group of people under umbrellas; a group of women in pink shirts posing; a man speaking at a podium with food bags; people working at tables indoors; a group sitting outdoors under orange tents labeled 'DEPARTMENT OF SOCIAL DEVELOPMENT'; a group of men in suits standing together; a man holding a baby; a building with food supplies outside; a group of women in traditional headwraps; two men opening a door; the exterior of a 'DEPARTMENT OF SOCIAL DEVELOPMENT - MPUMALANGA PROVINCE CAROLINA OFFICE'; a group of people receiving aid; a woman painting a portrait of a man; a group of dancers in traditional attire; a building with food supplies; three young girls in front of a 'Department Social Development' sign; and people working at computers. A green banner at the top left says 'MONTH' and another at the bottom right says 'DSD MONTH GALLERY'. A small date stamp '13 | 2012 OCT/NOV/DEC' is visible in the bottom right corner.

MEC's visit to Tentele Centre

As part of celebrating the disability month which is November, the MEC for Health and Social Development, Dr Clifford Mkasi visited Tentele Centre for the Disabled in Daantjie (Pienaar) under the Mbombela Local Municipality on Thursday, 29 November 2012.

The aim of the visit was to assess the living conditions, how they plan to sustain themselves going forward, how they use the Government subsidy and general management issues at the Centre, amongst others.

Upon arriving, the MEC together with the HOD, Ms Ningi Mlangeni and other senior managers in the Department identified a few problems which were attended to, immediately. These include potholes in some offices, toilets not functioning, need for a computer, fridge and other items. Flooring and plumbing work was then commissioned to commence immediately.

It was good to know that the 108 member centre does and sell fencing, curtains, mats, etc. They already have secured some sponsorship from organisations such as Buscor, Standard Bank, Cash Build and others.

It is worth-noting that they still need individual persons, companies, Government units and other NGOs to support them by buying their products.

Since its inception in 1994, the centre has grown from strength to strength and now has a wing for children as a stimulation centre.

2012

Social Development

The National and Provincial Department of Social Development observed the World Aids day on 10 December 2012 in Mayfern under the Mbombela Local Municipality. The focus for this year's World Aids Day was on the farming community targeting farm workers and immigrants.

The activities of the day were carried out under the main theme which is **"A re dlale - Safe for Zero new HIV and TB infections"**. In line with this theme soccer teams from Mayfern, Ngodwana, Phumulani (Msholoz) and Mataffin played against each other in

a top four set up. The Mayfern team was the overall winner of the day on Sunday, 09 December 2012.

Farm workers from all the above farms, stakeholders such as AgriAids, Lovelife, Departments of Health and Agriculture gathered in the Mayfern Hall for a dialogue and testing the knowledge and strategies that must be employed in farms to deal with new infections, and control measures for those who are already infected.

16 Days of Activism against Women and Children Abuse

The Mhala Victim Empowerment Programme with the Department of Social Development joined in the activities of the Province to observe the 16 Days of Activism against Women and Children Abuse at Siboyiye Combined School in Tsuvulani Village, Bushbuckridge on Thursday, 29 November 2012. Learners from nearby school participated in poems and drama which were in line with the day's work such as **"Tears of a mother"** in sepedi is **"Megokgo ya mme motswadi"** and another one rendered by Rhulani Khoza titled 'Justice', which reads thus;

JUSTICE

*Where is Justice?
Is there life after mental and physical abuse?*

Why does God allow this to happen to women and children?

Bitterness will always be in us, women and children.

Fear in our lives.

Happiness, hope and love destroyed.

Can anyone seriously answer this question?

Why, why must women and children suffer the abuse?

*No child or woman should face abuse.
Memories of the horror will never be forgotten.
May the men who abuse women and children fry in hell.*

All stakeholders committed themselves to a collective working relationship that will ensure the safety of children from any form of abuse.
